Nuestra información de contacto, junto con la fecha de la última actualización de la Lista de medicamentos (formulario), aparece en la portada y la contraportada.

En general, debe acudir a farmacias de la red para utilizar su beneficio de medicamentos con receta. Los beneficios, el formulario, la red de farmacias, los copagos o el coseguro pueden cambiar el 1 de enero de 2026, así como en algunas otras ocasiones durante el año.

¿Qué es el formulario de Baylor Scott & White Health Plan?

En este documento, utilizamos los términos "Lista de medicamentos" y "formulario" con el mismo significado. Un formulario es una lista de medicamentos cubiertos seleccionados por Baylor Scott & White Health Plan en consulta con un equipo de proveedores de atención médica, que representa los tratamientos recetados que se consideran necesarios para un programa de tratamiento de calidad. Baylor Scott & White Health Plan generalmente cubrirá los medicamentos que figuran en nuestro formulario, siempre y cuando el medicamento sea médicamente necesario, la receta se surta en una farmacia de la red de Baylor Scott & White Health Plan y se cumplan otras normas del plan. Para obtener más información sobre cómo surtir sus recetas, consulte su Evidencia de cobertura.

¿Puede cambiar el formulario?

La mayoría de los cambios en la cobertura para medicamentos se producen el 1 de enero, pero podemos agregar o eliminar medicamentos del formulario durante el año, cambiarlos de nivel de costo compartido, o agregar nuevas restricciones. Debemos seguir las normas de Medicare al realizar estos cambios. Las actualizaciones del formulario se publican mensualmente en nuestro sitio web, en:

BSWHealthPlan.com/Medicare.

Cambios que pueden afectarlo este año: En los siguientes casos, se verá afectado por cambios en la cobertura durante el año:

Sustitución inmediata de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales. Podemos eliminar inmediatamente un medicamento de nuestro formulario si lo sustituimos por una versión nueva que tenga el mismo nivel de costo compartido o uno menor y las mismas restricciones

o menos. Cuando agregamos una versión nueva de un medicamento a nuestro formulario, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestro formulario, pero cambiarlo inmediatamente de nivel de costo compartido o agregar nuevas restricciones.

Podemos realizar estos cambios inmediatos solo cuando agregamos una versión genérica nueva de un medicamento de marca o determinadas versiones biosimilares nuevas de un producto biológico original que ya se encuentra en el formulario (por ejemplo, agregar un biosimilar intercambiable que una farmacia pueda sustituir por un producto biológico original sin una nueva receta).

Si actualmente está tomando el medicamento de marca o el producto biológico original, es posible que no le informemos antes de realizar un cambio inmediato, pero posteriormente le proporcionaremos información sobre los cambios específicos que hayamos realizado.

Si realizamos un cambio de este tipo, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y que continuemos cubriendo el medicamento en cuestión. Para obtener más información, consulte más abajo la sección titulada "¿Cómo solicito una excepción al formulario de Baylor Scott & White Health Plan?".

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte más abajo la sección titulada "¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?".

- Medicamentos retirados del mercado. Si un fabricante retira un medicamento del mercado o si la Administración de Alimentos y Medicamentos (Food and Drug Administration, FDA) decide retirarlo por motivos de seguridad o eficacia, podemos eliminar inmediatamente el medicamento de nuestro formulario y, después, enviar un aviso a los miembros que lo toman.
- Otros cambios. Podemos realizar otros cambios que afecten a los miembros que actualmente están tomando un medicamento. Por ejemplo, podemos eliminar un medicamento de marca del formulario cuando agregamos un equivalente genérico o podemos eliminar un producto biológico original cuando agregamos un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, cambiarlo de nivel de costo compartido, o hacer ambas cosas. Podemos realizar cambios en función de nuevas pautas clínicas. Si eliminamos medicamentos de nuestro formulario o agregamos requisitos de autorización previa, límites de cantidad o restricciones de tratamiento escalonado para un medicamento, o si lo cambiamos a un nivel de costo compartido superior, debemos avisar a los miembros afectados sobre el cambio al menos 30 días antes de que entre en vigor. O bien, cuando un miembro solicita un resurtido del medicamento, puede recibir un suministro para 30 días y un aviso del cambio.

Si realizamos estos otros cambios, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y que continuemos cubriendo el medicamento que viene tomando. En el aviso que le enviaremos, también le informaremos cómo solicitar una excepción, y puede obtener información al

respecto más abajo, en la sección titulada "¿Cómo solicito una excepción al formulario de Baylor Scott & White Health Plan?".

Cambios que no lo afectarán si actualmente está tomando el medicamento. Por lo general, si está tomando un medicamento incluido en nuestro formulario de 2026 que estaba cubierto al comienzo del año, no suspenderemos ni reduciremos la cobertura durante el año de cobertura 2026, salvo en los casos indicados arriba. Esto significa que estos medicamentos seguirán estando disponibles con el mismo costo compartido y sin nuevas restricciones para los miembros que los tomen durante el resto del año de cobertura. Este año no recibirá un aviso directo sobre los cambios que no lo afecten. Sin embargo, el 1 de enero del año siguiente, dichos cambios lo afectarían, por lo que es importante que consulte el formulario del nuevo año de beneficios para ver si hay cambios en los medicamentos.

La última actualización del formulario adjunto se realizó el 10/01/2025. Para obtener información actualizada sobre los medicamentos cubiertos por Baylor Scott & White Health Plan, comuníquese con nosotros. Nuestra información de contacto aparece en la portada y la contraportada. Las ediciones del formulario se actualizan y publican mensualmente con los cambios aplicables, incluidos los cambios negativos.

¿Cómo utilizo el formulario?

Hay dos formas de buscar su medicamento en el formulario:

<u>Afección</u>

El formulario comienza en la página 1. Los medicamentos de este formulario se agrupan en categorías en función del tipo de afección para la que se utilizan. Por ejemplo, los medicamentos para tratar una afección cardíaca se incluyen en la categoría "Medicamentos cardiovasculares". Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que comienza en la página número 1. A continuación, busque su medicamento en la categoría correspondiente.

Listado alfabético

Si no está seguro de la categoría, debe buscar su medicamento en el Índice que comienza en la página 81. El Índice brinda un listado alfabético de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los medicamentos genéricos figuran en el Índice. Consulte el Índice para buscar su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información sobre la cobertura. Vaya a la página indicada en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Baylor Scott & White Health Plan cubre medicamentos de marca y medicamentos genéricos. Un medicamento genérico es un medicamento que está aprobado por la FDA por tener los mismos ingredientes activos que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan tan bien como los medicamentos de

marca y suelen costar menos. Hay medicamentos genéricos sustitutos disponibles para muchos medicamentos de marca. Los medicamentos genéricos suelen poder sustituirse por el medicamento de marca en la farmacia sin necesidad de contar con una receta nueva, según lo que indiquen las leyes estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el formulario, cuando nos referimos a "medicamentos", puede tratarse de un medicamento o de un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos típicos. Debido a que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una versión genérica, tienen alternativas que se denominan "biosimilares". Por lo general, los biosimilares funcionan tan bien como el producto biológico original y pueden costar menos. Hay alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son intercambiables y, según lo que indiquen las leyes estatales, pueden sustituirse por el producto biológico original en la farmacia sin necesidad de contar con una receta nueva, al igual que los medicamentos genéricos pueden sustituirse por medicamentos de marca.

 Para ver un análisis de los tipos de medicamentos, consulte la Evidencia de cobertura en la Sección 3.1 del Capítulo 5, "La 'Lista de medicamentos' indica qué medicamentos de la Parte D están cubiertos".

¿Mi cobertura tiene restricciones?

Algunos medicamentos cubiertos pueden tener otros requisitos o límites en la cobertura. Estos requisitos y límites pueden incluir lo siguiente:

- Autorización previa: Baylor Scott & White Health Plan exige que usted o la persona autorizada a dar recetas obtengan una autorización previa para determinados medicamentos. Esto significa que deberá obtener la aprobación de Baylor Scott & White Health Plan antes de surtir sus recetas. Si no obtiene la aprobación, Baylor Scott & White Health Plan podría no cubrir el medicamento.
- Límites de cantidad: Para determinados medicamentos, Baylor Scott & White Health Plan limita la cantidad de medicamento que cubrirá. Por ejemplo, Baylor Scott & White Health Plan proporciona 60 comprimidos para 30 días por receta para los comprimidos de losartán de 25 mg. Esto puede ser adicional al suministro estándar para un mes o tres meses.
- Tratamiento escalonado: En algunos casos, Baylor Scott & White Health Plan exige que primero pruebe determinados medicamentos para tratar su afección antes de que cubramos otro medicamento para la misma afección. Por ejemplo, si el medicamento A y el medicamento B tratan su afección, es posible que Baylor Scott & White Health Plan no cubra el medicamento B si usted no prueba primero el medicamento A. Si el medicamento A no funciona para usted, Baylor Scott & White

Health Plan cubrirá el medicamento B.

Para saber si su medicamento tiene algún requisito o límite adicional, consulte el formulario que comienza en la página 1. También puede visitar nuestro sitio web para obtener más información sobre las restricciones que se aplican a determinados medicamentos cubiertos. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa. También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y la contraportada.

Puede solicitar a Baylor Scott & White Health Plan que haga una excepción a estas restricciones o estos límites o que le proporcione una lista de otros medicamentos similares que puedan tratar su afección. Consulte la sección titulada "¿Cómo solicito una excepción al formulario de Baylor Scott & White Health Plan?" en la página vi para obtener información sobre cómo solicitar una excepción.

¿Qué sucede si mi medicamento no está en el formulario?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicio al Cliente y preguntar si está cubierto.

Para obtener más información, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y la contraportada.

Si le informan que Baylor Scott & White Health Plan no cubre su medicamento, tiene dos opciones:

- Puede solicitar a Servicio al Cliente una lista de medicamentos similares que estén cubiertos por Baylor Scott & White Health Plan. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por Baylor Scott & White Health Plan.
- Puede solicitar a Baylor Scott & White Health Plan que haga una excepción y que cubra su medicamento. A continuación, encontrará información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario de Baylor Scott & White Health Plan?

Puede solicitar a Baylor Scott & White Health Plan que haga una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos que hagamos.

 Puede solicitarnos que cubramos un medicamento, aunque no figure en nuestro formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá solicitarnos que le proporcionemos el medicamento a un nivel de costo compartido más bajo.

- Puede solicitarnos que eliminemos una restricción de cobertura, incluidos la autorización previa, el tratamiento escalonado o un límite de cantidad de su medicamento. Por ejemplo, para determinados medicamentos, Baylor Scott & White Health Plan limita la cantidad de medicamento que cubrimos. Si su medicamento tiene un límite de cantidad, puede solicitarnos que eliminemos ese límite y que cubramos una cantidad mayor.
- Puede solicitarnos que cubramos un medicamento del formulario a un nivel de costo compartido más bajo, a menos que pertenezca al nivel de medicamentos de especialidad. Si se aprueba, se reduciría el monto que debe pagar por su medicamento.

Por lo general, Baylor Scott & White Health Plan solo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de costo compartido más bajo o la aplicación de la restricción no fueran tan eficaces para usted o le causaran efectos adversos.

Usted o la persona autorizada a dar recetas deben comunicarse con nosotros para solicitarnos una excepción al formulario o de nivel, incluida una excepción a una restricción de cobertura. Cuando solicite una excepción, la persona autorizada a dar recetas tendrá que explicar las razones médicas por las que usted necesita la excepción. En general, debemos tomar una decisión en un plazo de 72 horas después de recibir la justificación de la persona autorizada a dar recetas. Puede solicitar una excepción acelerada (rápida) si cree, y nosotros estamos de acuerdo, que su salud podría verse gravemente perjudicada por esperar hasta 72 horas para obtener una decisión. Si estamos de acuerdo, o si la persona autorizada a dar recetas solicita una decisión rápida, debemos comunicarle nuestra decisión en un plazo máximo de 24 horas después de recibir la justificación.

¿Qué puedo hacer si mi medicamento no está en el formulario o si tiene una restricción?

Como miembro nuevo o actual de nuestro plan, es posible que esté tomando medicamentos que no figuran en nuestro formulario. O bien, es posible que esté tomando un medicamento que figura en nuestro formulario, pero que tiene una restricción de cobertura, como una autorización previa. Debe hablar con la persona autorizada a dar recetas sobre la posibilidad de solicitar una decisión de cobertura para demostrar que cumple los criterios de aprobación, cambiar a un medicamento alternativo que cubrimos o solicitar una excepción al formulario para que cubramos el medicamento que toma. Mientras determina con su médico el tratamiento adecuado para usted, es posible que cubramos su medicamento en ciertos casos durante sus primeros 90 días como miembro de nuestro plan.

Para cada uno de sus medicamentos que no figure en nuestro formulario o que tenga una restricción de cobertura, cubriremos un suministro temporal para 30 días. Si su receta está indicada para menos días, permitiremos resurtidos para un suministro máximo para 30 días del medicamento. Si no se aprueba la cobertura, después de su primer suministro para 30 días, no pagaremos estos medicamentos, aunque haya sido miembro del plan durante menos de 90 días.

Si usted es residente de un centro de atención a largo plazo y necesita un medicamento que no figura en nuestro formulario, o si su capacidad para obtener sus medicamentos es limitada, pero ya han transcurrido sus primeros 90 días como miembro de nuestro plan, cubriremos un suministro de emergencia para 31 días de ese medicamento mientras solicita una excepción al formulario.

Baylor Scott & White Health Plan proporciona surtidos de transición para los miembros que cambian de nivel de atención de un entorno de tratamiento a otro. Visite nuestro sitio web para conocer nuestra Política de transición y obtener más información.
