Dickens	Otolaryngology (Ear, Nose and Throat)	ACCESS PLAN Per §11.1607(j) (7), the following is a description of the processes and procedures followed by Baylor Scott & White Health Plan (BSWHP) to assure that services are made available and accessible to members in areas where there is no adequate provider network, which are identified in the remainder of the access plan; it is entered in this section to avoid repetition in each section of the plan. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network, in all counties and for all specialty services to meet the needs of enrollees. Baylor Scott & White Health Plan (BSWHP) then negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty/service that is identified in an area that does not have a required provider specialty for the coverage of other benefits due to network inadequacy or limited choice. The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network per the requirements of the plan. Network benefits are provided in each section. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a Provider to administer the services under the Letter of Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as the Network Issues Committee that includes Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with access in rural areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement, to ensure that the member is not penalized when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or breach of this Agreement, shall Provider or reimbursement from, or have any recourse against Member or any person or persons acting on her behalf for Services provided pursuant to this Agreement." Additional Information 1. The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability and accessibility of care in rural areas, numerous times, can adequately serve the enrollee population when they have multiple practice addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted providers, for example, Provider A works at location 1 Monday thru Wednesday and then Provider 2 works at location 1 Thursday thru Sunday. For hospital based provider groups, Baylor Scott & White Health Plan (BSWHP) has 30 or more providers that rotate between 5 or more hospitals in order to ensure each hospital is covered 24 hours a day, 7 days a week. 2. There are repeated providers on our provider list that are practicing within a group/company that has multiple locations (i.e. large clusters of providers listed at the same address). Baylor Scott & White Health Plan (BSWHP) delegates credentialing if the group has at least 30 providers. A pre-delegation assessment is completed to ensure the group follows the same regulatory standards as Baylor Scott & White Health Plan (BSWHP). * 4a. For hospital based provider groups, Baylor Scott & White Health Plan (BSWHP) has 30 or more providers that rotate between 5 or more hospitals in order to ensure each hospital is covered 24 hours a day, 7 days a week. 2. There are repeated providers on our provider list that are practicing within a group/company that has multiple locations (i.e. large clusters of providers listed at the same address).
