

Quick Reference Guide

Live well Premium and Live well HDHP plans for out-of-state members

Thank you for being a member! Our priority is to provide you with an exceptional healthcare coverage experience. This Quick Reference Guide is designed to help you get the most out of your plan.

Finding a provider

Your plan offers access to thousands of in-network providers through the UnitedHealthcare national network.

To search for a PCP or other participating doctors or facilities within your network, visit **BSWHealthPlan.com/BSWH** and select your plan.

Need a behavioral health provider? Lyra Health is an extension of the BSW behavioral health network available in the **MyBSWHealth app**. Get started with Lyra today by scanning the QR code.

Understanding your ID card

Remember to carry your member ID card with you at all times. Present it when you receive care so your provider understands your coverage.

You may also view your ID card online through **MyBSWHealth.com** or in the **MyBSWHealth app**.

Teladoc® Health virtual care

Urgent care and behavioral health services are available anywhere in the US through Teladoc. Talk to a licensed provider by phone or video for common conditions like sinus problems, allergies, flu symptoms and much more, 24/7/365. Therapists and psychiatrists are available seven days a week from 7:00 AM to 9:00 PM CST for members ages 13-plus.

To register, call 1.800.TELADOC (1.800.835.2362). Be sure to have your member ID card handy. After registration, you can access care by phone (1.800.835.2362), online (**TeladocHealth.com**) or in the Teladoc app.

Case management

Our comprehensive Case Management Programs provide you with specialized and dedicated support to meet your individualized needs in areas such as medical, behavioral health, and maternal/newborn (including behavioral health). Case management is one of the many benefits available to you at no cost as a health plan member.

Case management is voluntary, and you may choose to participate or opt out at any time. Our nurses, social workers, and support staff are here to help you:

- Get care, services, equipment and medications
- Understand and manage your health conditions
- Understand and make the most of your benefits
- Get help with authorizations and referrals
- Find programs and community resources for things your insurance does not cover

Self-refer for case management through Member Services or email the Case Management Department directly at **HPEmployeePlanCaseManagement@BSWHealth.org**. Include your name, member ID number, phone number and the specific type of support you need.

Understanding the prior authorization process

The prior authorization process is a requirement for certain medical services or procedures, or the prescribing of specific medications.

- When required, your provider will submit a formal request to the health plan or pharmacy administrator. Once reviewed they will make a determination as to whether it meets the guidelines for coverage. Providers should provide relevant patient information, medical necessity documentation, and the specific services being requested with the request.
- This review process can take up to 15 days for medical and 72 hours for pharmacy requests. (Urgent requests: 72 hours for medical, 24 hours for pharmacy.)
 - If approved, the provider can proceed with the treatment.
 - If denied, the patient or provider may appeal the decision.
- The goal is to ensure that the proposed treatment and medications are medically necessary and in line with our policies.
- Be sure to confirm approval is on file before proceeding with your procedure or medication fill. If approval is not on file, your expenses will not be covered and additional cost will not count toward your deductible or out-of-pocket maximum.
