Sutton Primary Care Physicians	Are not available in sufficient numbers;	ACCESS PLAN Per §11.1607(j) (7), the following is a description of the processes and procedures followed by Baylor Scott & White Health Plan (BSWHP) to assure that services are made available and to enrollees for all specialties and in all geographic areas which are identified in the remainder of the access plan; it is entered in this section to avoid repetition in each section below. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network, in all counties and for all specialties/services, where the network lacks a sufficient number of providers to meet the needs of enrollees. Baylor Scott & White Health Plan (BSWHP) then negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty/service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network per the requirements set forth in §11.1607. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) then negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a Provider to administer the services. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as the Network Issues Committee that meets monthly, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers, especially in rural areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement, to ensure that members will not be balance billed for services by out-of-network providers if the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or breach of this Agreement, shall Provider collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any person or persons acting on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability and accessibility of care in service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple practice addresses because many of the providers are Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. For example, Provider A works at location 1 Monday thru Wednesday and Provider 2 works at location 1 Thursday thru Sunday. For hospital based provider groups, Baylor Scott & White Health Plan (BSWHP) is contracted with groups that consist of 30 or more providers that rotate between 5 or more hospitals in order to ensure each hospital is covered 24 hours a day, 7 days a week. 2. There are repeated providers on our provider list that are practicing within a group/company that has multiple locations (i.e. large clusters of providers listed at the same address). Contracts for these sites are at the group level but some are individually contracted providers. Contracting duties are not delegated. There are times that Baylor Scott & White Health Plan (BSWHP) delegates credentialing if the group has at least 100 providers and the group does the credentialing of their own providers. A pre-delegation assessment is completed to ensure the group follows the same regulatory standards as Baylor Scott & White Health Plan (BSWHP). All contracts are evergreen and auto renew.

The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network to meet the requirements set forth in TAC §11.1607. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to deliver the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers in certain geographic areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, Baylor Scott & White Health Plan (BSWHP) shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any provider for services provided on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to provide the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of provider network. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, Baylor Scott & White Health Plan (BSWHP) shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any provider for services provided on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to deliver the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers in the service areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "Covered members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, Baylor Scott & White Health Plan (BSWHP) shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any provider for services provided on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to meet the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of provider network. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP) , insolvency, or bankruptcy, shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any person on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network to meet the needs of enrollees set forth in TAC §11.1607. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to provide the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers in certain geographic areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "Covered members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, Baylor Scott & White Health Plan (BSWHP) shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any provider for services provided on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network to meet the needs of enrollees set forth in TAC §11.1607. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to deliver the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers in the service areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "Covered members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, Baylor Scott & White Health Plan (BSWHP) shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any provider for services provided on her behalf for Services provided pursuant to this Agreement." Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "Covered members will not be balance billed for services by out-of-network providers when the provider network is inadequate: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any person for services provided on her behalf for Services provided pursuant to this Agreement." Additional Information 1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. ACCESS PLAN

Per §11.1607(j) (7), the following is a description of the processes and procedures followed by Baylor Scott & White Health Plan (BSWHP) to assure that services are available and accessible to enrollees for all specialties and in all geographic areas which are identified in the remainder of the access plan; it is entered in the following repetition in each section below:

Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network, for all specialties/services, where the network lacks a sufficient number of providers to meet the needs of enrollees. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed by Baylor Scott & White Health Plan (BSWHP) for any specialty/service that is identified in an area that does not have a required provider specialty for that service. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice.

The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network to meet the needs of enrollees set forth in TAC §11.1607. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services. If the network is inadequate, Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice. In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to meet the member's needs for the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process.

Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Network Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies. Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers in certain geographic areas. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement:

"Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any person for services rendered on her behalf for Services provided pursuant to this Agreement."

Additional Information

1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities. For more information, please contact the provider.

ACCESS PLAN

Per §11.1607(j) (7), the following is a description of the processes and procedures followed by Baylor Scott & White Health Plan (BSWHP) to assure that services are available and accessible to enrollees for all specialties and in all geographic areas which are identified in the remainder of the access plan; it is entered in the following repetition in each section below:

Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network, for all specialties/services, where the network lacks a sufficient number of providers to meet the needs of enrollees. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed by Baylor Scott & White Health Plan (BSWHP) for any specialty/service that is identified in an area that does not have a required provider specialty for that service. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice.

The information below describes the counties and specialties where Baylor Scott & White Health Plan (BSWHP) does not have an adequate provider network to meet the needs of enrollees set forth in TAC §11.1607. A plan to enable enrollees to obtain in-network benefits is provided in each section. Baylor Scott & White Health Plan (BSWHP) has active policies and procedures in place that enable members to utilize authorized services as in-network in all counties and for all specialties and services where the network is inadequate. Baylor Scott & White Health Plan (BSWHP) negotiates a Letter of Agreement with the out-of-network provider to ensure the member receives in-network benefit coverage. Covered member is not balance billed and/or penalized by Baylor Scott & White Health Plan (BSWHP) for any specialty or service that is identified in an area that does not have a required provider specialty for the covered member. Covered member will not be penalized or denied care for other benefits due to network inadequacy or limited choice.

In the event a Member is unable to get specialized services within the contracted network; our contracting team will immediately research and identify a provider to provide the service. Once a Provider is identified, we will execute a Single Case Agreement with that Provider and begin the contracting process. Baylor Scott & White Health Plan (BSWHP) leadership continually evaluates the adequacy of the provider network through various means such as through a Contracting Committee that meets once per month, monitoring concerns and access issues from Members and other providers, and business expansion strategies.

Baylor Scott & White Health Plan (BSWHP) negotiates single-case agreements and letters of agreement to assist with gaps in coverage in areas where there is a lack of providers. Baylor Scott & White Health Plan (BSWHP) includes the following hold-harmless language in its single case agreements and letters of agreement: "Provider hereby agrees that in no event, including, but not limited to non-payment by Baylor Scott & White Health Plan (BSWHP), insolvency, or bankruptcy, shall Provider charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Member or any person on her behalf for Services provided pursuant to this Agreement."

Additional Information

1.The provider list (provider directory and/or online directory) includes individual provider(s) listed many times at several different addresses; for availability of care within the service area, an individual provider that the provider listed numerous times, can adequately serve the enrollee population when they have multiple addresses because many of Baylor Scott & White Health Plan (BSWHP) contracted group's employee physicians that rotate between practice facilities.
