Understanding Your Dental Benefits Plans

The Preferred Dentist Program is designed to provide the dental coverage you need with the features you want. Like the freedom to visit the dentist of your choice — in or out of the network.

If you receive services from an in-network dentist, you will be responsible for any applicable deductibles, cost sharing, negotiated fee for covered service after benefit maximums are met, and charges for non-covered services. If you receive services from an out-of-network dentist, you will be responsible for any applicable deductibles, cost sharing, charges in excess of the benefit maximum, charges in excess of the R&C Fee, and charges for non-covered services.

Plan benefits for in-network covered services are based on a percentage of the Negotiated Fee — the fee that participating dentists have agreed to accept as payment in full for covered services.^{1,2}

Plan benefits for out-of-network services are based on a percentage of the Reasonable and Customary (R&C) Fee. If you choose a dentist who does not participate in the network, your out-of-pocket expenses may be greater than if you had visited an in-network dentist.^{1,4}

(continued)

1. "In-Network Benefits" refers to benefits provided under this plan for covered dental services that are provided by a participating dentist. "Out-of-Network Benefits" refers to benefits provided under this plan for covered dental services that are not provided by a participating dentist.
2. Negotiated fees refer to the fees that participating dentists have agreed to accept as payment in full for covered services, subject to any copayments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. Negotiated fees do not apply to non-covered services in states that prohibit limitations for services not covered under a plan. Participating providers in these states may charge their non-negotiated fees for non-covered services.
3. Applies to Type B and C services only.
4. R&C Fee refers to the Reasonable and Customary charge, which is based on the lowest of (1) the dentist's actual charge, (2) the dentist's usual charge for the same or similar services, or (3) the charge of most dentists in the same geographic area for the same or similar services as determined by MetLife.

An Example of Savings

An Example of Savings* When You Visit a MetLife PDP Dentist

Take a look at an example that shows how receiving services from a MetLife PDP dentist can save you money:

Your Dentist says you need a Crown, Type B

Service** PDP Fee: \$375.00 R&C Fee: \$500.00

Dentist's Usual Fee: \$550.00

(In-Network) When you receive care from a MetLife PDP dentist...		(Out-of-Network) When you receive care from a Non-Participating dentist...	
The PDP Fee is:	\$375.00	Dentist's Usual Fee is:	\$550.00
Your Plan Pays: (50% x \$375.00 PDP Fee)	- \$187.50	Your Plan Pays: (50% x \$500.00 R&C Fee)	- \$250.00
Your Out-of-Pocket Cost:	\$187.50	Your Out-of-Pocket Cost:	\$300.00

In this example, **YOU SAVE \$112.50 (\$300.00 minus \$187.50) ... by using a MetLife PDP dentist!** Please note, this is an example only. Actual savings may differ.

* Savings from enrolling in a MetLife dental plan featuring the PDP Program will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered.

** Please note: this example assumes that your annual deductible has been met and your annual maximum benefit has not been reached.

* Alternate Benefits: Where two or more professionally acceptable dental treatments for a dental condition exist, reimbursement is based on the least costly treatment alternative. If you and your dentist have agreed on a treatment that is more costly than the treatment upon which the plan benefit is based, you will be responsible for any additional payment responsibility. To avoid any misunderstandings, we suggest you discuss treatment options with your dentist before services are rendered, and obtain a pretreatment estimate of benefits prior to receiving certain high cost services such as crowns, bridges or dentures. You and your dentist will each receive an Explanation of Benefits (EOB) outlining the services provided, your plan's reimbursement for those services, and your out-of-pocket expense. Actual payments may vary from the pretreatment estimate depending upon annual maximums, plan frequency limits, deductibles and other limits applicable at time of payment.

The service categories and plan limitations shown above represent an overview of your benefits plan. This document presents many services within each category, but is not a complete description of the plan. Please see your insurance certificate for complete details. In the event of a conflict with this summary, the terms of your insurance certificate will govern.

Common Questions...Important Answers

Who is a participating dentist?

A participating, or network, dentist is a general dentist or specialist who has agreed to accept negotiated fees as payment in full for services provided to plan members. Negotiated fees typically range from 30-45% below the average fees charged in a dentist's community for the same or substantially similar services.*

* Based on internal analysis by MetLife. Savings from enrolling in the MetLife PDP Program will depend on various factors, including the cost of the plan, how often members visit the dentist and the cost of services rendered.

How do I find a participating dentist?

There are thousands of general dentists and specialists to choose from nationwide — so you are sure to find one that meets your needs. You can receive a list of these participating dentists online at www.metlife.com/dental or call 1-800-275-4638 to have a list faxed or mailed to you.

What services are covered by my plan?

Please see your Certificate of Insurance for a list of covered services.

May I choose a non-participating dentist?

Yes. You are always free to select the dentist of your choice. However, if you choose a non-participating (out-of-network) dentist, your out-of-pocket costs may be greater than your out-of-pocket costs when visiting an in-network dentist.

Can my dentist apply for participation in the network?

Yes. If your current dentist does not participate in the network and you would like to encourage him or her to apply, ask your dentist to visit www.metdental.com, or call 1-866-737-6895 for an application.* The website and phone number are for use by dental professionals only.

* Due to contractual requirements, MetLife is prevented from soliciting certain providers.

How are claims processed?

Dentists may submit your claims for you, which means you have little or no paperwork. You can track your claims online, and even receive e-mail alerts when a claim has been processed. If you need a claim form, visit www.metlife.com/dental or request one by calling 1-800-275-4638.

Can I get an estimate of what my out-of-pocket expenses will be before receiving a service?

Yes. You can ask for a pretreatment estimate. Your general dentist or specialist usually sends MetLife a plan for your care and requests an estimate of benefits. The estimate helps you prepare for the cost of dental services. We recommend that you request a pre-treatment estimate for services in excess of \$300. Simply have your dentist submit a request online at www.metdental.com or call 1-877-638-3379. You and your dentist will receive a benefit estimate for most procedures while you are still in the office. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

Can MetLife help me find a dentist outside of the U.S. if I am traveling?

Yes. Through international dental travel assistance services* you can obtain a referral to a local dentist by calling +1-312-356-5970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network benefits.** Please remember to hold on to all receipts to submit a dental claim.

* International Dental Travel Assistance services are provided by AXA Assistance USA, Inc., which provides dental referral services only. AXA Assistance is not affiliated with MetLife, and the services and benefits they provide are separate and apart from the insurance provided by MetLife. Referral services are not available in all locations.

** Refer to your Certificate of Insurance for your out-of-network dental coverage.

How does MetLife coordinate benefits with other insurance plans?

Coordination of benefits provisions in dental benefits plans are a set of rules that are followed when a patient is covered by more than one dental benefits plan. These rules determine the order in which the plans will pay benefits. If the MetLife dental benefit plan is primary, MetLife will pay the full amount of benefits that would normally be available under the plan. If the MetLife dental benefit plan is secondary, most coordination of benefits provisions require MetLife to determine benefits after benefits have been determined under the primary plan. The amount of benefits payable by MetLife may be reduced due to the benefits paid under the primary plan.

Do I need an ID card?

No, you do not need to present an ID card to confirm that you are eligible. You should notify your dentist that you are enrolled in a MetLife dental plan featuring the Preferred Dentist Program. Your dentist can easily verify information about your coverage through a toll-free automated Computer Voice Response system.

Do my dependents have to visit the same dentist that I select?

No, you and your dependents each have the freedom to choose any dentist.

If I do not enroll during my initial enrollment period can I still purchase Dental Insurance at a later date?

Yes, employees who do not elect coverage during their enrollment period may still elect coverage later. Dental coverage would be subject to the following waiting periods.

- No waiting period on Preventive Services
- 24 months on Orthodontia Services (if applicable)
- 24 months on Major Services
- 6 months on Basic Restorative (Fillings)
- 12 months on all other Basic Services
