

2025 Access Plan

BSW PPO Plus

Baylor Scott & White Insurance Company

Network Compliance and Waiver Request

Filing information

Insurer name	Baylor Scott & White Insurance Company
NAIC number	11670
Network name	BSW Plus PPO
Network ID	
SERFF tracking No	

Supplementary compliance information 28 TAC §3.3712(c)(2)(D)

How does the insurer provide access to different types of facilities, as required by Insurance Code §1301.0055(b)(6), concerning Network Adequacy Standards?

Service area designation

Use the check boxes below to select the counties within the network's service area

At least one county must be selected for other worksheets to work properly

Check boxes may or may not be visible in the table below. If check boxes are not visible in the "Service Area" column, type "true" or "false"

True = within network False = NOT within network

Each county is required to report 49 specialties. A county that has not been reported 49 times in the Major Medical tab, will highlight red.

Service Area	County	Specialties Count*	County Designation

Oncology - Radiation
Radiology
Hospitalists
Pathology

Reason
Major Medical
Available provider(s) declined to contract because insurer is too new/unknown
Available provider(s) do not contract with commercial insurance companies
In active contract negotiations
Insufficient number of available providers
Narrow Network - No contract attempt made
Other (explain in comments column)
Providers have relocated, have no active license, or are retired or no longer practicing
Providers necessary to resolve the deficiency have not completed credentialing process
Provider's or physician's participation in an exclusivity arrangement
Research and outreach to available providers are in progress
Unable to agree on reimbursement rate
Unable to contact provider/Provider did not respond to outreach attempts

Major Medical
Not Applicable - No enrollees currently reside in the county. For any new enrollees residing within the county, insurer will comply with the access plan requirements in 28 TAC §3.3707
Unable to contract with available providers. Procedures are in place for insurer to comply with the access plan requirements in 28 TAC §3.3707
Insufficient number of providers of this specialty type are currently practicing within the network adequacy standards applicable to this county. Procedures are in place for insurer to comply with the access plan requirements in 28 TAC §3.3707

Note: The reasons listed in the drop-down menus for the “Reason preferred providers not available” co
down menu does not indicate that it supports a finding of a good faith effort to contract or good cause

preferred providers not available
Facility-based Physicians and Providers
Available provider(s) declined to contract because insurer is too new/unknown
Facility did not provide roster of available providers
Facility staffed by a single provider
In active contract negotiations
Insufficient number of available providers
Narrow Network - No contract attempt made
Other (explain in comments column)
Providers have relocated, have no active license, or are retired or no longer practicing
Providers necessary to resolve the deficiency have not completed credentialing process
Provider's or physician's participation in an exclusivity arrangement
Research and outreach to available providers are in progress
Unable to agree on reimbursement rate
Unable to contact provider/Provider did not respond to outreach attempts

Access Plan Summary
Facility-based Physicians and Providers
Not Applicable - No enrollees currently reside in the county. For any new enrollees residing within the county, insurer will comply with the access plan requirements in 28 TAC §3.3707
Unable to contract with available providers. Procedures are in place for insurer to comply with the access plan requirements in 28 TAC §3.3707
Insufficient number of providers of this specialty type are currently practicing within the network adequacy standards applicable to this facility. Procedures are in place for insurer to comply with the access plan requirements in 28 TAC §3.3707

lumn are provided to facilitate compliance with reporting requirements. The presence of a reason as an option on the drop-
for a waiver of network adequacy standards.
