

Baylor Scott & White Health Plan

Consumer choice plan disclosure statement

This health plan does not include the same level of benefits required in other plans.

This HMO plan is a consumer choice plan. This plan doesn't include the same level of benefits that are in Texas health plans known as state-mandated plans.

To see all benefits offered by this plan, go to the plan's "Summary of Benefits and Coverage."

Benefit/coverage:	This plan:	A health plan with required benefits (state-mandated plan):
Deductible The amount you pay for care before the plan begins to share the cost.	Has a deductible for participating provider care.	Has no deductible for participating provider care.
Out-of-pocket costs The amount you pay when you receive care, up to an annual limit.	Includes out-of-pocket costs but may sometimes be more than in a state-mandated plan.	A copay must be less than 50% of the total cost of the service. Annual out-of-pocket costs must be capped at 200% of your annual premium cost if you alert the plan.
Habilitative and Rehabilitative care Care that helps you keep or improve skills for daily living.	Includes a limit on the number of outpatient visits per year for physical, occupational, manipulative, and speech therapy.	Has no limit on the amount of care if it is needed for medical reasons.
Home health care Care that helps you if confined at home due to a sickness or injury requiring skilled health care on an intermittent, part-time basis.	Includes a limit on the number of home visits per year for rehabilitative and habilitative care within the Home Health Care benefit.	Has no limit on the amount of care if it is needed for medical reasons.

If you want a plan with all required benefits:

We also offer a state-mandated plan that includes all required benefits. This plan is not on [HealthCare.gov](https://www.healthcare.gov) and does not allow you to get help with premiums and out-of-pocket costs.

To learn more about this plan, call [844-633-5325] or visit [[BSWHealthPlan.com](https://www.bswhealthplan.com)].

When you first bought this consumer choice plan, you agreed to the following statements:

- I understand the consumer choice plan I am applying for does not provide the same level of coverage required in other Texas health plans (state-mandated plans).
- I understand I can get more information about consumer choice plans from the Texas Department of Insurance's website, www.tdi.texas.gov/consumer/consumerchoice.html, or by calling the Consumer Help Line at 1-800-252-3439.

HEALTH CARE
EVIDENCE OF COVERAGE
with Point of Service Benefits**

This Consumer Choice Health Maintenance Organization health care plan, either in whole or in part, does not provide state-mandated health benefits normally required in Evidence of Coverage in Texas. This standard health benefit plan may provide a more affordable health plan for you although, at the same time, it may provide you with fewer health plan benefits than those normally included as state-mandated health benefits in Texas. Please consult with your group service representative to discover which state-mandated health benefits are excluded in this Evidence of Coverage.

THIS HEALTH CARE EVIDENCE OF COVERAGE IS NOT A MEDICARE SUPPLEMENT POLICY. If You are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.

Evidence of Coverage

Scott and White Health Plan d/b/a Baylor Scott & White Health Plan (herein called "Issuer")

This Evidence of Coverage, the Group's application, Your completed and accepted Enrollment Application, Schedule of Benefits, any Riders, along with any attachments and amendments to those documents constitute the entire Agreement between the parties. No agent or other person, except the President of the Issuer, has the authority to waive any conditions or restrictions of the Agreement, to extend the time for making a payment, or to bind the Issuer by making any promise or representation, or by giving or receiving any information. No changes to the Agreement shall be valid unless in writing and signed by the President and Chief Executive Officer of the Issuer. However, the Issuer may adopt policies, procedures, and rules to promote the orderly and efficient administration of the Agreement.

In consideration of the completed and accepted Enrollment Application and timely payment of the Required Payments, the Issuer agrees to provide or arrange to provide the covered benefits as described in this Evidence of Coverage, in accordance with and subject to the terms stated herein and all applicable local, state, and federal laws.

In consideration of the Issuer providing or arranging to provide the covered benefits specified in this Evidence of Coverage and subject to the terms stated herein, You and the Contract Holder promise to pay all Required Payments when due, abide by all of the terms of the Agreement and comply with all applicable local, state, and federal laws.

The initial rates agreed upon by the Group and the Issuer are effective during the initial Calendar Year from and after the Effective Date of the Agreement. Thereafter, the Issuer reserves the right to change rates upon 60 days' notice prior to renewal.

The coverage provided under this Evidence of Coverage is Health Maintenance Organization (HMO) coverage with Point of Service (POS) benefits for Non-Participating Providers and not indemnity insurance.

The Issuer hereby certifies that it has issued a health care benefit plan (herein called the "Plan") for the Subscriber and any Covered Dependent(s). The Effective Date of coverage under the Agreement shall be as indicated on the Member's Identification Card and as confirmed by the Issuer.

The Issuer does not discriminate based on race, color, national origin, disability, age, sex, gender identity, sexual orientation, political affiliation or expression, or health status in the administration of the Plan, including enrollment and benefit determinations.

Chemical Dependency means the abuse of or psychological or physical dependence on or addiction to alcohol or a controlled substance. Chemical Dependency Treatment Center means a Facility which provides a program for the Treatment of Chemical Dependency pursuant to a written Treatment plan approved and monitored by a Behavioral Health Provider and which the Facility is also:

- Affiliated with a Hospital under a contractual agreement with an established system for patient referral.
- Accredited as such a Facility by the Joint Commission on Accreditation of Healthcare Organizations.
- Licensed as a Chemical Dependency Treatment program by the Texas Commission on Alcohol and Drug Abuse; or
- Licensed, certified, or approved as a Chemical Dependency Treatment program or center by any other state agency having legal authority to so license, certify, or approve.

Chemical Dependency Treatment Center means a Facility which is a Participating Provider and, which provides a program for the Treatment of Chemical Dependency pursuant to a written Treatment plan approved and monitored by a Participating Physician and which the Facility is also:

- affiliated with a Hospital under a contractual agreement with an established system for patient referral; or
- accredited as a Chemical Dependency Treatment Center by the Joint Commission on Accreditation of Health Care Organizations; or
- licensed as a Chemical Dependency Treatment program by the Texas Commission on Alcohol and Drug Abuse; or
- licensed, certified, or approved as a Chemical Dependency Treatment program or center by any other agency of the State of Texas having legal authority to so license, certify, or approve.

Clinician-Administered Drug means an outpatient prescription drug other than a vaccine that:

- cannot reasonably be:
 - o self-administered by the member to whom the drug is prescribed, or
 - o administered by an individual assisting the member with the self-administration, and
- is typically administered:
 - o by a physician or other health care provider authorized under the laws of this state to administer the drug, including when acting under a physician's delegation and supervision, and
 - o in a physician's office.

Cognitive Communication Therapy is therapy designed to address modalities of comprehension and expression, including understanding, reading, writing, and verbal expression of information.

Cognitive Rehabilitation therapy means therapy designed to address therapeutic cognitive activities, based on an assessment, and understanding of a Member's brain-behavioral deficits.

Community Reintegration Services means services that facilitate the continuum of care as an affected Member transitions into the community.

Complainant means a Member, or a Physician, Health Professional, or other person designated to act on behalf of a Member, who files a Complaint.

Complaint is any oral or written expression of dissatisfaction with any aspect of the Issuer's operation, including but not limited to:

- Dissatisfaction with plan administration.
- Procedures related to review or Appeal of an Adverse Determination.
- The denial, reduction, or termination of a benefit for reasons not related to Medical Necessity.
- The way a benefit is provided, or
- Disenrollment decisions expressed by a Complainant.

The term does not include:

- A misunderstanding or a problem of misinformation that is resolved promptly by clearing up the misunderstanding or supplying the appropriate information.
- Dissatisfaction or disagreement with an Adverse Determination.

Contract Date means the date on which the Agreement is executed. The Contract Date may not be the date coverage for the Plan commences.

Contract Holder means the person or entity with whom the Issuer has entered into an Agreement to provide covered benefits. Under the Agreement, the Group is the Contract Holder.

Contract Year means the period of time which begins at 12:00 midnight on the Contract Date and ends at 12:00 midnight one (1) year later.

Controlled Substance means a toxic inhalant, or a substance designated as a controlled substance in the Texas Controlled Substances Act (Chapter 481 of Texas Health and Safety Code).

Copayment means the dollar amount of the cost or a percentage of the contracted rate for covered benefits, if any, shown in the Schedule of Benefits payable by a Member to a Participating Provider, when those benefits are obtained from that Participating Provider.

Cost Sharing means the Copayment, Deductible and any amounts exceeding benefit limits that a Member will incur as an expense for covered benefits. Specific cost sharing amounts for covered benefits can be found on the Schedule of Benefits.

Covered Dependent means a member of the Covered Employee's family who is eligible and has been enrolled by the Issuer under this Plan.

Creditable Coverage means any group health coverage or individual health coverage, including services from insurance or a health maintenance organization, that qualifies under regulations implementing the Federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191), provided such coverage ended within the sixty-three (63) day period directly preceding the applicant's request to enroll in this Plan.

Crisis Stabilization Unit or Facility means an institution which is appropriately licensed and accredited as a Crisis Stabilization Unit or Facility for the provision of Mental Health Care and Serious Mental Illness Treatment to Members who are demonstrating an acute psychiatric crisis of moderate to severe proportions.

Custodial Care means care designed principally to assist an individual in engaging in the activities of daily living, or services which constitute personal care, such as help in walking and getting in and out of bed; assistance in bathing, dressing, feeding, and using the toilet; preparation of special diets; and supervision of medication, which can usually be self-administered, and which does not entail or require the continuing attention of trained medical or other paramedical personnel. Custodial Care is normally, but not necessarily, provided in a nursing home, convalescent home, or rest home or similar institution.

Deductible Calendar means the dollar amount, if any, shown in the Schedule of Benefits payable by a Member for covered benefits before the Plan provides payment for those benefits as described in this Evidence of Coverage.

Deductible Family Maximum means the dollar amount payable by the Subscriber and the Subscriber's Covered Dependents for covered benefits each Calendar Year before benefits are paid. Once the Family Maximum amount has been satisfied, no further Deductibles will be required for the remainder of the Calendar Year. The Deductible Family Maximum is satisfied when:

- one (1) family Member satisfies the deductible, and
- the cumulative total of all deductible amounts paid by or on behalf of You and Your Covered Dependents equals the Deductible Family Maximum stated in the Schedule of Benefits.

Diagnostic Imaging means an imaging examination using mammography, ultrasound imaging, or magnetic resonance imaging that is designed to evaluate a subjective or objective abnormality detected by a Physician or patient in a breast; an abnormality seen by a Physician on a screening mammogram; an abnormality previously identified by a Physician as probably benign in a breast for which follow-up imaging is recommended by a Physician; or an individual with a personal history of breast cancer or dense breast tissue.

Digital Mammography means Mammography creating breast images that are stored as digital pictures.

Durable Medical Equipment or DME means equipment that:

- can withstand repeated use,
- is primarily and customarily used to serve a medical purpose,
- generally, is not useful to a person in the absence of an illness or injury; and
- is appropriate for use in the home.

All requirements of this definition must be met before an item can be considered to be Durable Medical Equipment.

Effective Date means the date the coverage for a Member actually begins. It may be different from the Eligibility Date or the Contract Date.

Eligible Dependent means a member of the Subscriber's family who falls within one of the following categories:

- Subscriber's current spouse as defined by Texas law.
- A child of the Subscriber's current spouse who is:
 - o An applicant for coverage during the Open Enrollment Period; and
 - o Under the Age of Ineligibility; or
 - o Over the Age of Ineligibility who is:
 - Incapable of self-sustaining employment by reason of physical disability or mental incapacity; and
 - Chiefly dependent upon the Subscriber for support and maintenance.
- Subscriber's Son or Daughter who is:
 - o An applicant for coverage during the Open Enrollment Period; and
 - o Under the Age of Ineligibility; or
 - o Over the Age of Ineligibility who is:
 - Incapable of self-sustaining employment by reason of physical disability or mental incapacity; and
 - Chiefly dependent upon the Subscriber for support and maintenance.
- Subscriber's grandson or granddaughter who is:
 - o An applicant for coverage during the Open Enrollment Period.
 - o A dependent of the Subscriber for federal tax purposes at the time of application of coverage for the grandchild is made.

- o Unmarried; and
- o Under the Age of Ineligibility; or
- o Over the Age of Ineligibility who is:
 - Incapable of self-sustaining employment by reason of physical disability or mental incapacity; and
 - Chiefly dependent upon the Subscriber for support and maintenance.
- Any child for whom the Subscriber is obligated to provide health coverage by a Qualified Medical Support Order pursuant to the terms of that order.

Eligible Employee means an Employee who works on a full-time basis and consistently works at least thirty (30) hours a week. This term may also include a sole proprietor, a partner, or an independent contractor specified as an Employee under the Group's Plan. The term does not include:

- an Employee who works on a part-time, temporary, seasonal or substitute basis; or
- an Employee who is covered under:
 - o another health benefit plan,
 - o a self-funded or self-insured employee welfare benefit plan that provides health benefits and that is established according to Employee Retirement Income Security Act of 1974 (29 U. S. C. Section 1001 et seq.),
 - o Medicaid, even if the Employee elects not to be covered,
 - o another federal program such as CHAMPUS or Medicare, even if the Employee elects not to be covered; or
 - o a benefit plan established in another country, even if the Employee elects not to be covered.

Eligibility Date means the date the You or Your dependent are eligible for coverage under the Plan.

Emergency Care is provided in a Hospital emergency Facility, Freestanding Emergency Medical Care Facility, or comparable Facility to evaluate and stabilize medical conditions of a recent onset and severity, including but not limited to severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health to believe that his or her condition, sickness, or injury is of such a nature that failure to get immediate medical care could result in:

- placing his or her health in serious jeopardy,
- serious impairment to bodily functions,
- serious dysfunction of any bodily organ or part,
- serious disfigurement; or
- in the case of a pregnant woman, serious jeopardy to the health of the fetus.
- In the case of a woman having contractions, there is inadequate time to affect a safe transfer to another Hospital before delivery, or if transfer may pose a threat to the health or safety of the woman or the unborn child.

Emergency Medical Services (EMS) Provider means a person who uses or maintains emergency medical services vehicles, medical equipment, and emergency medical services personnel to provide emergency medical services.

Employee means an individual employed by an Employer.

Employer means Group.

Enrollment Application is the document which must be completed by or on behalf of a person applying for coverage. The enrollment application along with any attachments and amendments is part of the entire Agreement between the Subscriber, Contract Holder, and the Issuer.

Evidence of Coverage is the term used to describe this document which, along with any attachments and amendments, is part of the entire Agreement between the Subscriber, Contract Holder, and the Issuer. This Evidence of Coverage describes the benefits covered by the Plan.

Experimental or Investigational means, in the opinion of the Medical Director, Treatment that has not been proven successful in improving the health of Members. In making such determinations, the Medical Director will rely upon:

- Well-designed and well conducted investigations published in recognized peer reviewed medical literature, such as the New England Journal of Medicine or the Journal of Clinical Oncology, when such papers report conclusive findings of controlled or randomized trials. The Medical Director shall consider the quality of the body of studies and the consistency of the results in evaluating the evidence.
- Communications about the Treatment that have been provided to patients as part of an informed consent.
- Communications about the procedure or Treatment that have been provided from the Physician undertaking a study of the Treatment to the institution or government sponsoring the study.
- Documents or records from the institutional review board of the Hospital or institution undertaking a study of the Treatment.
- Regulations and other communications and publications issued by the Food and Drug Administration and the Department of Health and Human Services; and
- The Member's medical records.

As used above, "peer reviewed medical literature" means one or more U. S. scientific publications which require that manuscripts be submitted to acknowledged experts inside or outside the editorial office for their considered opinions or recommendations regarding publication of the manuscript. In addition, in order to qualify as peer reviewed medical literature, the manuscript must actually have been reviewed by acknowledged experts before publication.

Treatments referred to as "experimental," "experimental trial," "investigational," "investigational trial," "trial," "study," "controlled study," "controlled trial," and any other term of similar meaning shall be considered to be Experimental or Investigational.

Facility means a health care or residential Treatment center licensed by the state in which it operates to provide medical inpatient Treatment, outpatient Treatment, partial hospitalization, residential or day Treatment. Facility also means a Treatment center for the diagnosis and/or Treatment of Chemical Dependency or Mental Illness.

Fertility Preservation means the collection and preservation of sperm, unfertilized oocytes, and ovarian tissue, and does not include the storage of such unfertilized genetic materials.

Freestanding Emergency Medical Care Facility is a Facility, licensed under Health and Safety Code Chapter 254 (concerning Freestanding Emergency Medical Care Facilities), structurally separate and distinct from a Hospital, which receives a Member and provides Emergency Care as defined in Insurance Code §843.002.

Forced Organ Harvesting means the removal of one (1) or more organs from a living person by means of coercion, abduction, deception, fraud, or abuse of power or a position of vulnerability.

Formulary means the list that identifies those Prescription Drugs for which coverage may be available under this Plan. Members may determine the tier assigned to each Prescription Drug by visiting the Our website at BSWHealthPlan.com or by calling Us at **844.633.5325**.

Grace Period means a period of thirty (30) days after a Premium Due Date, during which Premiums may be paid to the Issuer without lapse of the Subscriber or Covered Dependent's coverage, if any, under this

Evidence of Coverage. If payment is not received within thirty (30) days, coverage will be terminated, and the Subscriber will be responsible for any cost of benefits received during the grace period.

Group means Your Employer which is the party contracting with the Issuer to purchase coverage for its Employees who become Subscribers on an aggregate basis. Your Employer must pay the applicable Premium Contribution for the plan selected for each Eligible Employee who elects to be covered. No less than the applicable Participating Percentage of the Eligible Employees must be covered. Your Employer must be located within the Service Area. A Group must maintain a Minimum Group Size of at least two (2) Eligible Employees.

Health Care Provider means an individual who is licensed, certified, or otherwise authorized to provide health care services in this state.

Health Professional means health care professionals, licensed in the State of Texas (or, in the case of Treatment rendered on referral, licensed in the state in which that care is provided). Rider means a supplement to the Plan that describes any additional covered benefits, changes in Member benefits or the terms of Member coverage under the Plan. A Rider, along with any attachments and amendments, is part of the entire Agreement between the Issuer and the Subscriber.

Routine Patient Care Costs means the costs of any Medically Necessary care provided under the Plan, without regard to whether the Member is participating in a clinical trial. Routine patient care costs do not include:

- The cost of an investigational new drug or device that is not approved for any indication by the United States Food and Drug Administration, including a drug or device that is the subject of the clinical trial.
- The cost of a service that is not a covered benefit, regardless of whether the service is required in connection with participation in a clinical trial.
- The cost or use of a service that is clearly inconsistent with widely accepted and established standards of care for a diagnosis.
- A cost associated with managing a clinical trial; or
- The cost of a service that is specifically excluded from coverage.

Schedule of Benefits is a document that lists covered benefits under the Plan along with associated Cost Sharing such as Copayments and Deductibles. The Schedule of Benefits along with any attachments and amendments is part of the entire Agreement between the Subscriber, the Contract Holder, and the Issuer.

Serious and Complex Condition means with respect to a Member:

- in the case of an acute illness, a condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm, or
- in the case of chronic illness or condition, a condition that is:
 - o life-threatening, degenerative, potentially disabling, or congenital, and
 - o requires specialized medical care over a prolonged period of time.

Service Area is the geographic area in which the Issuer may offer this Evidence of Coverage.

Skilled Nursing Facility means a Facility primarily engaged in providing skilled nursing care and other therapeutic care and which is:

- Licensed in accordance with state law (where the state law provides for licensing of such Facility); or
- Medicare or Medicaid eligible as a supplier of skilled inpatient nursing care.

Son or Daughter means

- a child born to You or Your current legal spouse.
- a child who is Your legally adopted child with legal adoption evidenced by a decree of adoption, who is the object of a lawsuit for adoption, and You are a party to such lawsuit, or
- a child who has been placed with You for adoption.

- Specialized procurement handling, distribution, or is administered in a specialized fashion.
- Complex benefit review to determine coverage.
- Complex medical management requiring close monitoring by a Physician or clinically trained individual.
- FDA mandated or evidence-based medical-guideline determined comprehensive patient and/or Physician education, or
- Contains any dosage form with a total cost greater than \$1,000 per retail maximum days' supply.

Stabilization means the point at which no material deterioration of a condition is likely, within reasonable probability, to result from or occur during the Member's transfer.

Subscriber means the Eligible Employee or other person whose employment or other status, except family dependency, is the basis for eligibility under the terms, conditions, and limitations of the Agreement and for or on behalf of whom the Premiums are paid by the Group.

Telehealth Service means a health service, other than a telemedicine medical service or a teledentistry dental service, delivered by a Health Professional licensed, certified, or otherwise entitled to practice in this state and acting within the scope of the Health Professional's license, certifications, or entitlement to a patient at a different physical location than the Health Professional using telecommunication or information technology.

Telemedicine Medical Service means a healthcare service delivered by a Physician licensed in this state, or a Health Professional acting under the delegation and supervision of a Physician licensed in this state and acting within the scope of the Physician's or Health Professional's license to a patient at a different physical location than the Physician or Health Professional using telecommunication or information technology.

Toxic Inhalant means a volatile chemical under the Texas Controlled Substance Act (Chapter 481 of the Texas Health and Safety Code).

Treatment or Treatments means supplies, drugs, equipment, protocols, procedures, therapies, surgeries, and similar terms used to describe ways to treat a health problem or condition.

Urgent Care Facility means any licensed Facility that provides care for the immediate Treatment only of an injury or disease, and which has contracted with the Issuer to provide Members such care.

Urgent Care means care provided for the prompt Treatment of a medical condition that requires medical attention but where a brief time lapse before receiving care will not endanger life or permanent health. Urgent conditions include, but are not limited to, minor sprains, fractures, pain, heat exhaustion, and

breathing difficulties other than those of sudden onset and persistent severity. An individual patient's urgent condition may be determined emergent upon evaluation by a Participating Provider.

Usual and Customary Rate means the fee which a Physician or other provider of a particular service usually charges his/her patients for the same service, and which is within the range of fees usually charged by other Physicians or other providers located within the immediate geographic area where the service is received under similar or comparable circumstances. When applied to a Participating Provider, it means the amount allowed under a Participating Provider's agreement with the Issuer.

Utilization Review means a system for prospective and/or concurrent review of the Medical Necessity, appropriateness, or determination that a Treatment currently provided or proposed to be provided by a Physician or Health Professional to a Member is Experimental, or Investigational. Utilization Review does not include elective requests by the Member for clarification of coverage.

Waiting Period means the period of time specified by Group that must pass before a person becomes eligible for coverage under the Agreement.

You and Your means relating or pertaining to the Subscriber.

How the Plan Works

Our Right to Contract with Providers

We contract with providers of covered benefits as it is determined can reasonably provide them. The Issuer is not an agent of any Participating Provider, nor is any Participating Provider an agent of the Issuer. No Contract Holder or Member, in such a capacity, is an agent or representative of the Issuer or its Participating Providers. No Contract Holder or Member shall be liable for any acts or omissions of any Participating Provider or its agents or employees.

Participating Providers shall make reasonable efforts to maintain an appropriate patient relationship with Members to whom they are providing care. Likewise, Members shall make reasonable efforts to maintain an appropriate patient relationship with the Participating Providers who are providing such care. Participating Providers determine the methods and form of Treatment provided to Members. Not every form of Treatment may be provided, and even though a Member's personal beliefs or preferences may conflict with the care as offered by Participating Providers, a Member will not be entitled to any specific class of licensed provider, school of approach to such care, or otherwise be able to determine the providers who will care for a Member other than as provided by the Agreement. This provision does not restrict a Member's right to consent or agree to any Treatment. The fact that Treatment has been prescribed or authorized by a Participating Provider does not necessarily mean that it is covered under the Agreement.

Plan Network

Members are entitled to the covered benefits specified and subject to the conditions and limitations stated in the Schedule of Benefits and this Evidence of Coverage that are Medically Necessary. Except for Emergency Care, approved referrals to Non-Participating Providers or care provided to a Covered Dependent child under a Qualified Medical Support Order who is outside the Service Area, covered benefits are available only through Participating Providers. We have no liability or obligation for any care needed or received by any Member from any other provider, Hospital, extended care Facility, or other person, institution, or organization, unless Preauthorization for referral has been obtained by a Medical Director. Members can access up-to-date lists of Participating Providers and other Plan Network information by visiting Our website at **BSWHealthPlan.com**.

Primary Care Physician

Under this Plan, Members do not have to select a Primary Care Physician (PCP) but are encouraged to do so. The PCP is available to supervise and coordinate a Member's health care in the Plan Network. Should a Member decline to select a PCP, We will not assign one. Members may request to use a Specialist Physician as a PCP if a Member has a chronic, disabling, or Life-Threatening Disease or Condition. Members do not need a referral from a PCP before receiving specialist care.

A PCP may be selected from the list of Primary Care Physicians published by the Issuer. The ability to select a Participating Provider as a PCP is subject to that Physician's availability. A current, updated list of Primary Care Physicians may be found on Our website at **BSWHealthPlan.com** or by contacting Us at **844.633.5325**. A female Member may select an obstetrician or gynecologist in addition to a PCP to provide Treatment that is within the scope of the provider's license.

A Member may change their Primary Care Physician anytime.

Specialist Physician

A wide range of Specialist Physicians are included in the Plan Network.

There may be occasions however, when Members need care from a Non-Participating Provider. This could occur if a Member has a complex medical problem that cannot be taken care of by a Participating Provider. If the care a Member requires is not available from Participating Providers contact Us at **844.633.5325** to receive the necessary Preauthorization for out-of-network benefits in this situation.

Participating Providers

Other than for Emergency Care, Members must choose Participating Providers within the Plan Network for all care. The Plan Network consists of Physicians, Specialist Physicians, Hospitals, and other health care facilities to serve Members throughout the Network Service Area. Refer to the provider directory or visit Our website at **BSWHealthPlan.com** to make Member selections. The list of Participating Providers may change occasionally, so make sure the providers selected are still Participating Providers at the time of service. An updated directory will be available at least annually or Members may access Our website at **BSWHealthPlan.com** for the most current listing to assist in locating a Participating Provider.

If a Member chooses a Participating Provider, the provider will bill Us, not the Member, for care provided. The provider has agreed to accept as payment in full the least of:

- The billed charges, or
- The Usual and Customary Rate, or
- Other contractually determined payment amounts.

The Subscriber is responsible for paying any Deductibles and Copayment amounts as set forth in the Schedule of Benefits. The Subscriber may be required to pay for limited or non-covered benefits. No Claim forms are required.

Non-Participating Providers

Except for Emergency Care, all covered benefits under the Agreement must be provided by Participating Providers unless a Participating Provider requests a referral to a Non-Participating Provider and the referral receives Preauthorization by Our Medical Director.

If a Member requires a Medically Necessary covered benefit that is not available through a Participating Provider and We approve the Member's Participating Provider's referral, We will cover the benefit as if it were performed by a Participating Provider. The Member will be held harmless for any amounts beyond the Copayment and Deductible that the Subscriber would have paid had the Member received benefits from a Participating Provider.

Upon the request of a Participating Provider, We must approve a referral to a Non-Participating Provider within the time appropriate to the circumstances and will not exceed five (5) business days. Additionally, upon the request of a Participating Provider, We must provide for a review by a health care provider with expertise in the same specialty or a specialty similar to the type of health care provider to whom a referral is requested before We may deny the referral.

If a Non-Participating Provider referral is authorized by Us, care is only permitted to the extent such care is covered under the Agreement and reimburse the Non-Participating Provider at the Usual and Customary Rate, except for Copayments and charges for non-covered care.

In cases involving a non-emergency, the Plan will not cover any expenses associated with Treatments performed or prescribed by Non-Participating Providers, either inside or outside of the Service Area, for which We have not authorized a Non-Participating Provider referral. Complications of such non-authorized Treatments will not be covered prior to the date We arrange for the Member's transfer to Participating Provider.

Each Non-Participating Provider referral is subject to separate review and approval by Us. For example, an authorization for Treatment by a Non-Participating Provider does not also authorize hospitalization in a

Hospital which is not a Participating Hospital or referral to another Physician by the Non-Participating Provider.

Some Facility-based physicians or providers such as anesthesiologist, pathologist, radiologists, diagnostic imaging, and laboratory service providers may not be included in the Plan's Network. In certain circumstances We may authorize a Member to receive Treatment from a Non-Participating Provider. For non-emergency Treatment by a Non-Participating Provider at a Participating Facility the Member will not be responsible for an amount greater than the applicable Copayment and Deductible under the Plan on the initial amount determined to be payable by the Plan had the Treatment and services been furnished by a Participating Provider.

In all cases, Medically Necessary Emergency Care (including Air Ambulance Transportation) received from a Non-Participating Provider will be reimbursed according to the terms of the Agreement at the Usual and Customary Rate, except for Copayments, and charges for non-covered care. The Member will be held harmless for any amounts beyond the Copayment or other Out of Pocket Expenses that the Subscriber would have paid had the Network included Participating Providers from whom the Member could obtain the care.

A Member should contact the Issuer if the Member receives a balance bill from a Facility-based physician or provider, Non-Participating Facility-based physician or provider, EMS provider, or other Health Professional that may balance bill the Member. In order to determine the contract status of providers, Members may consult the provider directory on Our website at **BSWHealthPlan.com** or contact Us at **844.633.5325**.

Continuity of Care

During the course of medical care, a Member qualifies as a continuing care patient if he or she is receiving care from a Participating Provider under the following special circumstances:

- a Serious and Complex Condition,
- a course of institutional or inpatient care from a Participating Provider or Facility,
- a nonelective surgery from a Participating Provider or Facility, including receipt of post-operative care with respect to a surgery,
- pregnancy and is undergoing a course of treatment for the pregnancy, or
- if past the 24th week of pregnancy at the time of termination, we will reimburse the terminated provider, and the Member is covered through delivery and postpartum care within the six-week period after delivery.
- a determined terminal illness and is receiving treatment for such illness from a Participating Provider or Facility, and such Participating Provider or Facility's contract to be a network provider terminates or expires for any reason other than fraud by such Participating Provider or Facility, then the Issuer is required to meet all of the following requirements:
 - o We will notify each Member under the Plan who is a continuing care patient that he or she is protected for continuing care at the time the Participating Provider or Facility's contract terminates and tell such Member of his or her right to elect continued transitional care from such Participating Provider or Facility.
 - o We will provide the Member with an opportunity to notify Us of the Member's need for transitional care.
 - o We will permit the Member to elect to continue to have the benefits provided under the Plan or such coverage under the same terms and conditions as would have applied and with respect to such items and services as would have been covered under the Plan had the Participating Provider or Facility's contract not terminated.

The transitional coverage shall continue beginning on the date the Provider's contract is terminated and shall continue until the earlier of ninety (90) days after the Provider's contract is terminated, or the date the Member is no longer qualified as a continuing care patient with respect to that Participating Provider or

Facility. If a Member has been diagnosed with a terminal illness at the time of the Provider's termination, the expiration of the continuity of care is nine (9) months after the effective date of the Provider's termination. The Participating Provider caring for the continuing care patient agrees to accept payment from the Issuer for services and items furnished to the continuing care patient as payment in full for such items and services and to maintain compliance with all policies, procedures, and quality standards imposed by the Issuer.

Refusal to Accept Treatment

Should a Member refuse to cooperate with or accept the recommendations of Participating Providers regarding health care that Member, Participating Providers may regard such refusal as a failure of the patient relationship and as obstructing the delivery of proper medical care. In such cases, Participating Providers shall make reasonable efforts to accommodate the Member. However, if the Participating Provider determines that no alternative acceptable to the Participating Provider exists, the Member shall be so advised. If a Member continues to refuse to follow the recommendations, then neither the Issuer nor Our Participating Providers shall have any further responsibility under the Agreement to provide care for the condition under Treatment.

Medical Necessity

Benefits available under the Plan must be Medically Necessary as described in the **Definitions** section of this Evidence of Coverage.

Utilization Review

The Plan includes a Utilization Review program to evaluate inpatient and outpatient Hospital and Ambulatory Surgical Center admissions and specified non-emergency outpatient surgeries, diagnostic procedures, and other services. This program ensures that Hospital and Ambulatory Surgical Center care is received in the most appropriate setting, and that any other specified surgery or services are Medically Necessary. Utilization Review includes all review activities and may be undertaken by:

- Preauthorization review which takes place before a service is provided that requires Preauthorization.
- Admission review which takes place before a Hospital admission or after an emergency admission.
- Continued stay review which takes place during a Hospital stay.
- Retrospective review which takes place following discharge from a Hospital or after any services are performed.

Certain benefits require Preauthorization in order to be covered. For a complete list of benefits that require Preauthorization, visit Our website at **BSWHealthPlan.com**.

We will accept requests for renewal of an existing Preauthorization beginning sixty (60) days from the date that the existing Preauthorization is set to expire. Upon receipt of a request for renewal of an existing Preauthorization, We will, to the extent possible, review the request and issue a determination indicating whether the benefit is Preauthorized before the existing authorization expires.

Preauthorization Review

To satisfy Preauthorization review requirements, the Member or Participating Provider should contact Us at the authorization phone number listed on the Member ID Card on business days between 6:00 AM and 6:00 PM CT and on Saturdays, Sundays, and Holidays between 9:00 AM and 12:00 PM CT at least three (3) calendar days prior to any admission or scheduled date of a proposed benefit that requires Preauthorization. Participating Providers may Preauthorize benefits for Members, when required, but it is the Member's responsibility to ensure Preauthorization requirements are satisfied.

The Preauthorization process for health care services may not require a Physician or Participating Provider to obtain Preauthorization for a particular health care service if the Physician or Participating Provider meets exemption criteria for certain health care services.

Subject to the notice requirements and prior to the issuance of an Adverse Determination, if We question the Medical Necessity or appropriateness of a service, We will give the Participating Provider who ordered it a reasonable opportunity to discuss with Our Medical Director the Member's Treatment plan and the clinical basis of Our determination. If We determine the proposed benefit is not Medically Necessary, the Member or Participating Provider will be notified in writing within three (3) days. The written notice will include:

- the principal reason(s) for the Adverse Determination.
- the clinical basis for the Adverse Determination.
- a description of the source of the screening criteria used as guidelines in making the Adverse Determination; and
- description of the procedure for the Complaint and Appeal process, including the Member's rights and the procedure to Appeal to an Independent Review Organization.

For an Emergency admission or procedure, We must be notified within forty-eight (48) hours of the admission or procedure or as soon as reasonably possible. We may consider whether the Member's condition was severe enough to prevent the Member from notifying Us, or whether a family member was available to notify Us for the Member.

If the Member has a Life-Threatening Disease or Condition, including emergency Treatment or continued hospitalization, or in circumstances involving Prescription Drugs or intravenous infusions, the Member has the right to an immediate review by an Independent Review Organization and the Member is not required to first request an internal review by Us.

Admission Review

If Preauthorization review is not performed, We will determine at the time of admission if the Hospital admission or specified non-emergency outpatient surgery or diagnostic procedure is Medically Necessary.

Continued Stay Review

We also will determine if a continued Hospital or Skilled Nursing Facility stay is Medically Necessary. We will provide notice of Our determination within twenty-four (24) hours by either telephone or electronic transmission to the provider of record followed by written notice within three (3) working days to the Member or provider of record. If We are approving or denying Post Stabilization care subsequent to Emergency Care related to a Life-Threatening Disease or Condition, We will notify the treating Physician or other provider within the time appropriate to the circumstances relating to the delivery of the services and the condition of the Member, but in no case to exceed one (1) hour after the request for approval is made.

Retrospective Review

In the event services are determined to be Medically Necessary, benefits will be provided as described in the Plan. If it is determined that a Hospital stay or any other service was not Medically Necessary, You are responsible for payment of the charges for those services. We will provide notice of Our Adverse Determination in writing to the Member and the provider of record within a reasonable period, but not later than thirty (30) days after the date on which the Claim is received, provided We may extend the 30-day period for up to fifteen (15) days if:

- We determine that an extension is necessary due to matters beyond Our control; and
- We notify You and the provider of record within the initial 30-day period of circumstances requiring the extension and the date by which We expect to provide a determination.

If the period is extended because of Your failure or the failure of the provider of record to submit the information necessary to make the determination, the period for making the determination is tolled from the date We send Our notice of the extension to You or the provider until the earlier of the date You or the

provider responds to Our request, or the date by which the specified information was to have been submitted.

Failure to Preauthorize

If any benefit requiring Preauthorization is not Preauthorized and it is determined that the benefit was not Medically Necessary, the benefit may be reduced or denied. The Member may also be charged additional amounts which will not count toward the Member's Deductible or Maximum Out of Pocket.

Prescription Drugs and Intravenous Infusions

We will determine if the use of Prescription Drugs or intravenous infusions is Medically Necessary.

Appeal of Adverse Determinations

Internal Appeal

Our determination that the care the Member requested or received was not Medically Necessary or appropriate or was Experimental or Investigational based on Our Utilization Review standards is an Adverse Determination, which means the Member's request for coverage of the care is denied. Once We have all the information to provide a determination, Our failure to make a Utilization Review determination within the applicable time frames set forth above will be deemed an Adverse Determination subject to an internal Appeal.

The Member, a person acting on the Member's behalf, or the Member's Physician may request an internal Appeal of an Adverse Determination to Us orally or in writing in accordance with Our internal Appeal procedures. Members will have one hundred eighty (180) days following receipt of a notification of an Adverse Determination within which to Appeal the determination. We will acknowledge the Member's request for an internal Appeal within five (5) working days of receipt. This acknowledgment will, if necessary, inform the Member of any additional information needed before a decision can be made. A clinical peer reviewer who is a Physician or a Health Professional in the same or similar specialty as the provider, who typically manages the disease or condition at issue and who is not subordinate to the clinical peer reviewer who made the initial Adverse Determination will perform the Appeal.

If the Member's Appeal is denied, Our notice will include a clean and concise statement of the clinical basis for the denial and the Member's right to seek review of the denial from an Independent Review Organization and the procedures for obtaining that review.

If the Member has a Life-Threatening Disease or Condition or in circumstances involving Prescription Drugs or intravenous infusions, the Member has the right to an immediate review by an Independent Review Organization and the Member is not required to first request an internal review by Us.

If the Member's Appeal relates to an Adverse Determination, We will decide the Appeal within thirty (30) calendar days of receipt of the Appeal request. Written notice of the determination will be provided to the Member, or the Member's designee, and where appropriate, the Member's Provider, no later than thirty (30) calendar days after receipt of the Appeal request.

An Appeal regarding continued or extended benefits, additional benefits provided in the course of continued Treatment, Home Health Care benefits following discharge from an inpatient Hospital admission, benefits in which a provider requests an immediate review, or any other urgent matter will be handled on an expedited basis.

The Member can additionally request an expedited Appeal for the denial of Emergency Care, continued hospitalization, Prescription Drugs for which the Member is receiving benefits through the Plan and a step therapy exception request. For an expedited Appeal, the Member's provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for

an Appeal. The Member's provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or one (1) business day of receipt of the information necessary to conduct the Appeal.

If a Member has any questions about the Appeals procedures or the review procedure, contact Us at **844.633.5325**.

Independent Review Organization

An Adverse Determination means a determination by Us or Our designated Utilization Review organization that the benefits provided or proposed to be provided are not Medically Necessary or are Experimental or Investigational.

A Final Internal Adverse Determination means an Adverse Determination that has been upheld by Us at the completion of Our internal review and Appeal process. This procedure pertains only to Appeals of Adverse Determinations.

We will permit any party whose Appeal of an Adverse Determination is denied, to seek review of that determination by an Independent Review Organization assigned to the appeal in accordance with Chapter 4202 of the Texas Insurance Code.

We will comply with the Independent Review Organization's determination regarding the Medical Necessity or appropriateness of health care items and services for a Member.

We will comply with the Independent Review Organization's determination regarding the Experimental or Investigational nature of health care items and services for a Member.

Not later than the third (3rd) business day after the date We receive a request for independent review, We will provide to the appropriate Independent Review Organization:

1. a copy of:
 - any medical records of a Member that are relevant to the review.
 - any documents used by the Us in making the determination to be reviewed.
 - the written notification; and
 - any documents and other written information submitted to the agent in support of the Appeal; and
2. a list of each physician or other health care provider who:
 - has provided care to a Member; and
 - may have medical records relevant to the Appeal.

We may provide confidential information in the custody of the agent to an Independent Review Organization, subject to rules and standards adopted by the commissioner under Chapter 4202. We will assume payment responsibility for the independent review.

Case Management Program

The Case Management Program helps coordinate for Members with chronic conditions or complex care needs that require ongoing education and mentoring or a complicated plan of care requiring multiple services and providers. A nurse case manager will work with the Member, the Member's family, and Physician to aid and to coordinate the services necessary to meet the Member's care needs to achieve the best possible outcomes and the greatest value for the Member's health care benefits. Some of the ways a care manager can provide include:

- Help with finding medical or Behavioral Health Providers that can meet the Member's needs.
- Help with getting community resources that may be available to the Member.

- Information and resources to help Members better understand their conditions and how to better manage them; and,
- Help with learning how to navigate the healthcare system and better understand benefits.

If Members have a health condition or disease state for which the Issuer operates a case management program, Members may be contacted by the Issuer or Our designated case management vendor and offered the opportunity to participate in case management.

Proof of Coverage

The Issuer will provide You with proof of coverage under the Agreement. Such evidence shall consist of an original copy of the Agreement and an identification card as described below. You will also be provided with a current roster of Participating Providers as well as additional educational material regarding the Issuer and the services provided under the Agreement.

Identification Card

The Identification Card (ID Card) tells Participating Providers that Members are entitled to benefits under the Plan with Us. The ID Card offers a convenient way of providing important information specific to a Member's including, but not limited to, the following:

- Member ID.
- Any Cost-Sharing amounts that may apply to a Member's coverage; and
- Important telephone numbers.

Always remember to carry the Identification Card and present it to Participating Providers or Participating Pharmacies when receiving covered benefits.

Refer to the **Eligibility and Enrollment** section of this Evidence of Coverage for instructions when changes are made. Upon receipt of the change in information, We will provide a new ID Card.

Identification cards are the property of the Issuer and are for identification purposes only. Possession of an Issuer Identification Card confers no right to benefits under the Agreement. To be entitled to such benefits the holder of the card must, in fact, be a Member on whose behalf all Required Payments under the Agreement have been paid. Any person receiving benefits to which the person is not then entitled pursuant to the provisions of the Agreement shall be subject to charges at the provider's then prevailing rates. If a Member permits the use of an Issuer Identification Card by any other person, such card may be retained by Us, and all rights of the Member, covered pursuant to the Agreement, shall be terminated sixteen (16) days after written notice.

Termination of Coverage for Members

Coverage under the Agreement shall terminate for Members as follows:

- Except for continuation privileges, on the date on which a Member ceases to be eligible for coverage in accordance with the Agreement; or
- Thirty-one (31) days after written notice from the Issuer that You have failed to pay any Required Payment when due; or
- In the event of fraud or intentional misrepresentation of material fact by a Member, except as described under Incontestability, or fraud in the use of services or facilities, sixteen (16) days after written notice from the Issuer; or
- The date Group coverage terminates.

Termination or Non-Renewal of Coverage for the Group

The Agreement shall continue in effect for one (1) year from the Effective Date. After that, the Agreement may be renewed annually. The Agreement may be terminated or non-renewed for one (1) or more of the following reasons:

- (1) The Group fails to pay a Required Payment as required by the Agreement.
- (2) Fraud or intentional misrepresentation of a material fact by the Group.
- (3) The Group fails to comply with the terms and conditions of the Agreement.
- (4) The Group fails to meet Minimum Group Size for at least six (6) consecutive months.
- (5) No Eligible Employees of the Group work, live or reside in the Service Area.
- (6) The Issuer elects to cease providing coverage to all small employers or large employers in its Service Area.
- (7) The Issuer elects to discontinue coverage; or
- (8) The Group elects to terminate the Agreement.

Notice of Termination or Non-Renewal of Group

If termination or non-renewal is due to reason (1) or (3) above, the Issuer shall give the Group thirty (30) days advance written notice, except, if termination is due to the Group's failure to meet the required Participation Percentage, termination shall be upon the first renewal date which occurs after the Group has failed to maintain the required Participation Percentage for at least six (6) consecutive months. If termination is due to reason (2) above, the Issuer shall give the Group at least fifteen (15) days advance written notice. If termination is due to reason (4) above, termination shall be upon the first day of the next month following the end of the six (6) consecutive month period during which the Group failed to maintain the Minimum Group Size. If termination is due to reason (5) above, the Issuer shall give the Group at least sixty (60) days advance notice. If termination is due to reason (6), the Issuer shall give all affected Groups at least one hundred eighty (180) days advance written notice. If termination is due to reason (7), the Issuer shall give the Group at least ninety (90) days advance written notice and offer the Group the option to purchase other coverage. If termination is due to reason (8), the Group shall give the Issuer at least sixty (60) days advance written notice; however, if termination is due to a material change by the Issuer to any provisions required to be disclosed to the Group or Members pursuant to State law or regulation which adversely affects benefits or services provided, the Group shall give the Issuer at least thirty (30) days advance written notice.

Upon termination of coverage as described above, the Issuer shall have no further liability or responsibility under the Agreement except as may be required under the continuation privileges.

Loss of Eligibility

Members who lose eligibility under the Agreement may be eligible to continue coverage under the Agreement according to state or federal law. If elected by the Group, continuation administrative services will be provided by the Issuer or its designee at no additional expense to the Group. Contact the Group for more information if eligibility for membership ends due to the occurrence of one of the following qualifying events:

- the death of the covered Subscriber.
- the termination (other than for gross misconduct) or reduction of hours of the Subscriber's employment.
- the divorce or legal separation of the Subscriber from the Subscriber's spouse.
- the Subscriber (excluding dependents who may continue coverage under the Agreement) becomes entitled to benefits under Medicare.
- a dependent child ceases to be a dependent child under the generally applicable requirements of the Group.
- the Contract Holder commences Chapter 11 bankruptcy proceedings, or
- the Group coverage ends for any other reason except involuntary termination for cause and the Member has been covered continuously under the group coverage (including any replacement group coverage) for at least three (3) consecutive months immediately prior to termination.

COBRA Continuation of Coverage

The Group will provide written notice to each Member enrolled through the Group of the continuation coverage available to Members under the Consolidated Omnibus Budget Reconciliation Act (COBRA). If

any Member is granted the right to continue coverage beyond the date when Member's coverage would otherwise terminate, this Plan will be deemed to allow continuation of coverage to the extent necessary to comply with COBRA requirements. Members should contact the Employer or Contract Holder for verification of eligibility and to obtain procedures for obtaining benefits.

Additional Continuation Provisions

Upon completion of any continuation of coverage as provided under COBRA, any Member whose coverage under the Agreement has been terminated for any reason except involuntary termination for cause, and who has been continuously covered under the Agreement or any similar group contract providing similar benefits which it replaces for at least three (3) consecutive months immediately prior to termination shall be eligible to continue coverage as follows:

- Continuation of group coverage must be requested no later than sixty (60) days following the latter of:
 - o the date the Group coverage will terminate; or
 - o the date the Member is given notice of the right of continuation by either the Employer or the Contract Holder.
- A Member electing continuation coverage must pay to the Employer or Contract Holder on a monthly basis, the Premiums, plus 2% of the total Premium when due. The continuation Premium must be made not later than the 45th day after the date of the initial election for continuation coverage and on the due date of each payment thereafter. Following the first payment made after the initial election for continuation coverage, Premium payment is considered timely if made on or before the 30th day after the date on which the Premium is due.
- Continuation coverage will continue until the earliest of:
 - o Nine (9) months after the date the election for continuation coverage is made if the Member is not eligible for continuation coverage under COBRA.
 - o Six (6) additional months following any period of continuation under COBRA if the Member is eligible for continuation coverage under COBRA.
 - o The date on which failure to make payments would terminate coverage.
 - o The date on which the Member is covered for similar services and benefits by another health plan; or
 - o the date on which the Agreement terminates as to all Members.
- If the Subscriber dies, retires or the Subscriber's family relationship with Covered Dependents is otherwise terminated due to "divorce," which term shall include annulment and legal separation for purposes of this Section, and a Covered Dependent loses coverage, the Subscriber's Covered Dependent may continue group coverage pursuant to the Agreement. Continuation coverage will not be conditioned in any way on the Covered Dependent's health status or condition. However, this continuation coverage does not include Covered Dependents who have been covered pursuant to the Agreement for less than one (1) year, except for Covered Dependent children less than one (1) year of age. The Premiums charged for this continuation coverage shall be no more than the Premiums charged for all other individuals covered by the Agreement. To elect this continuation coverage, the Subscriber, his or her personal representative or the Covered Dependent must notify the Group within fifteen (15) days of the Subscriber's death, retirement, or divorce. Upon receipt of such notice, the Group will immediately give written notice to each affected Covered Dependent. The Covered Dependent must give written notice to the Group of its desire to continue coverage under the Agreement within sixty (60) days of the Subscriber's death, retirement, or divorce. Coverage under the Agreement will remain in effect during the sixty (60) day period, provided that written notice is given, and the required Premium paid, within the sixty (60) day period. This continuation coverage shall be concurrent with any other continuation coverage provided for under the Agreement. This continuation coverage will terminate upon the earlier of the following:
 - a. the day a Premium is due and unpaid; or
 - b. the day the Covered Dependent becomes eligible for similar coverage; or
 - c. three (3) years from the date of the Subscriber's death, retirement, or divorce.

Texas High Risk Pool Coverage Notification

The Issuer will notify a Member that the Member may be eligible for coverage under the Texas Health Insurance Risk Pool and provide the Member with the address and toll-free telephone number to make application to the Texas Health Insurance Risk Pool not less than thirty (30) days before termination of continuation of coverage under the Agreement.

Eligibility and Enrollment

Types of Coverage

Employee

Employee and Spouse

You and Your spouse who is an Eligible Dependent as defined in this Evidence of Coverage.

Employee and Child(ren)

You and Your child who is an Eligible Dependent as defined in this Evidence of Coverage.

Employee and Family

You and Your family who are Eligible Dependents as described in this Evidence of Coverage.

Eligibility Provisions

Eligible Employee

Except for continuation coverage, to be eligible for coverage You must:

- be an Eligible Employee of the Contract Holder, and
- work, live, or reside in the Service Area.

Eligible Dependents

Except for continuation coverage, to be eligible for coverage as a dependent, a person must apply for coverage and be an Eligible Dependent as defined in the **Definitions** section of this Evidence of Coverage.

Except for continuation coverage, in order for a dependent to be eligible and remain eligible for coverage hereunder as a dependent, the Subscriber upon whose enrollment the dependent's eligibility is based must enroll and remain enrolled in the Plan.

The Permanent Legal Residence of any Eligible Dependents must be in the Service Area, except in the case of an Eligible Dependent for whom the Subscriber has been ordered to provide health coverage under a Qualified Medical Support Order, the Eligible Dependent may reside anywhere in the United States. If a Covered Dependent being covered under a Qualified Medical Support Order resides outside of the Service Area, the Issuer shall not enforce any otherwise applicable provisions which deny, limit, or reduce medical benefits because the child resides outside the Services Area, including, but not limited to, any provision which restricts benefits to Emergency Care only while outside the Service Area. However, the Issuer may utilize an alternative delivery system to provide coverage or provide alternate coverage. If the coverage is not identical to coverage under this Evidence of Coverage, it shall be at least actuarially equivalent to the coverage the Issuer provides to other dependent children under this Evidence of Coverage.

Service Area Requirement

Except for continuation coverage, coverage for a Subscriber, including his/her dependents, who no longer work, live, or reside in the Service Area will be terminated. Exceptions may be made for dependents of deceased Subscribers or retired Subscribers if Group has elected retiree coverage.

Enrollment and Effective Dates of Coverage

The Effective Date is the date the coverage for a Member actually begins. It may be different from the Eligibility Date. The following paragraphs describe the operation of the Effective Date and Eligibility Date.

During the Affiliation Period, no benefits or health care services are covered, and no Premium is due.

To enroll in the Plan, You and Your Eligible Dependents must make appropriate and timely application, which includes:

- a completed Enrollment Application which must be received by the Issuer during the enrollment period, and
- payment of the Premium when due.

If you fail to pay a Required Payment when due, you may be disenrolled from the Plan, in accordance with the procedures set forth in this Evidence of Coverage.

If a group fails to pay a Required Payment when due, the group (and its enrollees) may be disenrolled from the Plan, in accordance with the procedures set forth in this Evidence of Coverage.

Initial Eligibility

If You apply for coverage for Yourself or for Yourself and Your Eligible Dependents, the Effective Date is determined as follows:

- If You are eligible on the Contract Date and the application is received by the Issuer prior to or within thirty-one (31) days following such date, the Effective Date for You and Your Eligible Dependents for whom an application was submitted is the Contract Date.
- If You and Your Eligible Dependents enrolled during an Open Enrollment Period, the Effective Date is the date mutually agreed to by Group and the Issuer. If there is no such date, the Effective Date is the first day of the calendar month following the end of the Open Enrollment Period.
- If an Eligible Employee is subject to a Waiting Period, and if application is received within thirty-one (31) days following the end of the Waiting Period, the Effective Date is the first day of the month following the date the Waiting Period ended.
- If You become eligible after the Contract Date and if Your application is received by the Issuer within the first thirty-one (31) days following Your Eligibility Date, Your Effective Date is the first day of the month following the date You satisfy the requirements of the Agreement, unless another date is specified in the Agreement.

Late Enrollee

If Your application is not received within thirty-one (31) days from the Eligibility Date, You will be considered a Late Enrollee. If an application for Your dependent is not received within the time period specified in the appropriate Dependent Special Enrollment Period provision, Your dependent will be considered a Late Enrollee. As a Late Enrollee, You or Your dependent are eligible to apply for coverage immediately, but You or Your dependent may be subject to a ninety (90) day Affiliation Period. Such Affiliation Period will begin the date your written application is received by the Issuer.

Avoidance of Late Enrollee Designation

You will not be considered a Late Enrollee, and You will be eligible to apply for coverage under the Plan for Yourself and Your Eligible Dependents, if each of the following conditions are met:

- You are covered under a health benefit plan, self-funded health benefit plan or had other health insurance coverage at the time this coverage was previously offered; and
- You declined coverage under the Plan in writing, on the basis of coverage under another health benefit plan or self-funded health benefit plan; and
- You provide written proof that Your prior health benefit plan or self-funded plan:
 - o Continuation coverage has been exhausted; or

- o Was terminated as a result of legal separation, divorce, death, termination of employment or a reduction in the number of hours of employment, or employer contributions toward such coverage were terminated; or
- o Was ended as a result of termination of the other plan's coverage; and
- You request to enroll no later than thirty-one (31) days after the date coverage ends under the prior health benefit plan or self-funded health benefit plan. Your Effective Date will be the first day of the month following receipt of the application by the Issuer.

If all conditions described above are not met, You will be considered a Late Enrollee.

Dependent Special Enrollment

Newborn Children

To be an Eligible Dependent, a newborn must be a child of You or Your spouse. To make sure Your child has continued coverage, You must notify Your employer within sixty (60) days of the birth, complete the employer's application to add the newborn child, and pay any required Premium within that sixty (60) day period consistent with the next billing cycle. If You notify Us after that sixty (60) period, Your newborn child will be considered a Late Enrollee.

Adopted Children, Children Involved in a Suit for Adoption, and Children Placed for Adoption

Coverage of Your adopted child will be automatic for the first thirty-one (31) days following the date of adoption, the date You become a party to a lawsuit for adoption or the date the child was placed with You for adoption. For coverage to continue beyond this time, You must notify Your Employer within sixty (60) days of the date the adoption became final, the date You became a party to the lawsuit for adoption, or the date the child was placed with You for adoption and pay any required Premium within that sixty (60) day period or a period consistent with the next billing cycle. The Effective Date is the date of adoption, the date You became a party to the lawsuit for adoption, or the date the child was placed with You for adoption. If You notify the Issuer after that sixty (60) day period, Your adopted child will be considered a Late Enrollee.

Court Ordered Dependent Children

If a court has ordered You to provide coverage for a child, written application and the required Premium must be received within thirty-one (31) days after Your Group receives notice of the court order. The Effective Date will be the day application for coverage is received by the Employer or the Issuer and the required Premium is received. If You notify the Issuer after the thirty-one (31) day period, the dependent child will be considered a Late Enrollee.

Court Ordered Coverage for a Spouse

If a court has ordered You to provide coverage for a spouse, written enrollment and the required Premium must be received within thirty-one (31) days after issuance of the court order. The Effective Date will be the first day of the month following the date the application for coverage and the required Premium is received. If application is not made within the initial thirty-one (31) days, Your spouse will be considered a Late Enrollee.

Loss of Child's Coverage under a Governmental Program

If Your dependent child loses coverage under Title XIX of the Social Security Act (Medicaid) or under Chapter 62 of the Texas Health and Safety Code (CHIP), written enrollment and the required Premium must be received within thirty-one (31) days after the date on which coverage was lost. If application is not made within the initial thirty-one (31) days, the dependent child will be considered a Late Enrollee.

Other Dependents

Written application must be received within thirty-one (31) days of the date that a spouse or child first qualifies as an Eligible Dependent. The Effective Date will be the first day of the month following the date the application for coverage is received, so long as the required Premium is paid within the thirty-one (31) day period. If application is not made within the initial thirty-one (31) days, then Your dependent will be considered a Late Enrollee.

If You ask that Your dependent be covered after having canceled his or her coverage while Your dependent was still entitled to coverage, Your dependent's coverage will become effective in accordance with the provisions for Late Enrollees.

In no event will Your dependent's Effective Date be prior to Your Effective Date.

Employee Special Enrollment

If You acquire a dependent through birth, adoption, or through suit or placement for adoption, and You previously declined coverage for reasons other than loss of other coverage, as described above, You may apply for coverage for Yourself, Your spouse, and the newborn child, adopted child, or child involved in a suit or placed for adoption. If the written application is received within thirty-one (31) days of the birth, adoption, or date on which the suit for adoption was filed or the child was placed with You for adoption, the Effective Date for the child, You and/or Your spouse will be the date of the birth, adoption, placement for adoption or date suit for adoption is sought.

If you marry and You previously declined coverage for reasons other than loss of coverage as described above, You may apply for coverage for Yourself and Your spouse. If the written application is received within thirty-one (31) days of the marriage, the Effective Date for You and Your spouse will be the first day of the month following receipt of the application by the Issuer.

No eligible person who properly enrolls during a period of enrollment shall be refused enrollment because of health status related factors. An eligible person who fails to enroll when first eligible during the period of enrollment is a Late Enrollee.

Incontestability

All statements made by You on the Enrollment Application shall be considered representations and not warranties. The statements are considered to be truthful and are made to the best of Your knowledge and belief. A statement may not be used in a contest to void, cancel or non-renew an enrollee's coverage or reduce benefits unless:

- it is in a written Enrollment Application signed by You, and
- a signed copy of the Enrollment Application is or has been furnished to You.

The Agreement may only be contested because of fraud or intentional misrepresentation of material fact on the Enrollment Application. If the Group has fifty (50) or less Employees, the misrepresentation shall be other than a misrepresentation related to health status. If the Issuer determines that You made a material misrepresentation of health status on the application, the Issuer may increase the Group Premium to the appropriate level. The Issuer must provide the Group with sixty (60) days prior written notice of any such Premium rate change.

Additional Requirements

During the term of the Agreement, changes in coverage are not allowed unless approved in writing by the Issuer or authorized according to the terms stated in the Agreement.

Any retroactive changes in eligibility or coverage by a Group for any of its Members must be approved by the Issuer, and the liability of the Issuer to refund Premiums for any Member whose coverage is terminated or changed to a different category shall be no greater than two (2) months Premium paid by or on behalf of

the Member. The Issuer may consider any amounts paid for covered benefits for any period for which the Member's Premium was refunded as a Required Payment.

The composition of the Group and the requirements determining eligibility for membership in Group's Plan as defined in the Group's application and which exists at the Contract Date are material to the execution of the Agreement by the Issuer. During the term of the Agreement, no change in Group's eligibility, contribution, or participation requirements shall be permitted to affect eligibility or enrollment under the Agreement unless such change is agreed to in writing by the Issuer.

It is Your responsibility to inform:

- Your Group immediately of all changes that affect Your eligibility and that of Your Covered Dependents, including, but not limited to:
 - o marriage of a dependent grandchild, and
 - o death.
- the Issuer immediately of all changes that affect administration of Your, and Your Covered Dependents, Plan benefits, including, but not limited to:
 - o address changes.

The Group must inform the Issuer in writing of all enrollments, terminations, or changes as they occur on forms required by the Issuer and provide information necessary to allow the Issuer to comply with its legal obligation with regard to issuing certificates of Creditable Coverage.

No person is eligible to enroll or remain enrolled for coverage under the Agreement in the absence of a valid written contract between Group and the Issuer arranging for coverage under the Agreement.

No person may receive coverage under this Plan as both a Subscriber and a Covered Dependent, or as a Subscriber more than once during any enrollment period.

Required Payments

You will be responsible for expenses incurred that are limited or not a covered benefit under the Plan. Participating Providers will not look to the Member for payment outside of the Member's Cost Share.

Copayments and Deductibles

The Schedule of Benefits identifies Your Copayments, Deductible (individual or family), if any, and other expenses You are responsible to pay. Some benefits have Copayments that are applied differently than a typical Copayment. The office visit Copayment in the Schedule of Benefits is for an office visit only. Additional benefits provided during an office visit may be subject to an additional Copayment. If special Copayment rules apply, those rules will be explained under the specific benefit in the **Medical Benefits** section of this Evidence of Coverage.

You are responsible for paying any applicable Copayment and/or Deductibles for covered benefits. Copayments are due at the time the service is rendered. Copayments and Deductibles are Required Payments from You.

Maximum Out of Pocket

If the amount of qualifying Out-of-Pocket Expenses You pay during a Calendar Year exceeds the Maximum Out of Pocket shown on the Schedule of Benefits, covered benefits obtained after reaching the Maximum Out of Pocket will be covered at 100% and not be subject to Copayments.

Copayments paid under any Rider attached to this Evidence of Coverage, including a Prescription Drug Rider, are not considered Out-of-Pocket Expenses for purposes of meeting Your Maximum Out of Pocket. Copayments for a Specialty Drug appearing on Level 4 of the Formulary in this Evidence of Coverage are not considered Out-of-Pocket Expenses for purposes of meeting Your Maximum Out of Pocket. Non-Participating Provider Copayments and Deductibles are not considered Out-of-Pocket Expenses for purposes of meeting Your Maximum Out of Pocket.

Premiums

Premiums are due in the office of the Issuer, 1206 W. Campus Drive, Temple, Texas 76502 on or before the date indicated in the monthly billing statement issued to Group by the Issuer. The Contract Holder is responsible for informing the Issuer of any events which render an individual enrollee ineligible for coverage under the Agreement. Generally, the Contract Holder is liable for Premiums for a covered individual from the time that individual is no longer eligible for coverage until the end of the month in which the Contract Holder notifies the Issuer of that covered individual's ineligibility for coverage. However, if a covered Member loses eligibility for coverage during the last seven (7) calendar days of any month, and the Issuer receives notice from the Contract Holder of that covered individual's ineligibility for coverage during the first three (3) business days of the immediately succeeding month, the Contract Holder is not liable for that individual's Premium for that succeeding month.

Notice of an individual's loss of eligibility of coverage may be provided prior to the end of a month by United States Mail, postage prepaid or by other means. Mailed notice shall be deemed to have been received by the Issuer as of the date of delivery to the post office. Notice given during the first three (3) business days of a succeeding month must be by a method that provides immediate notification, including hand delivered, internet portal, e-mail, or facsimile.

For example, if a covered Member loses eligibility by ceasing employment with the Contract Holder on June 2, and the Contract Holder does not inform the Issuer of this loss of eligibility until July 2, the Employee, as well as that Employee's Covered Dependents, would be entitled to coverage until through July 31, and the Contract Holder would be liable for those individual's Premiums. If, however, the same Employee lost eligibility on June 25, and the Issuer received notice from the Contract Holder of that individual's ineligibility for coverage during the first three (3) business days of July, the Contract Holder is not liable for that individual's Premium for the month of July. It is the Contract Holder's responsibility to collect any Premium contribution due from its covered Employees. Premiums are Required Payments.

Payment of Premiums for Employer plans are a personal expense to be paid for directly by the Employer on behalf of the employee and the employee's dependents. In compliance with federal guidance, the Issuer will accept third-party payment for Premium from the following entities:

- The Ryan White HIV/AIDS Program under title XXVI of the Public Health Services Act.
- Indian tribes, tribal organizations, or urban Indian organizations; and
- State and federal Government programs

Except as provided above, third-party entities shall not pay the Issuer directly for any or all of a Member's Premium. Premium payments from any other party will not be credited to Your account which may result in termination or cancellation of coverage in accordance with the termination provisions of the Agreement.

Contribution Requirements

A Group must contribute to any Subscriber who enrolls in the Plan at least the same dollar amount as it contributes for any Subscriber who enrolls in other health coverage provided by the Group. A Group which pays a proportion of an Employee's Premium based on some percentage or other formula must contribute for a Subscriber who enrolls in the Plan the same proportion of the Subscriber's total health Premium as it contributes for any Subscriber who enrolls in other health coverage provided by the Group.

Premium Changes

The Issuer may change Premium rates at any time upon sixty (60) days prior written notice. Not less than sixty (60) days prior to expiration of the Calendar Year, the Contract Holder shall be advised of the Premium rates applicable for the upcoming year.

Methods of Payment

In accordance with Title 5, Subtitle C, Chapter 116 of the Business and Commerce Code, Premium payments may be made to the Issuer by electronic funds transfer or paper check with no additional fee.

Late Payment Fee

A late payment fee may be assessed on any Premium not received by the Issuer at Our offices when due. Such late payment fee will be calculated by the Issuer at the rate of 10% per annum. In no event will any such charge for late payments exceed the maximum rate allowed by law. Any late payment fee is considered to be a Required Payment from the Group.

Grace Period and Cancellation of Coverage

If any Premium is not received by the Issuer within thirty (30) days of the due date, the Issuer may terminate coverage under the Agreement after the 30th day. During the 30-day grace period, coverage shall remain in force. However, if payment is not received, the Issuer shall have no obligation to pay for any services provided to Members during the 30-day grace period or thereafter, and You shall be liable to the provider for the cost of those services.

Medical Benefits

Refer to the Schedule of Benefits for Copayment amounts and any benefit limitations that may apply for certain services.

Medical Services

Members are entitled to the Medically Necessary professional services of Participating Providers on an inpatient and outpatient basis. Medical Necessity is determined by the Participating Provider, subject to the review of Our Medical Director.

Examples of covered medical care may include, but are not limited to, the following:

- Allergy tests.
- Allergy serum.
- Chemotherapy and radiation therapy for cancer.
- Specialist consultations.
- Dialysis.
- Home Health Care.
- Injections.
- Newborn hearing screening and necessary diagnostic follow-up care.
- Office visits.
- Outpatient surgery.
- Physical exams for medical or diagnostic purposes.
- Annual routine eye examination (limit of one (1) per Member per Calendar Year).
- Treatment for diseases of the eye.

Medical services that are not specifically listed above may result in separate additional Copayments or limits if listed in the Schedule of Benefits.

Other outpatient services include sleep studies

Medical services are subject to the applicable Copayment listed in the Schedule of Benefits. For medical services provided during an office visit to a Participating Provider, Members may be responsible for both an office visit Copayment and a Copayment for the other medical services rendered in connection with the office visit. This is particularly true when the Member is subject to a percentage Copayment and may vary depending upon the Participating Provider's method of billing.

Clinician-Administered Drugs

Coverage of clinician-administered drugs does not:

- require the use of a Participating Pharmacy,
- limit coverage when a prescription is not dispensed by a Participating Pharmacy,
- require a provider to be reimbursed through the pharmacy benefit, without:
 - informed written consent of the Member, and
 - a written attestation by the Member's Physician or Health Care Provider that a delay in the drug 's administration will not place the Member at an increased health risk; or
- require a Member to pay an additional fee or other additional cost-sharing when a prescription is not dispensed by a Participating Pharmacy.

This provision applies:

- to a Member who has a chronic, complex, rare, or life-threatening medical condition, and

- if the Member's Physician determines that a delay of care would make disease progression probable, use of a Participating Pharmacy would make death or Member harm probable, the use of a Participating Pharmacy would potentially cause a barrier to adherence, or if timeliness of delivery necessitates delivery by a different pharmacy.

This provision does not apply to a Hospital, Hospital Facility-based practices, or hospital outpatient infusion center.

Telehealth Service and Virtual Visits

Network Benefits are available only when services are delivered through a Participating Virtual Network Provider. Members can find a Participating Virtual Network Provider by calling the telephone number on their ID Card or locating the Customer Service telephone number on **BSWHealthPlan.com**.

Not all medical conditions can be treated through Virtual Visits. The Participating Virtual Network Provider will identify any condition for which treatment by an in-person Physician contact is needed. Benefits do not include email, fax, and standard telephone calls, or for Telehealth Service or Telemedicine Medical Service visits that occur within medical facilities (CMS defined originating facilities).

Other Telehealth Service and Telemedicine Medical Service

Benefits include Telehealth Services and Telemedicine Medical Services. An in-person consultation is not required between the healthcare provider and the Member for benefits to be provided. Covered benefits provided by telemedicine and telehealth are subject to the same terms and conditions under this Evidence of Coverage as any benefit provided in-person. You may find additional information regarding Telehealth Services or Telemedicine Medical Services at **BSWHealthPlan.com**.

Emergency Care

In the case of an emergency, Members may go to a Participating Provider or a Non-Participating Provider. The Plan will provide benefits for the Emergency Care received from a Non-Participating Provider to the same extent as would have been provided if care and Treatment were provided by a Participating Provider. However, follow-up care or Treatment by a Non-Participating Provider will be treated as Network coverage only to the extent it is Medically Necessary and appropriate care or Treatment rendered before the Member can return to Participating Provider in the Service Area. If a Member receives care and Treatment for an emergency from a Non-Participating Provider, the Member should notify Us as soon as reasonably possible to receive assistance transitioning care to a Participating Provider.

Medically Necessary Emergency Care received from a Non-Participating Provider, including diagnostic imaging and laboratory providers will be reimbursed according to the terms of this Evidence of Coverage at the Usual and Customary Rate or agreed upon rate, except for Copayments, and charges for non-covered benefits. The Member will be held harmless for any amounts beyond the Copayment or other Out of Pocket Expenses that the Member would have paid had the Network included Participating Providers from whom the Member could obtain care.

Medically Necessary Emergency Care is provided by this Evidence of Coverage and includes the following benefits:

- An initial medical screening examination or other evaluation required by Texas or federal law that takes place in a Hospital emergency Facility or comparable Facility, and that is necessary to determine whether an emergency medical condition exists.
- Treatment and Stabilization of an emergency medical condition; and
- Post-Stabilization care originating in a Hospital emergency room, Freestanding Emergency Medical Care Facility, or comparable emergency Facility, if approved by Us, provided that We must approve or deny coverage within the time appropriate to the circumstances relating to the delivery of care and the condition of the patient not to exceed one (1) hour of a request for approval by the treating Physician or the Hospital emergency room.

Examples of medical emergencies for which Emergency Care would be covered include but are not limited to:

- Cardiovascular Injury
- Poisoning.
- Loss of consciousness or breathing.
- Convulsions.
- Severe bleeding; and
- Broken bones.

Once a Member's condition is stabilized and as medically appropriate, We, upon authorization of Our Medical Director, may facilitate transportation to a Participating Facility. Where Stabilization of an emergency medical condition originates in a Hospital emergency Facility or comparable Facility, further Treatment following such Stabilization will require approval by Us.

Urgent Care

Urgent Care provides for the prompt Treatment of a medical condition that requires medical attention but where a brief time lapse before receiving services will not endanger life or permanent health. You shall be required to pay the Copayment stated in the Schedule of Benefits for Treatment administered at an Urgent Care Facility. Unless designated and recognized by the Issuer as an Urgent Care Facility, neither a Hospital nor an emergency room will be considered an Urgent Care Facility.

Ambulance Transportation

Ground, Sea, or Air Ambulance transportation, when and to the extent it is Medically Necessary, is covered when transportation in any other vehicle would endanger the Member's health. We will not cover air transportation if ground transportation is medically appropriate and more economical. If these conditions are met, We will cover Ambulance transportation to the appropriate Hospital or Skilled Nursing Facility.

Emergency medical care provided by Ambulance personnel for which transport is unnecessary or is declined by Member will be subject to the Copayment listed in the Schedule of Benefits. Subject to the paragraph above, if the Ambulance transports the Member after receiving medical care from Ambulance personnel, the Emergency Medical Services Copayment is waived.

Sea or Air non-emergency interfacility Ambulance transport as Medically Necessary is covered when Medically Necessary and is Preauthorized by Our Medical Director.

Preventive Care

The following Preventive Care benefits from a Participating Provider will not be subject to Copayment, Cost share, or Deductible:

- (a) Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF).
- (b) Immunizations recommended by the Advisory Committee on Immunization Practices of the Centers of Disease Control and Prevention (CDC) with respect to the individual involved.
- (c) Evidence-informed Preventive Care and screening provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA) for infants, children, and adolescents; and
- (d) With respect to women, such additional Preventive Care and screening as provided for in comprehensive guidelines supported by HRSA.

The benefits listed below may include requirements pursuant to state regulatory mandates and are to be covered at no cost to the Member.

The Preventive Care services described in items (a) through (d) may change as USPSTF, CDC, and HRSA guidelines are modified and will be implemented by Scott and White Health Plan d/b/a Baylor Scott & White Health Plan in the quantities and at the times required by applicable law or regulatory guidance. For more information, You may access Our website **BSWHealthPlan.com** or contact customer service at **844.633.5325**.

Examples of covered Preventive Care may include, but are not limited to, the following:

- One (1) annual physical exam by a Primary Care Physician or one (1) annual well-woman exam by a Primary Care Physician or OB/GYN,
- Well-child visits,
- Age-appropriate pediatric and adult immunizations and boosters as described in this Evidence of Coverage,
- Newborn hearing screenings,
- Lab and x-ray for screening purposes only as described in this Evidence of Coverage,
- Cancer screening mammograms,
- Bone density test,
- Screening for prostate cancer, and
- Screening for colorectal cancer.

The determination of whether a service is Preventive Care may be influenced by the type of service for which Your Participating Provider bills Us. Specifically,

- if a recommended preventive service is billed separately from an office visit, then a Plan may impose Cost-Sharing requirements with respect to the office visit,
- if a recommended preventive service is not billed separately from an office visit and the primary purpose of the office visit is the delivery of a preventive service, then a Plan may not impose Cost-Sharing requirements with respect to the office visit, and
- if a recommended preventive service is not billed separately from an office visit and the primary purpose of the office visit is not the delivery of a preventive service, then a Plan may impose Cost-Sharing requirements with respect to the office visit.

Immunizations

This Plan covers age-appropriate immunizations for Members against:

- diphtheria
- haemophilus influenzae type b
- hepatitis B
- measles
- mumps
- pertussis
- polio
- rotavirus
- rubella
- tetanus
- varicella
- other immunizations required by the laws of the State of Texas or the United States.

No Copayments or Deductibles are charged for age-appropriate Immunization agents. Copayments and Deductibles, if any, for other health care, including an office visit, rendered at the same time immunization agents are administered shall be payable at the applicable level for that service as indicated in the Schedule of Benefits.

Certain Tests for Detection of Prostate Cancer

Benefits are available for:

- An annual medically recognized diagnostic physical examination for the detection of prostate cancer, and
- A prostate-specific antigen test used for the detection of prostate cancer for each male Member under the Plan who is at least:
 - o Fifty (50) years of age and asymptomatic; or
 - o Forty (40) years of age with a family history of prostate cancer or another prostate cancer risk factor.

Tests for Detection of Colorectal Cancer

Benefits are available for a diagnostic, medically recognized screening examination for the detection of colorectal cancer for Members who are forty-five (45) years of age or older, and who are at normal risk for developing colon cancer.

- All colorectal cancer examinations, Preventive Care, and laboratory tests assigned a grade of “A” or “B” by the United States Preventive Services Task Force for average-risk individuals, including the services that may be assigned a grade of “A” or “B” in the future; and
- An initial colonoscopy or other medical test or procedure for colorectal cancer screening and a follow-up colonoscopy if the results of the initial colonoscopy, test, or procedure is abnormal.

Detection and Prevention of Osteoporosis

If a Member is a Qualified Individual, benefits are available for medically accepted bone mass measurement for the detection of low bone mass and to determine a Member's risk of osteoporosis and fractures associated with osteoporosis.

Qualified Individual means:

- A postmenopausal woman not receiving estrogen replacement therapy.
- An individual with:
 - o Vertebral abnormalities,
 - o Primary hyperparathyroidism, or
 - o A history of bone fractures.
- An individual who is:
 - o Receiving long-term glucocorticoid therapy, or
 - o Being monitored to assess the response to or efficacy of an approved osteoporosis drug therapy.

Mammography Screening

Benefits are available for:

- Annual screening Mammography provided for female Members thirty-five (35) years of age and older; and
- Diagnostic Imaging that is no less favorable than coverage for a screening mammogram.

Screenings are provided by Low-Dose Mammography, Digital Mammography and Breast Tomosynthesis, to detect breast cancer. Refer to the **Definitions** section of this Evidence of Coverage for further explanation of Mammography procedures.

For purposes of this benefit provision, the current recommendations of USPSTF regarding breast cancer screening and Mammography and prevention will be considered the most current.

Certain Tests for Detection of Human Papillomavirus and Cervical Cancer

Benefits are available for certain tests for detection of Human Papillomavirus and Cervical Cancer for each woman enrolled in the Plan who is eighteen (18) years of age or older for an annual medically recognized

diagnostic examination for the early detection of cervical cancer. Coverage includes, at a minimum, a conventional Pap smear screening or a screening using liquid-based cytology methods as approved by the United States Food and Drug Administration alone or in combination with a test approved by the United States Food and Drug Administration for the detection of the human papillomavirus. The well-woman examination may be performed by the Member's Primary Care Physician or designated obstetrician or gynecologist.

Early Detection Test for Ovarian Cancer

Benefits are available once every twelve (12) months for each woman enrolled in the Plan who is eighteen (18) years of age or older for:

- a Cancer Antigen 125 (CA 125) blood test; and
- any other test or screenings approved by the United States Food and Drug Administration for the detection of ovarian cancer.

Hospital Services

Members are entitled to the Medically Necessary services of any Participating Hospital to which a Member may be admitted Participating Provider. In the event a Member is admitted to a Non-Participating Hospital by a Participating Provider to whom the Member was referred in accordance with Our procedures, the services of the Non-Participating Hospital will be covered on the same basis as admission to a Participating Hospital, provided admission to the Non-Participating Hospital was approved in accordance with this Evidence of Coverage.

For a service provided in a Hospital to be a covered benefit, the Hospital should be the medically appropriate setting for that service.

If a Member is hospitalized at a Non-Participating Hospital, the Member must notify Us within forty-eight (48) hours of admission or as soon thereafter as it is reasonably possible, and We shall review the admission and the stay for Medical Necessity under this Evidence of Coverage. Failure to provide notification may result in denial of payment unless it is shown not to have been reasonably possible to give such notice.

The Issuer will cover the cost of a semi-private room, or the equivalent thereof, for covered Hospital admissions for routine acute care. For more intense levels of care, that level of care which is Medically Necessary will be covered. Medically Necessary services for an inpatient stay following a mastectomy shall be covered under this provision.

Examples of covered Hospital services may include, but are not limited to, the following:

- Semi-private room, or the equivalent, for routine care.
- Inpatient meals and special diets, when Medically Necessary.
- Inpatient medications and biologicals.
- Intensive care units.
- Nursing care, including private duty nursing, when Medically Necessary.
- Short term rehabilitation therapy services in the acute Hospital setting.
- Inpatient lab and x-ray, and other diagnostic tests.
- Skilled Nursing Facility care.
- Inpatient medical supplies and dressings.
- Anesthesia.
- Inpatient oxygen.
- Operating room and recovery room.
- Inpatient rehabilitation services
- Inpatient radiation therapy.
- Inpatient inhalation therapy.
- Cost of and administration of whole blood and blood plasma, and blood plasma expanders.

Mental Health Care

Inpatient and outpatient benefits for mental health conditions is covered under the same terms and conditions applicable to the Plan's medical surgical benefits and coverage. The Plan will not impose any quantitative or nonquantitative Treatment limits on such benefits that are more restrictive than those imposed on benefits for medical or surgical expenses.

Short-Term Mental Health

Medically Necessary short-term diagnostic and therapeutic treatment for mental illnesses and emotional disorders are covered when all these conditions are met:

- The mental illness or disorder being treated is listed in the current edition of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders (DSM), at the time benefits are provided.
- The initial evaluation, diagnosis, medical management, and ongoing medication management of attention deficit disorder (ADD) and attention deficit hyperactivity disorder (ADHD) are also covered. Visits for medication management are not included in the maximum allowed visits.

Serious Mental Health

Medically Necessary diagnostic and therapeutic treatment for Serious Mental Illness is covered if the mental illness or emotional disorder being treated is one of the following psychiatric illnesses as defined by the most current DSM:

- Schizophrenia.
- Paranoia and other psychotic disorders.
- Bipolar disorders (hypomanic, manic, depressive, and mixed).
- Major depressive disorders (single episode or recurrent).
- Schizoaffective disorders (bipolar or depressive).
- Obsessive-compulsive disorders; and
- Depression in childhood and adolescence.

Psychiatric Day Treatment Facility

Psychiatric Day Treatment Facility services are available for Medically Necessary mental health evaluations, diagnostic and therapeutic services, as shall be recommended by a Participating Provider in lieu of hospitalization upon a referral to such Facility, if any, with which the Issuer may maintain an agreement for the provision of such services. Two (2) days of Treatment at a Psychiatric Day Treatment Facility shall be counted as one (1) day of inpatient care for purposes of applying the stay in such a Facility against the inpatient Mental Health Care limits stated in the Schedule of Benefits.

Residential and Stabilization Mental Health Treatment

Alternative mental health Treatment benefits are available for Medically Necessary Treatment of mental and emotional disorders, including mental health evaluations, diagnostic and therapeutic services in a Residential Treatment Center for Children and Adolescents or a Crisis Stabilization Unit as shall be prescribed by a Participating Provider in lieu of hospitalization upon a referral to such Facility, if any, with which the Issuer may maintain an agreement for the provision of such services in the Issuer's Service Area.

The above alternative mental health Treatment benefits may be covered by the Issuer under the following conditions:

- as determined by a Participating Provider specializing in psychiatry, Members who have a Serious Mental Illness which substantially impairs thought, perception of reality, emotional process, or judgment or grossly impairs behavior as manifested by recent disturbed behavior and which would otherwise necessitate confinement in a Hospital if such care and Treatment were not available through a Crisis Stabilization Unit or Residential Treatment Center for Children and Adolescents.

- the services rendered for which benefits are to be paid must be based on an Individual Treatment Plan; and
- providers of services for which benefits are to be paid must be licensed or operated by the appropriate state agency or board to provide those services, be located within the Service Area, and be designated by the Issuer as an approved provider with which the Issuer has entered into an agreement for the provision of such services.

Two (2) days of Treatment at a Residential Treatment Center for Children and Adolescents or Crisis Stabilization Unit shall be counted as one (1) day of inpatient care for purposes of applying the stay in such a Facility against the inpatient Mental Health Care limits stated in the Schedule of Benefits.

Chemical Dependency

Members are entitled to Medically Necessary care for the Treatment of drug, chemical, or alcohol abuse, limited to medical and Hospital services for acute detoxification. You are required to pay Copayments and Deductibles for Treatment of Chemical Dependency as indicated in the Schedule of Benefits.

Rehabilitative and Habilitative Therapy

Medically Necessary outpatient rehabilitative habilitative therapy benefits are available for physical, speech, hearing, manipulative, and occupational therapies that meet the following conditions:

- The Member's Participating Provider orders such therapy services; and
- The services can be expected to meet or exceed the Treatment goals established for the Member by the Member's Participating Provider; and
- The services are given by a doctor, a licensed therapist, or chiropractor; and
- The Member is progressing toward the Treatment goals in response to participating in the therapy.

For a Member with a physical disability, Treatment goals may include maintenance of functioning or prevention of or slowing of other deterioration.

Therapies for Children with Developmental Delays

The Plan includes benefits for the Treatment of "Developmental Delays," which means a significant variation in normal development as measured by appropriate diagnostic instruments and procedures in one or more of the following areas:

- Cognitive.
- Physical.
- Communication.
- Social or Emotional; or
- Adaptive.

Treatment includes the necessary rehabilitative and habilitative therapies in accordance with an "Individualized Family Service Plan," which is the initial and ongoing Treatment plan developed and issued by the Interagency Council on Early Childhood Intervention under Chapter 73 of the Human Resources Code for a Dependent child with Developmental Delays, including:

- Occupational therapy evaluations and services.
- Physical therapy evaluations and services.
- Speech therapy evaluations and services; and
- Dietary or nutritional evaluations.

You must submit an Individualized Family Service Plan to Us before the Member receives any benefits, and again if the Individualized Family Service Plan is changed. After a child is three (3) years of age and services under the Individualized Family Service Plan are completed, the standard contractual provisions in this Evidence of Coverage and any benefit exclusions or limitations will apply.

Home Health Care

The Plan covers Medically Necessary Preauthorized Home Health Care consisting of:

- Skilled nursing by a registered nurse or licensed vocational nurse under the supervision of at least one registered nurse and at least one Physician.
- Physical, occupational, speech and respiratory therapy.
- The services of a home health aide under the supervision of a registered nurse; and
- The furnishing of medical equipment and supplies other than Prescription Drugs and medicines.

Home Health Care provides benefits for payment or other consideration in a patient's residence under a plan of care that is:

- Established, approved in writing, and reviewed at least every two (2) months by the attending Physician; and
- Certified by the attending Physician as necessary for medical purposes.

Home Health Care is provided unless the attending Physician certifies that hospitalization or confinement in a Skilled Nursing Facility would be required if a Treatment plan for Home Health Care were not provided.

Hospice Care

Hospice Care benefits are included under the Plan when provided by a Hospice to a Member confined at home or in a Participating Facility due to a terminal sickness or terminal injury requiring skilled care if Preauthorized and the following conditions are met:

- The benefits are provided to Member by a Participating Provider licensed by the State of Texas; and,
- The Participating Provider certified the Member has a limited life expectancy of six (6) months or less due to a terminal illness.

Hospice Care includes the provision of pain relief, symptom management and supportive benefits to terminally ill Members and their immediate families on both an outpatient and inpatient basis.

Maternity Services

The Plan provides maternity care benefits including:

- Participating Provider prenatal and postnatal obstetrical care.
- Labor and delivery services.
- Hospital room and board for the mother.
- The care of complicated pregnancies in conjunction with the delivery of a child or children by a Member. Complications of Pregnancy are treated as any other illness or sickness. Routine deliveries are to be under the care of a Participating Provider at a Participating Hospital; and
- In-home care for high-risk pregnancy.

Prenatal obstetrical care is considered well woman care and is not subject to a Copayment under Preventive Care.

Copayments are required for each day of inpatient care for the mother, and for each day of inpatient care for the newborn for the amount and days as stated in the Schedule of Benefits. The Plan covers inpatient care for the mother and newborn child in a health care Facility for a minimum of:

- forty-eight (48) hours following an uncomplicated vaginal delivery; and
- ninety-six (96) hours following an uncomplicated delivery by caesarean section.

If the Member's newborn qualifies as an Eligible Dependent and requires confinement in a Neonatal Intensive Care Unit (NICU), then any applicable Deductible and Copayment will be applied separately to the Member's newborn, for any covered benefits associated with that confinement. This is in addition to any applicable Mother Deductible and Copayment.

Comprehensive Hospital benefits for routine nursery care of a newborn child, including newborn screening tests, including the cost and administration of the test kit, are available so long as the child qualifies as an Eligible Dependent as defined in the **Eligibility and Enrollment** section of this Evidence of Coverage.

The determination of whether a delivery is complicated shall be made by the Participating Provider. If the decision is made to discharge a mother or newborn child from inpatient care before the expiration of the above time frames, The Plan shall provide coverage for timely Post-Delivery Care, to be provided by a Participating Provider, registered nurse or other appropriate Participating Health Professional and may be provided at the mother's home, Participating Provider's office, Participating Facility, or other appropriate location. Post-Delivery Care means postpartum benefits provided in accordance with accepted maternal and neonatal physical assessments. The term includes:

- Parent education.
- Assistance and training in breast-feeding and bottle feeding; and
- The performance of any necessary and appropriate clinical tests.

In the event a Member delivers within a Non-Participating Hospital, a routine delivery, which does not meet the definition of Emergency Care, shall not be considered Emergency Care, and will not be covered under the Plan.

Family Planning

Family Planning benefits shall be provided as Medically Necessary. Examples include:

- counseling.
- sex education instruction in accordance with medically acceptable standards.
- diagnostic procedures to determine the cause of Infertility of the Member. Treatment of Infertility is not a covered benefit under this provision.
- vasectomies and tubal ligations.
- laparoscopies.

Benefits are provided for FDA approved contraceptive methods and procedures for all women with reproductive capacity, including injectable drugs and implants, intra-uterine devices, diaphragms, and the professional services associated with them.

Coverage of prescription contraceptive drugs provides for a Member to obtain:

- a three (3) month supply of the covered prescription contraceptive drug when it is first prescribed; and
- a twelve (12) month supply of the covered prescription contraceptive drug for subsequent prescriptions of the same drug regardless of whether the Member was previously covered by the Plan for the first prescription.

A Member may obtain only one (1) twelve (12) month supply of a covered prescription contraceptive drug per Plan year.

Fertility Preservation

The Plan provides coverage for fertility preservation services to a Member who will receive a Medically Necessary Treatment for cancer, including surgery, chemotherapy, or radiation, that the American Society of Clinical Oncology or the American Society for Reproductive Medicine has established may directly or indirectly cause impaired fertility.

Durable Medical Equipment and Devices

Medically Necessary Durable Medical Equipment, Orthotic Devices, or Prosthetic Devices shall be covered under this Evidence of Coverage. The Medical Director in consultation with the treating Physician shall

determine the conditions under which such equipment and appliances shall be covered. The conditions include but are not limited to the following:

- the length of time covered.
- the equipment covered.
- the supplier, and
- the basis of coverage.

Consumable Supplies

Consumable supplies are non-durable medical supplies that:

- are usually disposable in nature.
- cannot withstand repeated use by more than one Member.
- are primarily and customarily used to serve medical purposes.
- generally, are not useful to a Member in the absence of illness or injury; and
- may be ordered and/or prescribed by a Physician.

Consumable supplies are a covered benefit only if the supply is required in order to use with covered Durable Medical Equipment, Orthotic Device, or Prosthetic Device. Repair, maintenance, and cleaning due to abnormal wear and tear or abuse are the Member's responsibility.

Durable Medical Equipment

Durable Medical Equipment may be covered as a purchased or rented item at the discretion of the Plan. Rented or loaned equipment must be returned in satisfactory condition and the Member is responsible for cleaning and repair required due to abnormal wear and tear or abuse. Coverage for rented or loaned equipment is limited to the amount such equipment would cost if purchased by the Issuer from a Participating Provider. We shall have no liability for installation, maintenance, or operation of such equipment for home-based use.

Orthotic Devices

The Plan provides benefits for the following Medically Necessary devices consisting of the initial device, professional services for fitting and use, and replacement of the device, if replacement is not due to misuse or loss of the device and normal repairs:

- orthopedic or corrective shoes.
- shoe inserts.
- arch supports.
- orthotic inserts and other supportive devices including ankle braces required for recovery after surgery.

Orthotic Device coverage is limited to the most appropriate model of Orthotic Device that adequately meets the Member's needs as determined by the Member's Participating Provider, the Plan shall provide coverage for Orthotic Devices subject to the applicable Copayments specified in the Schedule of Benefits.

Prosthetic Devices

Prosthetic Devices may require Preauthorization to be covered under conditions determined by Our Medical Director as Medically Necessary to replace defective parts of the body following injury or illness. Members should contact Us to confirm whether the device requires Preauthorization. Examples of Medically Necessary covered devices including the initial device, professional services for fitting and use, and replacement of the device if replacement is not due to misuse or loss of the device, and normal repairs are:

- artificial arms, legs, hands, feet, eyes.
- breast prostheses, and surgical brassieres after mastectomy for breast cancer.

Prosthetic Device coverage is limited to the most appropriate model of Prosthetic Device that adequately meets the Member's needs as determined by the Member's Participating Provider. For Prosthetics, the Plan shall provide coverage subject to the applicable Copayments, specified in the Schedule of Benefits.

Hearing Aids and Cochlear Implants

The Plan provides the following benefits for hearing aids or cochlear implants:

- Fitting and dispensing services and the provision of ear molds as necessary to maintain optimal fit of hearing aids.
- Any Treatment related to hearing aids and cochlear implants, including coverage for habilitation and rehabilitation as necessary for educational gain; and
- For a cochlear implant, an external speech processor and controller with necessary component replacements every three (3) years.

We will not deny a Member's claim for hearing aids solely because the hearing aid is more expensive than the plan benefit, however, We are not required to pay more than the Plan's benefit for the hearing aid.

Limitations:

- One (1) hearing aid in each ear every three (3) years; and
- Hearing aid prescription must be written by:
 - o A Physician certified as an otolaryngologist or otologist; or
 - o An audiologist who
 - is legally qualified in audiology; or
 - holds a certificate of Clinical Competence in Audiology from the American Speech and Hearing Association in the absence of any licensing requirements; and who performs the exam at the written direction of a legally qualified otolaryngologist or otologist.
- When alternate hearing aids can be used, the Plan's coverage may be limited to the cost of the least expensive device that is:
 - o Customarily used nationwide for Treatment, and
 - o Deemed by the medical profession to be appropriate for Treatment of the condition in question. The device must meet broadly accepted standards of medical practice, considering your physical condition. Members should review the differences in the cost of alternate Treatment with their Physician. A Member and their Physician may still choose the more costly Treatment method however the Member is responsible for any charges in excess of what The Plan will cover.
- One cochlear implant in each ear with internal replacement as medically or audio logically necessary.

Coverage required under this section is subject to any provision that applies generally to coverage provided for Durable Medical Equipment benefits under the Plan, including a provision relating to Deductibles Copayments or Preauthorization. Preauthorization may be required.

Coverage Of Prescription Drugs

Members may be entitled to Medically Necessary Prescription Drugs depending upon the type of drug, the setting in which the drug is administered, and whether a Prescription Drug Rider is attached to this Evidence of Coverage. This provision sets forth the circumstances in which Prescription Drugs are covered under this Plan.

Inpatient Prescription Drugs

Prescription Drugs, including Specialty Drugs, administered while admitted to a participating inpatient Facility will be covered as part of a Member's inpatient benefit, and no additional Deductibles or Copayments are required for Prescription Drugs so administered.

Outpatient Specialty Drugs

Outpatient Prescription Drugs designated on the drug Formulary as Specialty Drugs are covered under this Plan, subject to the outpatient Specialty Drug Copayments and Deductibles indicated in the Schedule of Benefits.

Members may contact the Issuer to obtain a copy of the Specialty Drugs appearing on the drug Formulary.

Specialty Drugs may require Preauthorization by Our Medical Director.

Copayments for Non-Preferred Specialty Drugs will not be considered Out-of-Pocket Expenses for purposes of meeting Maximum Out of Pocket.

Outpatient Non-Specialty Drugs Administered in Outpatient Setting

Outpatient Prescription Drugs which do not meet the definition of Specialty Drugs, and which are dispensed and administered to a Member in the office of a Participating Provider or in another outpatient setting, will be covered as a part of a Member's Medical Benefit, and no additional Copayments are required for outpatient Prescription Drugs so dispensed and administered.

Outpatient Prescription Drugs which do not meet the definition of Specialty Drugs, and which are dispensed and administered to a Member in the office of a Participating Provider or in another outpatient setting which cost \$300 or more for a single dose, and refillable prescriptions whose total cost during a twelve (12) month period could equal or exceed \$1,000, may require Preauthorization by Our Medical Director.

Outpatient Prescription Drugs which do not meet the definition of Specialty Drugs, and which are dispensed by a pharmacy and administered to a Member in the office of a Participating Provider, or in another outpatient setting, require approval of Our Medical Director in order to be covered as a part of the Member's Medical Benefit. Without the prior approval of Our Medical Director, coverage for outpatient Prescription Drugs which do not meet the definition of Specialty Drugs and are dispensed by a pharmacy and administered by a Participating Provider will be excluded under this Plan, unless covered by a Prescription Drug Rider.

Outpatient Specialty Drugs will be covered pursuant to the outpatient Specialty Drugs benefit of this Plan, regardless of whether or not the Specialty Drug is administered in the office of a Participating Provider or other outpatient setting.

Outpatient Prescription Drugs

Unless otherwise covered by a Prescription Drug Rider, this Plan excludes outpatient Prescription Drugs that:

- do not meet the definition of Specialty Drugs,
- are not dispensed and administered in the office of a Participating Provider's or other outpatient setting; or
- are dispensed at a pharmacy and administered in the office of a Participating Provider, or other outpatient setting, without prior approval of Our Medical Director.

Determination of Coverage Level for Prescription Drug Benefits

The determination of the coverage level of Prescription Drugs under this Plan and the Prescription Drug Rider, if attached to this Evidence of Coverage, shall be assigned in the following order:

- Prescription Drug administered while admitted in an inpatient setting.
- Outpatient Specialty Drug.
- Outpatient Prescription Drug that is not a Specialty Drug, administered in the office of a Participating Provider or other outpatient setting; or

- Outpatient Prescription Drug that is not a Specialty Drug and is not administered in the office of a Participating Provider, or other outpatient setting, if Prescription Drug Rider is attached to this Evidence of Coverage.

NOTE: All Prescription Drug coverage is subject to the Exclusions and Limitations provision of this Evidence of Coverage.

Outpatient Radiological or Diagnostic Examinations

Outpatient radiological and diagnostic exams shall be covered as Medically Necessary and as prescribed and authorized by a Participating Provider. Examples of such services include:

- Angiograms (but not including cardiac angiograms),
- CT scans,
- MRIs,
- Myelography,
- PET scans; and
- stress tests with radioisotope imaging.

You are required to pay the Copayments listed in the Schedule of Benefits for outpatient radiological or diagnostic examinations.

An ultrasound or cardiac angiogram shall not be subject to a radiological or diagnostic examination Copayment, but if performed in conjunction with an office visit or outpatient surgery, you will be responsible for the appropriate office visit or outpatient surgery Copayment as listed in the Schedule of Benefits.

Phenylketonuria or Heritable Metabolic Disease

Coverage for specialty dietary formulas necessary to treat Phenylketonuria or a Heritable Metabolic Disease are available to Members as prescribed by a Participating Provider. The formulas are provided to the extent this Plan provides coverage for other drugs that are available upon Physician orders. Heritable Metabolic Diseases are inherited diseases that may result in mental or physical retardation or death. Phenylketonuria is an inherited condition that may cause severe mental retardation if not treated.

Breast Reconstruction Benefits

If a Member has had or will have a mastectomy to treat disease, trauma, or physical complications, coverage for breast reconstruction incident to mastectomy shall be provided under the same terms and conditions of this Evidence of Coverage as for the mastectomy, as deemed medically appropriate by the Participating Provider who will perform the surgery.

Breast reconstruction means surgical reconstruction of a breast and nipple areola complex to restore and achieve breast symmetry necessitated by mastectomy surgery. The term includes surgical reconstruction of a breast on which mastectomy surgery has been performed under the terms of this Evidence of Coverage as well as surgical reconstruction of an unaffected breast to achieve or restore symmetry with such reconstructed breast. The term also includes prostheses and Treatment of physical complications, including lymphedemas, at all stages of mastectomy.

Once symmetry has been attained, the term does not include subsequent breast surgery to affect a cosmetic change, such as cosmetic surgery to change the size and shape of the breasts. However, the term shall include Treatment for functional problems, such as functional problems with a breast implant used in the breast reconstruction. Symmetry means the breasts are similar, as opposed to identical, in size and shape.

Coverage for the Treatment of breast cancer includes coverage of a minimum of forty-eight (48) hours of inpatient care following a mastectomy and twenty-four (24) hours of inpatient care following a lymph node

dissection for the Treatment of breast cancer unless a Member, and the attending Physician determine that a shorter period of inpatient care is appropriate.

Amino Acid-Based Elemental Formulas

The Plan includes benefits for Medically Necessary Amino Acid-Based Elemental Formulas as ordered by a Participating Provider.

Regardless of the formula delivery method, Amino Acid-Based Elemental Formulas provided under the written order of a Participating Provider is covered for the Treatment or diagnosis of:

- Immunoglobulin E and non-immunoglobulin E mediated allergies to multiple food proteins.
- Severe food protein-induced enterocolitis syndrome.
- Eosinophilic disorder, as evidenced by the results of a biopsy; and
- Impaired absorption of nutrients caused by disorders affecting the absorptive surface, functional length, and motility of the gastrointestinal tract.

Organ and Tissue Transplants

Subject to the conditions described below, benefits are provided to a Member by a Participating Provider related to an organ or tissue transplant will be determined as follows, but only if all the following conditions are met:

- The transplant procedure is not Experimental or Investigational in nature.
- Donated human organs or tissue or an FDA-approved artificial device are used.
- The recipient is a Member under the Plan.
- The transplant procedure is Preauthorized as required under the Plan.
- The Member meets all the criteria used by Us to determine Medical Necessity for the transplant.
- The Member meets all the protocols and has been approved for transplant by the Participating Facility in which the transplant is performed.
- Benefits related to an organ or tissue transplant, or FDA approved artificial device include, but are not limited to, imaging studies (e.g., x-rays, CT scan, MRI, scan), laboratory testing, Chemotherapy, radiation therapy, Prescription Drugs, procurement of organs or tissues from a living or deceased donor, and complications arising from such transplant.
- Services are coordinated through Our health services department.
- The Member uses a Preauthorized transplant network which may be different than the Member's Plan Network.

Covered transplants, using human tissue only, if determined Medically Necessary and approved by Our Medical Director as not Experimental or not Investigational for the Member's condition may include:

- kidney transplants,
- corneal transplants,
- liver transplants,
- bone marrow transplants for aplastic anemia, leukemia, severe combined immunodeficiency disease, and Wiskott-Aldrich syndrome,
- heart,
- heart-lung,
- lung,
- pancreas; and
- pancreas-kidney.

Coverage of each type of solid Organ Transplant is limited to:

- one (1) initial transplant; and
- one (1) subsequent re-transplant due to rejection.

Member transplant medical costs for the removal of organs, tissues, or bone marrow from a live donor are covered, but only to the extent that such costs are not covered by the donor's group or individual health plan, benefit contract, prepayment plan, or other arrangement for coverage of medical costs, whether on an insured or uninsured basis.

If the donor is also a Member, coverage is subject to all procedures, limitations, exclusions, Copayments, Coinsurance and Deductibles that apply under the donor-Member's plan only if all the above conditions are met.

Acquired Brain Injury

Coverage includes:

- Cognitive Rehabilitation Therapy.
- Cognitive Communication Therapy.
- Neurocognitive Therapy and Rehabilitation.
- Neurobehavioral, Neuropsychological, Neurophysiological and Psychophysiological Testing and Treatment.
- Neurofeedback Therapy.
- Remediation.
- Post-Acute Transition and Community Reintegration Services, including Outpatient Day Treatment; and
- Post-Acute Care Treatment

Treatment for an Acquired Brain Injury may be provided at a Hospital, an acute or post-acute rehabilitation Hospital, an assisted living Facility or any other Facility at which appropriate benefits may be provided.

Service means the work of testing, Treatment, and providing therapies to a Member with an Acquired Brain Injury.

Therapy means the scheduled remedial Treatment provided through direct interaction with the Member to improve a pathological condition resulting from an Acquired Brain Injury.

To ensure that appropriate Post-Acute-Care Treatment Service is provided, the Plan includes benefits for reasonable expenses related to periodic reevaluation of the care of a Member who:

- Has incurred an Acquired Brain Injury.
- Has been unresponsive to treatment; and
- Becomes responsive to treatment later.

Treatment goals for the Member may include the maintenance of functioning or the prevention of or slowing of further deterioration.

Benefits for the Medically Necessary Treatment of an Acquired Brain Injury will be determined on the same basis as Treatment for any other physical condition.

Autism Spectrum Disorder

Benefits are provided for generally recognized services in relation to Autism Spectrum Disorder by a Participating Provider in a Treatment plan recommended by that provider. An individual providing Treatment for Autism Spectrum Disorder must be:

- A Participating Health Professional:
 - o licensed, certified, or registered by an appropriate agency in the state of Texas,
 - o whose professional credential is recognized and accepted by an appropriate agency of the United States; or
 - o is certified as a provider under the TRICARE military health system.
- An individual acting under the supervision of a Participating Health Professional is described under

this provision.

Generally recognized services include, but are not limited to:

- screening a child at the ages of 18 and 24 months.
- treatment to a Member from the date of diagnosis.
- evaluation and assessment services.
- applied behavior analysis.
- behavior training and management.
- speech, physical, and occupational therapy; and
- medications used to address symptoms of the Autism Spectrum Disorder.

Benefits for the Treatment of an Autism Spectrum Disorder will be determined on the same basis as Treatment for any other physical condition. Benefit limits do not apply for Autism Spectrum Disorder.

Clinical Trials – Routine Patient Care

Benefits are available to Members for Routine Patient Care Costs in connection with the Member participating in a phase I, phase II, phase III, or phase IV clinical trial if the clinical trial is conducted in relation to the prevention, detection, or Treatment of cancer or other Life-Threatening Disease or Condition and is described in any of the following paragraphs:

- Federally funded trials for the study or investigation are approved or funded by one or more of the following:
 - o The Centers of Disease Control and Prevention of the United States Department of Health and Human Services.
 - o The National Institutes of Health.
 - o The Agency for Health Care Research and Quality.
 - o The Centers for Medicare and Medicaid Services.
 - o Cooperation group or centers of any of the entities described in clauses (i)-(iv) of the Department of Defense or the Department of Veteran Affairs.
 - o A qualified non-government research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - o An institutional review board of an institution in this state that has an agreement with the Office for Human Research Protections of the United States Department of Health and Human Services.
 - o Any of the following, if the study or investigation conducted by such Department has been reviewed and approved through a system of peer review that the Secretary determines to be comparable to the system of peer review of studies and investigations used by the National Institute of Health and assured unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
 - the United States Department of Defense.
 - the United States Department of Veterans Affairs.
 - the United States Department of Energy.
- The study or investigation is conducted under an investigational new drug application reviewed by the Food and Drug Administration.
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.

We are not required to reimburse the Research Institute conducting the clinical trial for the Routine Patient Care Cost provided through the Research Institute unless the Research Institute and each provider providing routine patient care through the Research Institute, agrees to accept reimbursement at the rates that are established under the Plan, as payment in full for the routine patient care provided in connection with the clinical trial.

This provision does not provide benefits for services that are a part of the subject matter of the clinical trial and that are customarily paid for by the Research Institute conducting the clinical trial.

We may not cancel or refuse to renew coverage solely because a Member participates in a clinical trial.

Cardiovascular Disease Screening

Benefits are available for one of the following noninvasive screening tests for atherosclerosis and abnormal artery structure and function every five (5) years when performed by a facility or provider that is certified by a recognized national organization:

- Preauthorized as Medically Necessary Computed tomography (CT) scanning measuring coronary artery calcifications; or
- Ultrasonography measuring carotid intima-media thickness and plaque.

Tests are available to each Member who is:

- A male older than 45 years of age and younger than 76 years of age, or
- A female older than 55 years of age and younger than 76 years of age.

The Member must have diabetes or have a risk of developing coronary heart disease, based on a score derived using the Framingham Heart Study coronary prediction algorithm that is intermediate or higher.

Biomarker Testing

We provide coverage for biomarker testing for the purpose of diagnosis, treatment, appropriate management, or ongoing monitoring of a Member's disease or condition to guide treatment when the test is supported by the following kinds of medical and scientific evidence:

- a labeled indication for a test approved or cleared by the United States Food and Drug Administration,
- an indicated test for a drug approved by the United States Food and Drug Administration,
- a national coverage determination made by the Centers for Medicare and Medicaid Services, or a local coverage determination made by a Medicare administrative contractor,
- nationally recognized clinical practice guidelines; or
- consensus statements.

Coverage is provided in a manner that limits disruptions in care, including the number of biopsies and biospecimen samples.

Exclusions and Limitations

The benefits under this Evidence of Coverage shall not include or shall be limited by the following:

Abortions

Elective abortions, which are not necessary to preserve a Member's health, are excluded.

Altered Sexual Characteristics

Any procedures or Treatments designed to alter physical characteristics of a Member, or a Member's biologically determined sex to those of another sex, regardless of any diagnosis of gender role disorientation or psychosexual orientation, including Treatment for hermaphroditism and any studies or Treatment related to sex transformation or hermaphroditism, are excluded.

Blood and Blood Products

Blood, blood plasma, and other blood products are excluded. Administration of whole blood and blood plasma in an inpatient setting is a covered benefit.

Breast Implants

Non-Medically Necessary implantation of breast augmentation devices, removal of breast implants, and replacement of breast implants are excluded.

Chiropractic Services

Chiropractic Services are excluded.

Cosmetic or Reconstructive Procedures or Treatments

Unless otherwise covered under this Evidence of Coverage, cosmetic or reconstructive procedures or other Treatments which improve or modify a Member's appearance are excluded. Examples of excluded procedures include, but are not limited to, liposuction, abdominoplasty, blepharoplasty, face lifts, osteotomies, correction of malocclusions, rhinoplasties, and mammoplasties. The only exceptions to this exclusion include certain procedures determined as Medically Necessary and approved by Our Medical Director which are required solely because of any of the following: (1) an accidental bodily injury; (2) disease of the breast tissue; (3) a congenital or birth defect which was present upon birth; or (4) surgical Treatment of an illness. As medically appropriate and at the discretion of Our Medical Director, any Treatment which would result in a cosmetic benefit may be delayed until such time as a Member has completed other alternative, more conservative Treatments recommended by Our Medical Director.

Court-Ordered Care

Health care provided solely because of the order of a court or administrative body, in which health care would otherwise not be covered under this Evidence of Coverage, is excluded.

Custodial Care

Custodial Care as follows is excluded:

- Any service, supply, care, or Treatment that Our Medical Director determines to be incurred for rest, domiciliary, convalescent or Custodial Care.
- Any assistance with activities of daily living which include activities such as walking, getting in and out of bed, bathing, dressing, feeding, toileting, and taking drugs; or
- Any Care that can be performed safely and effectively by a person who does not require a license or certification or the presence of a supervisory nurse.

Such services will not be covered benefits no matter who provides, prescribes, recommends, or performs those services. The fact that certain covered benefits are provided while a Member is receiving Custodial Care does not require the Issuer to cover Custodial Care.

Dental Care

All dental care is excluded.

Disaster or Epidemic

In the event of a major disaster or epidemic, care shall be provided insofar as practical, according to the best judgment of Health Professionals and within the limitations of facilities and personnel available; but neither the Issuer, nor any Health Professional shall have any liability for delay or failure to provide or to arrange for care due to a lack of available facilities or personnel.

Elective Treatment or Elective Surgery

Elective Treatments or elective surgery, and complications of elective Treatments or elective surgery, are excluded.

Exceeding Benefit Limits

Any benefit provided to a Member who has exceeded a benefit maximum are excluded from coverage, regardless of authorization status, as permitted by law.

Experimental or Investigational Treatment

Any Treatment, which is considered to be Experimental or Investigational is excluded.

Family Member (Services Provided by)

Treatments or services furnished by a Physician or provider who is related to a Member, by blood or marriage, and who ordinarily dwells in a Member's household, or any services or supplies for which a Member would have no legal obligation to pay in the absence of this Evidence of Coverage or any similar coverage; or for which no charge or a different charge is usually made in the absence of health care coverage, are excluded.

Family Planning Treatment

The reversal of an elective sterilization procedure; condoms, foams, contraceptive jellies, and ointments are excluded.

Genetic Testing

Genetic tests are excluded unless approved by the FDA, ordered by a Participating Provider, and approved by Our Medical Director.

Household Equipment

The purchase or rental of household equipment which has a customary purpose other than medical, such as, but not limited to exercise cycles, air purifiers, central or unit air conditioners, water purifiers, allergenic pillows, mattresses, or waterbeds is excluded.

Household Fixtures

Fixtures, including, but not limited to, the purchase or rental of escalators or elevators, saunas, swimming pools or other household fixtures are excluded.

Infertility Diagnosis and Treatment

The following Infertility services are not covered:

- in vitro fertilization unless covered by a Rider,
- artificial insemination,
- gamete intrafallopian transfer,
- zygote intrafallopian transfer, and similar procedures,
- drugs whose primary purpose is the Treatment of Infertility,
- reversal of voluntarily induced sterility,
- surrogate parent services and fertilization,
- donor egg or sperm,
- abortions unless determined to be Medically Necessary or required to preserve the life of the mother.

Mental Health

Services for mental illness or disorders are limited to those services described in Mental Health Care and Chemical Dependency provisions of this Evidence of Coverage.

Miscellaneous

Artificial aids, corrective appliances, and medical supplies, such as batteries, condoms, dressings, syringes (except for insulin syringes), dentures, eyeglasses, and corrective lenses, are excluded.

Non-Covered Benefits/Services

Treatments, which are excluded from coverage under this Evidence of Coverage and complications of such Treatments, are excluded.

Non-Emergency Care when traveling outside the U.S.

Non-Emergent Treatment for Non-Participating Providers

In cases involving non-emergent Treatments performed or prescribed by Non-Participating Providers, either inside or outside of the Service Area, and for which the Issuer has not authorized an out-of-network referral, the Issuer will not cover any expenses associated with such Treatments. Complications of those Treatments will not be covered prior to the date the Issuer arranges for Member's transfer to Participating Providers.

Non-Payment for Excess Charges

No payment will be made for any portion of the charge for a service or supply in excess of the Usual and Customary Rate for such service or supply prevailing in the area in which the service or supply was received.

Organ Transplants and Post-Transplant Care is not covered if:

- the transplant operation is performed in China, or another country known to have participated in Forced Organ Harvesting,

the human organ to be transplanted was procured by a sale or donation originating from China or another country known to have participated in Forced Organ Harvesting,

Personal Comfort Items

Personal items, comfort items, food products, guest meals, accommodations, telephone charges, travel expenses, private rooms unless Medically Necessary, take-home supplies, barber and beauty services, radio, television or videos of procedures, vitamins, minerals, dietary supplements, and similar products except to the extent specifically listed as covered under this Evidence of Coverage, are excluded.

Physical and Mental Exams

Physical, psychiatric, psychological, other testing or examinations and reports for the following are excluded:

- obtaining or maintaining employment,
- obtaining or maintaining licenses of any type,
- obtaining or maintaining insurance
- otherwise relating to insurance purposes and the like,
- educational purposes,
- services for non-medically necessary special education and developmental programs,
- premarital and pre-adoptive purposes by court order,
- relating to any judicial or administrative proceeding,
- medical research.

Pregnancy Induced under a Surrogate Parenting Agreement

Services for conditions of pregnancy for a surrogate parent when the surrogate is a Member are covered, but when compensation is obtained for the surrogacy, the Issuer shall have a lien on such compensation

to recover Our medical expense. A surrogate parent is a woman who agrees to become pregnant with the intent of surrendering custody of the child to another person.

Prescription Drugs

Over-the-counter drugs are not covered. Unless covered by a Prescription Drug Rider, coverage for drugs is limited to:

- those pharmaceutical products prescribed or ordered by a Participating Provider, utilized by the Member while in the Hospital, approved by the Food and Drug Administration (FDA) to sell for the use in humans, and used for the purpose approved by the FDA.
- Specialty Drugs as provided in the outpatient Specialty Drugs provision of this Evidence of Coverage.
- Non-Specialty Drugs that are dispensed and administered in the office of a Participating Provider, or other outpatient setting, pursuant to the Coverage of Prescription Drugs provision of this Evidence of Coverage.
- Non-Specialty Drugs that are dispensed at a pharmacy and administered in the office of a Participating Provider, or other outpatient setting, with prior approval of Our Medical Director pursuant to the Coverage of Prescription Drugs provision of this Evidence of Coverage.

Refractive Keratotomy

Radial Keratotomy and other refractive eye surgery is excluded.

Reimbursement

The Issuer shall not pay any provider or reimburse a Member for any health care service for which a Member would have no obligation to pay in the absence of coverage under this Evidence of Coverage.

Routine Foot Care

Services for routine foot care, including, but not limited to, trimming of corns, calluses, and nails, except those services related to systemic conditions are excluded.

Speech and Hearing Loss

Unless covered by a Rider, services for the loss or impairment of speech or hearing are limited to those rehabilitative services described in the Rehabilitative Therapy provision.

Storage of Bodily Fluids and Body Parts

Long term storage (longer than 6 months) of blood and blood products is excluded. Storage of semen, ova, bone marrow, stem cells, DNA, or any other bodily fluid or body part is excluded unless approved by Our Medical Director.

Transplants

Organ and bone marrow transplants and associated donor/procurement costs for a Member are excluded except to the extent specifically listed as covered in this Evidence of Coverage.

Treatment Received in State or Federal Facilities or Institutions

No payment will be made for services, except Emergency Care, received in Federal facilities or for any items or services provided in any institutions operated by any state, government, or agency when a Member has no legal obligation to pay for such items or services; except, however, payment will be made to the extent required by law provided such care is approved in advance by a Participating Provider and Our Medical Director.

Unauthorized Services

Non-emergency health care services which are not provided, ordered, prescribed, or authorized by a Participating Provider are excluded.

Vision Corrective Surgery

Traditional or laser surgery for the purposes of correcting visual acuity is excluded.

War, Insurrection or Riot

Treatment for injuries or sickness as a result of war, riot, civil insurrection, or act of terrorism are excluded.

Weight Reduction

Weight reduction programs, food supplements, services, supplies, surgeries including but not limited to gastric bypass, gastric stapling, vertical banding, or gym memberships, even if a Member has medical conditions that might be helped by weight loss; or even prescribed by a Physician are not covered.

Claim Filing, Complaints and Appeal Procedures

The Issuer has the authority to review Claims in accordance with the procedures contained herein to determine if the Claims are covered by the Agreement.

Claim Filing Procedure

You will not ordinarily need to pay any person or Facility for benefits provided under the Agreement. However, if a Member receives benefits from facilities which do not routinely contract with the Issuer, for example in the case of an emergency, You may be asked to pay that person or Facility directly. You are entitled to reimbursement for such payments to the extent those benefits are covered under the Agreement provided:

- You submit written proof of and Claim for payment to the Issuer at Our office.
- the written proof and Claim for payment are acceptable to the Issuer.
- The Issuer receives the written proof and Claim for payment within sixty (60) days of the date the benefits were received by the Member, and
- the Member has complied with the terms of the Agreement.

Failure to File Claim Within 60-Days

Failure to submit written proof of and Claim for payment within the sixty (60) day period shall not invalidate or reduce Your entitlement to reimbursement provided it was not reasonably possible for You to submit such proof and Claim within the time allowed and written proof of and Claim for payment were filed as soon as reasonably possible.

Written proof and Claim for payment submission should consist of itemized receipts containing:

- name and address where services were received.
- date service was provided.
- amount paid for service, and
- diagnosis for visit.

Claims for reimbursement should be sent to:

Scott and White Health Plan d/b/a Baylor Scott & White Health Plan
Attn: Claim Department
1206 W. Campus Drive, Temple, TX 76502

In no event will the Issuer have any obligation under the Agreement if such proof of and Claim for payment is not received by the Issuer within one (1) year of the date the services were provided to a Member.

Acknowledgement of Claim

Not later than the fifteenth (15th) day after receipt of Your Claim, the Issuer will acknowledge in writing receipt of the Claim; begin any investigation of the Claim; and request from You any necessary information, statements, or forms. Additional requests for information may be made during the course of the investigation.

Acceptance or Rejection of Claim

Not later than the fifteenth (15th) business day after receipt of all requested items and information, the Issuer will notify You in writing of the acceptance or rejection of the Claim and the reason if rejected; or notify You that additional time is needed to process the Claim and state the reason the Issuer needs additional time. If additional time is needed to make a decision, the Issuer shall accept or reject the Claim no later than the forty-fifth (45th) day after You have been notified of the need for additional time.

Payment of Claim

Claims will be paid no later than the fifth (5th) business day after notification of acceptance.

Payment to Physician or Provider

Payment by the Issuer to the person or Facility providing the services to the Member shall discharge the Issuer's obligations under this section.

Limitations on Actions

No action at law or in equity shall be brought to recover payment of a Claim under the Agreement prior to the expiration of sixty (60) days from the date written proof of and Claim for payment, as described above, was received by the Issuer. In no event shall such action be brought after two (2) years from the date on which the Claim for payment is made.

Complaint Procedure

We recognize that a Member, Physician, provider, or other person designated to act on behalf of a Member may encounter an event in which performance under the Agreement does not meet expectations. It is important that such an event be brought to the attention of the Issuer. We are dedicated to addressing problems quickly, managing the delivery of benefits effectively, and preventing future Complaints or Appeals. The Issuer will not retaliate against a Member because a Member, a Member's Provider or a person acting on a Member's behalf files a Complaint or Appeals a decision made by the Issuer.

We offer Members the opportunity to file a Complaint within one hundred eighty (180) days to dispute the benefit/Claim processing. Members are required to file a Complaint in writing and can call Customer Service to begin the process. If Our resolution of the Complaint is unsatisfactory Member, the Member will be afforded the opportunity to Appeal that Complaint.

In some cases, We may ask for additional time to process a Member's Complaint. If a Member does not wish to allow additional time, We will decide a Member's Complaint based on the information We have. This may result in a denial of a Member's Complaint.

We will send an acknowledgment letter upon receipt of oral or written Complaints no later than five (5) business days after the date of receipt. The acknowledgment letter will include a description of Our Complaint procedures and time frames. If the Complaint is received orally, We will also enclose a one-page Complaint form, which must be returned for prompt resolution of the Complaint.

We will acknowledge, investigate, and resolve all Complaints within thirty (30) calendar days after the date of receipt of the written Complaint or one-page Complaint form.

The Complaint resolution letter will include the specific reason(s) for Our determination. The response letter will also contain a full description of the process for Appeal, including the time frames for the Appeals process and the time frames for the final decision on the Appeal.

Complaints concerning an emergency, or a denial of continued hospitalization are resolved no later than one (1) business day after We receive the Complaint.

Appeal of Complaints

If the Complainant is not satisfied with the Issuer's resolution of the Complaint, the Complainant will be given the opportunity to appear before an Appeal panel at the site of which the Member normally receives benefits or at another site agreed to by the Complainant or address a written Appeal to an Appeal panel.

The Issuer will send an acknowledgment letter of the receipt of oral or written Appeal from Complainants no later than five (5) business days after the date of the receipt of the Appeal. The acknowledgment letter will include a description of Our Appeal procedures and time frames. If the Appeal is received orally, the Issuer will also enclose a one-page Appeal form, which must be returned for prompt resolution of the Appeal.

The Issuer will appoint members to the Complaint Appeal panel, which shall advise the Issuer on the resolution of the Complaint. The Complaint Appeal panel shall be composed of one Issuer staff member, one Participating Provider, and one Member. No member of the Complaint Appeal panel may have been previously involved in the disputed decision. The Participating Providers must have experience in the same or similar specialty that typically treats the medical condition, performs the procedure, or provides the Treatment in the area of care that is in dispute and must be independent of any Physician or provider who made any prior determination. If specialty care is in dispute, the Participating Provider serving on the Appeal panel must be a specialist in the field of care to which the Appeal relates. The Member may not be an employee of the Issuer.

No later than five (5) business days before the scheduled meeting of the panel, unless the Complainant agrees otherwise, the Issuer will provide to the Complainant or the Complainant's designated representative:

- any documentation to be presented to the panel by Our staff.
- the specialization of any Physicians or providers consulted during the investigation; and
- the name and affiliation of each Issuer representative on the panel.

The Complainant, or designated representative if the enrollee is a minor or disabled, is entitled to:

- appear before the Complaint Appeal panel in person or by other appropriate means.
- present alternative expert testimony; and
- request the presence of and question any person responsible for making the prior determination that resulted in the Appeal.

Notice of the final decision of the Issuer on the Appeal will include:

- The specific medical determination.
- The clinical basis for the Appeal's denial.
- The contractual criteria used to reach the final decision.
- The notice will also include the toll-free telephone number and the address of the Texas Department of Insurance.

The Issuer will complete the Appeals Process no later than thirty (30) calendar days after the date of the receipt of the written request for Appeal or one-page Appeal form.

Voluntary Binding Arbitration

If You are enrolled in a plan provided by Your Employer that is subject to ERISA, any dispute involving an Adverse Determination must be appealed under Claim procedure rules outlined above. After the Member has followed the Appeal procedures, any dispute regarding an Adverse Determination may be submitted to voluntary binding arbitration, if both parties agree.

For a Member enrolled in an Employer plan subject to ERISA, any dispute regarding an Adverse Determination, or any dispute which does not involve an Adverse Determination; or for a Member enrolled in a n Employer plan not subject to ERISA, any dispute, may be subject to binding arbitration if:

- the mediation or arbitration will be conducted pursuant to the applicable commercial rules of the American Arbitration Association and applicable Texas statutes governing mediation and arbitration; and
- will be binding if both parties agree to mediation or arbitrations; and
- mediation or arbitration will occur in the county where the Member, or if applicable the beneficiary resides; and

- if the amount in dispute exceeds the jurisdictional limits of the small claims court.

Under this coverage, if binding arbitration is agreed to by both parties, the arbitration findings will be final and binding. We will pay the cost of arbitration. Any disputes regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

Medicare and Subrogation

Medicare

Regardless of any other provisions of the Agreement to the contrary, on and after the first day You or Your Covered Dependent become covered under Medicare and in instances where Medicare would be the primary payor of benefits, You or Your Covered Dependent shall agree to:

You and Your Covered Dependent shall qualify for, and remain continuously qualified for, coverage under Part B of Medicare; and

1. You shall pay the required Premiums for Medicare coverage; and
2. You shall cooperate fully in the coordination of Your health care benefits, including coverage under other terms of the Agreement, and perform such acts as shall be necessary and desirable to facilitate the maximum reimbursement by Medicare, the Issuer, and Participating Providers for the services provided.

Effect on the Benefits of the Plan

The Issuer will pay the difference between the Allowable Expense and the amount paid by Medicare in accordance with the Medicare explanation of medical benefits. Benefits will be reduced proportionally whenever a reduction is required under this provision. The Issuer will then charge these amounts against any applicable benefit limitations.

Method of Payment

The Issuer will have the right, exercisable alone in its sole discretions, to pay directly to any organization making such other payments any amount it determines to be warranted in order to satisfy the intent of this provision. Amounts so paid will be deemed to be benefits under the Plan. These payments will fully discharge the Issuer from all further liability.

Subrogation /Lien/Assignment/Reimbursement

If the Plan pays or provides medical benefits for an illness or injury that was caused by an act or omission of any person or entity, the Plan will be subrogated to all rights of recovery of a plan participant, to the extent of such benefits provided or the reasonable value of services or benefits provided by the Plan. The Plan, once it has provided any benefits, is granted a lien on the proceeds of any payment, settlement, judgment, or other remuneration received by the plan participant from any sources, as allowed by law, including but not limited to:

- a third party or any insurance company on behalf of a third party, including but not limited to premises, automobile, homeowners, professional, DRAM shop, or any other applicable liability or excess insurance policy whether Premium funded or self-insured.
- underinsured/uninsured automobile insurance coverage if You or Your family did not pay the Premium.
- no fault insurance coverage, such as personal injury or medical payments protection.
- any award, settlement or benefit paid under any worker's compensation law, Claim or award.
- any indemnity agreement or contract.

- any other payment designated, delineated, earmarked, or intended to be paid to a plan participant as compensation, restitution, remuneration for injuries sustained or illness suffered as a result of the negligence or liability, including contractual, of any individual or entity.
- any source that reimburses, arranges, or pays for the cost of care.

Regardless of the foregoing, the Plan will comply with the requirements of any applicable state law.

Right to Recovery

The Plan has the right to recover benefits it has paid on the plan participant's behalf that were:

- made in error.
- due to a mistake in fact.
- incorrectly paid by the Plan during the time period of meeting any Out-of-Pocket Maximum for the Calendar Year.

Benefits paid because the plan participant misrepresented facts are also subject to recovery.

If the Plan provides a benefit for the plan participant that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future benefit payment for you or your dependent by the amount of the overpayment.

If the Plan incorrectly pays benefits to you or your dependent during the time period of meeting the Out-of-Pocket maximum for the Calendar Year, the Plan will send you or your dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover benefits by:

- submitting a reminder letter to you or a Covered Dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a Covered Dependent to discuss any outstanding balance owed to the Plan.

Assignment

Upon being provided any benefits from the Plan, a plan participant is considered to have **assigned** his or her rights of recovery from any source including those listed herein to the Plan to the extent of the reasonable value of services as determined by the Plan or benefits provided by the Plan.

No plan participant may assign, waive, compromise, or settle any rights or causes of action that he/she or any dependent may have against any person or entity who causes an injury or illness, or those listed herein, without the express prior written consent of the Plan and/or the Plan administrator.

Reimbursement

If a plan participant does not reimburse the Plan from any settlement, judgment, insurance proceeds or other source of payment, including those identified herein, the Plan is entitled to reduce current or future benefits payable to or on behalf of a plan participant until the Plan has been fully reimbursed.

Plan's Actions

The Plan in furtherance of the rights obtained herein may take any action it deems necessary to protect its interest, which will include, but not be limited to:

- bring an action on its own behalf, or on the plan participant's behalf, against the responsible party or his insurance company and/or anyone listed herein; and
- cease paying the plan participant's benefits until the plan participant provides the Plan Sponsor with the documents necessary for the Plan to exercise its rights and privileges.

Obligations of the Plan Participant to the Plan

- If a plan participant receives services or benefits under the Plan, the plan participant must immediately notify the Plan Sponsor of the name of any individual or entity against whom the plan participant might have a Claim as a result of illness or injury (including any insurance company that provides coverage for any party to the Claim) regardless of whether the plan participant intends to make a Claim. For example, if a plan participant is injured in an automobile accident and the person who hit the plan participant was at fault, the person who hit the plan participant is a person whose act or omission has caused the plan participant's illness or injury.
- A plan participant must also notify any third-party and any other individual or entity acting on behalf of the third-party and the plan participant's own insurance carriers of the Plan's rights of Subrogation, lien, reimbursement, and assignment.
- A plan participant must cooperate with the Plan to provide information about the plan participant's illness or injury including, but not limited to providing information about all anticipated future Treatment related to the subject injury or illness.
- A plan participant authorizes the Plan to pursue, sue, compromise, and settle any claim described herein, and agrees to execute a medical authorization in furtherance of the plan's prosecution of its claim.
- The plan participant agrees to obtain consent of the Plan before settling any Claim or suit or releasing any party from liability for the payment of medical expenses resulting from an injury or illness. The plan participant also agrees to refrain from taking any action to prejudice the Plan's recovery rights.
- The Plan may designate a person, agency, or organization to act for it in matters related to the Plan's rights described herein, and the plan participant agrees to cooperate with such designated person, agency, or organization the same as if dealing with the Plan itself.

Wrongful Death/Survivorship Claims

In the event that the plan participant dies as a result of his/her injuries and a wrongful death or survivorship Claim is asserted the plan participant's obligations become the obligations of the plan participant's wrongful death beneficiaries, heirs and/or estate.

Death of Plan Participant

Should a plan participant die, all obligations set forth herein shall become the obligations of his/her heirs, survivors and/or estate.

Payment

The plan participant agrees to include the Plan's name as a co-payer on any and all settlement drafts or payments from any source.

The fact that the Plan does not assert or invoke its rights until a time after a plan participant, acting without prior written approval of the authorized Plan representative, has made any settlement or other disposition of, or has received any proceeds as full or partial satisfaction of, plan participant's loss recovery rights, shall not relieve the plan participant of his/her obligation to reimburse the Plan in the full amount of the Plan's rights.

Severability

In the event that any section of these provisions is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of the Plan. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the plan.

Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one plan. Plan is defined below.

The order of benefit determination rules governs the order in which each plan will pay a Claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accord with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans' equal 100 percent of the total allowable expense.

Definitions

- (a) A "plan" is any of the following that provides benefits or services for medical dental, or vision care or Treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - (1) Plan includes: group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; a vision benefit plan that provides coverage for vision or eye care expenses; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in force policies; uninsured (i.e., self-funded or self-insured) arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and Medicare or other governmental benefits, as permitted by law.
 - (2) Plan does not include: disability income protection coverage; workers' compensation insurance coverage; Hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and Custodial Care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable Deductible.

Each contract for coverage under (a)(1) or (a)(2) is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

- (b) "This plan" means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies, and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with like benefits, and may apply other separate COB provisions to coordinate other benefits.

The order of benefit determination rules determines whether this plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits equal 100 percent of the total allowable expense.

- (c) "Allowable expense" is a health care expense, including Deductibles, Coinsurance, and Copayments, which is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a health care provider or Physician by law or in accord with a contractual agreement is prohibited from charging a Member is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semi-private Hospital room and a private Hospital room is not an allowable expense, unless one of the plans provides coverage for private Hospital room expenses.
 - (2) If a person is covered by two or more plans that do not have negotiated fees and compute their benefit payments based on the usual and customary fees, allowed amounts, or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
 - (3) If a person is covered by two or more plans that provide benefits or services based on negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
 - (4) If a person is covered by one plan that does not have negotiated fees and that calculates its benefits or services based on usual and customary fees, allowed amounts, relative value schedule reimbursement methodology, or other similar reimbursement methodology, and another plan that provides its benefits or services based on negotiated fees, the primary plan's payment arrangement must be the allowable expense for all plans. However, if the health care provider or Physician has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the health care provider's or Physician's contract permits, the negotiated fee or payment must be the allowable expense used by the secondary plan to determine its benefits.
 - (5) The amount of any benefit reduction by the primary plan because a Member has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, prior authorization of admissions, and preferred health care provider and Physician arrangements.
- (d) "Allowed amount" is the amount of a billed charge that a carrier determines to be covered for services provided by a nonpreferred health care provider or Physician. The Allowed Amount includes both the carrier's payment and any applicable Deductible, Copayment, or Coinsurance amounts for which the insured is responsible.
 - (e) "Closed panel plan" is a plan that provides health care benefits to Members primarily in the form of services through a panel of health care providers and Physicians that have contracted with or are employed by the plan, and that excludes coverage for services provided by other health care providers and Physicians, except in cases of emergency or referral by a panel member.

- (f) "Custodial parent" is the parent with the right to designate the primary residence of a child by a court order under the Texas Family Code or other applicable law, or in the absence of a court order, is the parent with whom the child resides more than one-half of the Year, excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

- (a) The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.
 - (b) Except as provided in (c), a plan that does not contain a COB provision that is consistent with this policy is always primary unless the provisions of both plans state that the complying plan is primary.
 - (c) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
 - (d) A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
 - (e) If the primary plan is a closed panel plan and the secondary plan is not, the secondary plan must pay or provide benefits as if it were the primary plan when a Member uses a noncontracted health care provider or Physician, except for emergency services or authorized referrals that are paid or provided by the primary plan.
 - (f) When multiple contracts providing coordinated coverage are treated as a single plan for the purposes of COB, this section applies only to the plan, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan must be responsible for the plan's compliance with this subchapter.
 - (g) If a person is covered by more than one secondary plan, the order of benefit determination rules of this subchapter decides the order in which secondary plans' benefits are determined in relation to each other. Each secondary plan must take into consideration the benefits of the primary plan or plans and the benefits of any other plan that, under the rules of this contract, has its benefits determined before those of that secondary plan.
 - (h) Each plan determines its order of benefits using the first of the following rules that apply.
- (1) Nondependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, Member, policyholder, Subscriber, or retiree, is the primary plan, and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent, then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, Member, policyholder, Subscriber, or retiree is the secondary plan and the other plan is the primary plan. An example includes a retired employee.

- (2) Dependent Child Covered Under More Than One Plan. Unless there is a court order stating otherwise, plans covering a dependent child must determine the order of benefits using the following rules that apply.
- (A) For a dependent child, whose parents are married or are living together, whether they have ever been married:
- i. The plan of the parent whose birthday falls earlier in the year is the primary plan; or
 - ii. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- (B) For a dependent child, whose parents are divorced, separated, or not living together, whether they have ever been married:
- i. if a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree.
 - ii. if a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of (h)(2)(A) must determine the order of benefits.
 - iii. if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of (h)(2)(A) must determine the order of benefits.
 - iv. if there is no court order allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child is as follows:
 - (I) the plan covering the custodial parent.
 - (II) the plan covering the spouse of the custodial parent.
 - (III) the plan covering the noncustodial parent; then
 - (IV) the plan covering the spouse of the noncustodial parent.
- (C) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of (h)(2)(A) or (h)(2)(B) must determine the order of benefits as if those individuals were the parents of the child.
- (D) For a dependent child who has coverage under either or both parents' plans and has their own coverage as a dependent under a spouse's plan, (h)(5) applies.
- (E) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits must be determined by applying the birthday rule in (h)(2)(A) to the dependent child's parent(s) and the dependent's spouse.
- (3) Active, Retired, or Laid-off Employee. The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the plan that covers the same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.

- (4) COBRA or State Continuation Coverage. If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, Member, Subscriber, or retiree or covering the person as a dependent of an employee, Member, Subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.
- (5) Longer or Shorter Length of Coverage. The plan that has covered the person as an employee, Member, policyholder, Subscriber, or retiree longer is the primary plan, and the plan that has covered the person the shorter period is the secondary plan.
- (6) If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

Effect on the Benefits of this Plan

- (a) When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans are not more than the total allowable expenses. In determining the amount to be paid for any Claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the Claim equal 100 percent of the total allowable expense for that Claim. In addition, the secondary plan must credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
- (b) If a Member is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB must not apply between that plan and other closed panel plans.

Compliance with Federal and State Laws Concerning Confidential Information

Certain facts about health care coverage and services are needed to apply the COB rules and to determine benefits payable under this plan and other plans. Organization responsible for COB administration will comply with federal and state law concerning confidential information for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. Each person claiming benefits under this plan must give Organization responsible for COB administration any facts it needs to apply those rules and determine benefits.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this plan. If it does, Organization responsible for COB administration may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. Organization responsible for COB administration will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Organization responsible for COB administration is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid or any other person or organization that may be responsible for the benefits

or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

General Provisions

Assignment

All Benefits payable by the Issuer under this Plan and any amendment hereto are personal to the Member and are not assignable in whole or in part by the Member, but the Issuer has the right to make payment to a Hospital, Physician, or other provider (instead of to the Member) for covered benefits which they provide while:

- there is in effect between the Issuer and any such Hospital, Physician, or other provider, an agreement calling for the Issuer to make payment directly to them,
- if payment relates to an emergency or its attendant episode of care as required by law, or
- if payment relates to specialty or other healthcare services at the request of the Issuer or Physician or provider because the services are not reasonably available within the network.

In the absence of such direct payments by the Issuer to the Hospital, Physician, or other provider, the Issuer will pay to the Member and only the Member those benefits called for herein and the Issuer will not recognize a Member's attempted assignment to, or direction to pay, another.

Confidentiality

In accordance with applicable law, all records and information pertaining to the diagnosis, Treatment, or health of a Member, or to an application obtained from a Member, or received from any provider shall be held by the Issuer in confidence and shall not be disclosed to any person except:

- to the extent it is necessary to carry out the purpose of the Agreement and administer the Agreement.
- with a Member's express authorization; or
- when required or authorized by law, regulation, or court order; or
- in the event of claim or litigation between a Member and the Issuer.

More details about how We may use or disclose Member medical information can be found in Our Notice of Privacy Practices on Our website **BSWHealthPlan.com**.

Conformity with State Law

If it is determined by a regulatory or judicial body that any provision of the Agreement is not in conformity with the laws of the state of Texas, the Agreement shall not be rendered invalid, but instead will be construed and applied as if it were in full compliance with the laws of the state of Texas.

Modification of Agreement Terms

During the term of the Agreement and without Your consent or concurrence, the Agreement shall be subject to amendment, modification, or termination in accordance with any provision hereof; by mutual agreement between the Issuer and Contract Holder; or as required by law. By electing coverage pursuant to the Agreement or by accepting benefits hereunder, You and the Contract Holder agree to all terms, conditions, and provisions hereof.

Not a Waiver

The failure of the Issuer to enforce any provision of the Agreement shall not be deemed or construed to be a waiver of the enforceability of such provision. Similarly, the Issuer's failure to enforce any remedy arising

from a default under the terms of the Agreement shall not be deemed or construed to be a waiver of such default.

Notice

Any notice under the Agreement shall be given by United States Mail, postage prepaid, addressed as follows:

If to the Issuer:
Scott and White Health Plan d/b/a Baylor Scott & White Health Plan
1206 W. Campus Drive
Temple, Texas 76502

If to You:
To the latest address provided by You

If to a Contract Holder:
To the latest address provided by the Contract Holder.

Office of Foreign Assets Control (OFAC) Notice

Notwithstanding any other provisions of the Agreement or any requirement of Texas law, the Issuer shall not be liable to pay any Claim, provide any benefit, or take any other action to the extent that such payment, provision of benefit, or action would be in violation of any economic or trade sanctions of the United States of America, including, but not limited to, policies and regulations administered and enforced by the United States Treasury's Office of Foreign Assets Control (OFAC).

Records

The Issuer is entitled to maintain the records necessary to administer the Agreement. The Contract Holder and Members shall provide the information required by Us within a reasonable period. The records of the Contract Holder and Members which have a bearing on the Agreement shall be made available to Us for inspection at any reasonable time.

To the extent an appropriate determination is dependent upon requested information, the Issuer shall not be required to discharge an obligation under the Agreement until requested information has been received by in acceptable form. Incorrect information furnished to the Issuer may be corrected without the Issuer invoking any remedies available to it under the Agreement or at law provided the Issuer shall not have relied upon such information to its detriment.

Subject to all applicable confidentiality requirements, We are entitled to receive a Member's information from any Physician or provider of health care in connection with the administration of the Agreement. By accepting benefits under the Agreement, You authorize every Physician or provider rendering health care to a Member to disclose, as permitted by law, all information and records pertaining to a Member's care, Treatment and physical condition to Us, any other Physician or provider who is a Participating Provider, or referral Physician rendering services to a Member, and to render reports and permit copying of such records and reports by Us or other such Physicians and providers.

Recovery

If any action at law or in equity is brought to enforce or interpret the provisions of the Agreement, the prevailing party shall be entitled to recover its costs and expenses associated with such action (including, but not limited to, reasonable attorney's fees), in addition to any other relief to which the party may be entitled.

The Issuer is also entitled to recover from Contract Holder, Subscriber or Member any overpayment or other inappropriate payment, including, but not limited to, a payment for non-covered services rendered to a person who was ineligible for group coverage at the time services were provided (collectively, "excess payments"). Failure by the Contract Holder, Subscriber or Member to remit any excess payments to the Issuer may result in legal action by the Issuer.

Severability

In the event of the unenforceability or invalidity of any section or provision of the Agreement, such section or provision shall be enforceable in part to the fullest extent permitted by law, and such invalidity or unenforceability shall not otherwise affect any other section of the Agreement, and the Agreement shall otherwise remain in full force and effect.

Venue

The Agreement shall be governed by the laws of the State of Texas, and federal laws where applicable. Any action at law or in equity, including any suit to enforce any of the terms, conditions, rights, or privileges under the Agreement, shall be brought in a court located within the BSWHP Service Area.

Required Notices

Your rights with a Health Maintenance Organization (HMO) plan - 28 TAC §11.1612(c)

Notice from the Texas Department of Insurance

Your plan

Your HMO plan contracts with doctors, facilities, and other health care providers to treat its members. Providers that contract with your health plan are called "contracted providers" (also known as "in-network providers"). Contracted providers make up a plan's network. Your plan will only pay for health care you get from doctors and facilities in its network. However, there are some exceptions, including for emergencies, when you didn't pick the doctor, and for ambulance services.

Your plan's network

Your health plan must have enough doctors and facilities within its network to provide every service the plan covers. You shouldn't have to travel too far or wait too long to get care. This is called "network adequacy." If you can't find the care you need, ask your health plan for help. You have the right to receive the care you need under your in-network benefit.

If you don't think the network is adequate, you can file a complaint with the Texas Department of Insurance at www.tdi.texas.gov or by calling 800-252-3439.

List of doctors

You can get a directory of health care providers that are in your plan's network.

You can get the directory online at **BSWHealthPlan.com** or by calling **844.633.5325**.

If you used your health plan's directory to pick an in-network health care provider and they turn out to be out-of-network, you might not have to pay the extra cost that out-of-network providers charge.

Bills for health care

If you got health care from a doctor that was out-of-network when you were at an in-network facility, and you didn't pick the doctor, you won't have to pay more than your regular copay, coinsurance, and deductible. Protections also apply if you got emergency care at an out-of-network facility or lab work or imaging in connection with in-network care. If you get a bill for more than you're expecting, contact your health plan. Learn more about how you're protected from surprise medical bills at www.tdi.texas.gov.

Mastectomy or Lymph Node Dissection - 28 TAC §21.2106(b)(1)

Minimum Inpatient Stay: If due to treatment of breast cancer, any member covered by this plan has either a mastectomy or a lymph node dissection, this plan will provide coverage for inpatient care for a minimum of:

- 48 hours following a mastectomy; and
- 24 hours following a lymph node dissection.

The minimum number of inpatient hours is not required if the member receiving the treatment and the attending physician determine that a shorter period of inpatient care is appropriate.

Prohibitions: We may not (a) deny any member eligibility or continued eligibility or fail to renew this plan solely to avoid providing the minimum inpatient hours; (b) provide money payments or rebates to encourage any member to accept less than the minimum inpatient hours; (c) reduce or limit the amount paid to the attending physician, or otherwise penalize the physician, because the physician required a member to receive the minimum inpatient hours; or (d) provide financial or other incentives to the attending physician to encourage the physician to provide care that is less than the minimum hours.

Coverage and/or Benefits for Reconstructive Surgery After Mastectomy - Enrollment - 28 TAC §21.2106(b)(2)

Coverage and/or benefits are provided to each member for reconstructive surgery after mastectomy, including:

- All stages of the reconstruction of the breast on which mastectomy has been performed.
- Surgery and reconstruction of the other breast to achieve a symmetrical appearance; and
- Prostheses and treatment of physical complications, including lymphedemas, at all stages of mastectomy.

The coverage and/or benefits must be provided in a manner determined to be appropriate in consultation with the member and the attending physician.

Deductibles and copayment amounts will be the same as those applied to other similarly covered inpatient hospital expenses or medical-surgical expenses, as shown on the Schedule of Benefits.

Prohibitions: We may not (a) offer the member a financial incentive to forego breast reconstruction or waive the coverage and/or benefits shown above; (b) condition, limit, or deny any member's eligibility or continued eligibility to enroll in the plan or fail to renew this plan solely to avoid providing the coverage and/or benefits shown above; or (c) reduce or limit the amount paid to the physician or provider, nor otherwise penalize, or provide a financial incentive to induce the physician or provider to provide care to a member in a manner inconsistent with the coverage and/or benefits shown above.

Coverage and/or Benefits for Reconstructive Surgery After Mastectomy - Annual - 28 TAC §21.2106(b)(3)

Your contract, as required by the federal Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

Examinations for Detection of Prostate Cancer - 28 TAC §21.2106(b)(4)

Benefits are provided for each male member for an annual medically recognized diagnostic examination for the detection of prostate cancer. Benefits include:

- A physical examination for the detection of prostate cancer; and
- A prostate-specific antigen test for each covered male who is:
 - o At least 50 years of age; or
 - o At least 40 years of age with a family history of prostate cancer or other prostate cancer risk factor.

Inpatient Stay Following Birth of a Child - 28 TAC §21.2106(b)(5)

For each member covered for maternity/childbirth benefits, we will provide inpatient care for the mother and her newborn child in a health care facility for a minimum of:

- 48 hours following an uncomplicated vaginal delivery; and
- 96 hours following an uncomplicated delivery by cesarean section.

This benefit does not require a female member who is eligible for maternity/childbirth benefits to (a) give birth in a hospital or other health care facility; or (b) remain in a hospital or other health care facility for the minimum number of hours following birth of the child.

If a covered mother or her newborn child is discharged before the 48 or 96 hours have expired, we will provide coverage for post-delivery care. Post-delivery care includes parent education, assistance and training in breast-feeding and bottle-feeding and the performance of any necessary and appropriate clinical tests. Care will be provided by a physician, registered nurse or other appropriately licensed health care provider, and the mother will have the option of receiving the care at her home, the health care provider's office, or a health care facility.

Prohibitions: We may not (a) modify the terms of this coverage based on any member requesting less than the minimum coverage required; (b) offer the mother financial incentives or other compensation for waiver of the minimum number of hours required; (c) refuse to accept a physician's recommendation for a specified period of inpatient care made in consultation with the mother if the period recommended by the physician does not exceed guidelines for prenatal care developed by nationally recognized professional associations of obstetricians and gynecologists or pediatricians; (d) reduce payments or reimbursements below the usual and customary rate; or (e) penalize a physician for recommending inpatient care for the mother or the newborn child.

Coverage for Tests for Detection of Colorectal Cancer - 28 TAC §21.2106(b)(6)

Benefits are provided, for each member in the plan who is 45 years of age or older and at normal risk for developing colon cancer, for expenses incurred in conducting a medically recognized screening examination for the detection of colorectal cancer. Benefits include the member's choice of:

- A fecal occult blood test performed annually, and a flexible sigmoidoscopy performed every five years, or
- A colonoscopy is performed every 10 years.

Coverage of Tests for Detection of Human Papillomavirus, Ovarian Cancer, and Cervical Cancer - 28 TAC §21.2106(b)(7)

Coverage is provided, for each woman enrolled in the plan who is 18 years of age or older for expenses incurred for an annual, medically recognized diagnostic examination for the early detection of ovarian and cervical cancer. Coverage required under this section includes a CA 125 blood test and, at a minimum, a

conventional pap smear screening or a screening using liquid- based cytology methods, as approved by the FDA, alone or in combination with a test approved by the FDA for the detection of the human papillomavirus.

Coverage for Acquired Brain Injury – 28 TAC §21.3107(a)

Your health benefit plan coverage for an acquired brain injury includes the following services when they are medically necessary:

- Cognitive rehabilitation therapy
- Cognitive communication therapy
- Neurocognitive therapy and rehabilitation
- Neurobehavioral, neurophysiological, neuropsychological, and psychophysiological testing and treatment
- Neurofeedback therapy and remediation
- Post-acute transition services and community reintegration services, including outpatient day treatment services or other post-acute-care treatment services.
- Reasonable expenses related to periodic reevaluation of the care of an individual covered under the plan who has incurred an acquired brain injury, has been unresponsive to treatment, and becomes responsive to treatment at a later date, at which time the cognitive rehabilitation services would be a covered benefit.

The fact that an acquired brain injury does not result in hospitalization or acute-care treatment does not affect the right of the insured or the enrollee to receive the preceding treatments or services commensurate with their condition. Post-acute-care treatment or services may be obtained in any facility where those services may legally be provided, including acute or post-acute rehabilitation hospitals and assisted living facilities regulated under the Health and Safety Code.

COVID-19

Scott and White Health Plan d/b/a Baylor Scott & White Health Plan will not require a prospective or current member to provide any documentation certifying receiving a COVID-19 vaccination or post-transmission recovery as a condition for obtaining coverage or receiving benefits under this plan.

If any member has questions concerning the above, please call us at **844.633.5325** or write to us at 1206 W. Campus Drive, Temple, Texas 76502.

Small Group Point of Service Rider

In consideration of the Required Payments, We add this Point of Service (POS) Rider, and benefits it provides, to the Evidence of Coverage, Schedule of Benefits and HMO Riders (collectively, "HMO Plan"). All provisions of the HMO Plan apply to this Rider unless this Rider provides otherwise.

POS Rider Definitions

Coinsurance means the percentage, if any, shown in the POS Schedule of Benefits, of the Usual and Customary Rate payable for benefits for which the Member is responsible.

Point of Service (POS) means an arrangement under which a Member chooses to obtain benefits through an HMO Network or a Non-Participating Provider outside of the HMO Network.

POS Benefits means covered benefits provided by Non-Participating Providers unless such benefits would otherwise be covered under the HMO Plan.

POS Deductible means the dollar amount, if any, shown in the POS Schedule of Benefits payable by the Member for covered benefits before the Plan provides payment for those benefits under the POS Rider.

POS Benefits

To understand the benefits available under this POS Rider, Members should first review the HMO Plan, this Rider, and the POS Schedule of Benefits.

The HMO Plan will help identify what types of benefits are covered, when and how each benefit will be covered, and how Members can receive benefits. The Section entitled **Exclusions and Limitations** of the Evidence of Coverage describes the types of illness, sickness and services that are not covered by the Agreement.

While the HMO Plan provides Members with care from Participating Providers, the POS Rider provides Members with access to care from Non-Participating Providers. The POS Schedule of Benefits identifies Your Copayments, Coinsurance and Deductibles, if any, and other expenses You are responsible to pay.

We will pay up to the Usual and Customary Rate for covered benefits incurred by Members as a direct result of injury or sickness after satisfaction of any applicable Copayments, Coinsurance and Deductibles. Coinsurance percentages are calculated from the Usual and Customary Rate for covered benefits. If a Non-Participating Provider's billed charges exceed the Usual and Customary Rate, in addition to Deductibles, Copayments and Coinsurance, You may be fully liable to the Non-Participating Provider for the difference between billed charges and the Usual and Customary Rate. Such payments will not exceed any applicable maximum shown in the POS Schedule of Benefits. All benefits are subject to the limitations and exclusions described in this Rider and the HMO Plan.

Allocation of Benefits and Limitations Between HMO and POS

In addition to benefits under the HMO Plan, this Rider provides coverage for POS benefits under the following conditions:

- If a Member does not receive Treatment from a Participating Provider, benefits may be available under this Rider.
- Covered HMO benefits and POS benefits that a Member receives do not duplicate each other.
- Members cannot receive HMO benefits and POS benefits for the same service.
- When calculating POS benefit limits, the Member's HMO benefits, and POS benefits will both be allocated against the POS benefit limits.
- When calculating HMO benefit limits, the Member's HMO benefits will be included. The Member's POS benefits will not be included in calculating HMO benefit limits.

Application and Required Payments

Deductibles and Copayments paid for HMO benefits by the Member may be Out of Pocket Expenses to be applied to the Maximum Out of Pocket under the HMO Plan. Deductibles and Copayments paid for HMO benefits do not count as satisfying the Member's POS Deductible, or Maximum Out of Pocket under this POS Rider.

Deductibles, Coinsurance or Copayments paid for POS benefits by the Member may be Out of Pocket Expenses to be applied to the Maximum Out of Pocket under the HMO Plan and will apply to the annual Maximum Out of Pocket limits for this POS Rider. Deductibles and Copayments paid for POS benefits also count as satisfying the Member's HMO Deductible, if any.

POS Claim Filing

Necessity of Filing Claims

For POS Benefits, you may file a Claim for reimbursement directly with the Issuer or assign the rights and benefits of this Rider to Non-Participating Providers.

Failure to File Claim Within 90-Days

Failure to submit written proof of and Claim for payment within the ninety (90) day period shall not invalidate or reduce the Member's entitlement to reimbursement provided it was not reasonably possible for the Member to submit such proof and Claim within the time allowed and written proof of and Claim for payment were filed as soon as reasonably possible.

Written proof and Claim for payment submission should consist of itemized receipts containing:

- Name and address where benefits were received.
- Date the benefit was provided.
- Amount paid for the benefit, and
- Diagnosis for visit.

Claims for reimbursement should be sent to:

Scott and White Health Plan dba Baylor Scott & White Health Plan
Attn: Claim Department
1206 W. Campus Drive Temple, TX 76502

In no event will the Issuer have any obligation under the Agreement if such proof of and Claim for payment is not received by the Issuer within one (1) year of the date the benefits were provided to the Member.

Preauthorization Penalty

For a complete list of benefits that are subject to Preauthorization, visit Our website at **BSWHealthPlan.com** or call Us at **844.633.5325**. Failure to obtain Preauthorization of benefits, other than Emergency Care, will result in a penalty of the lesser of \$500 or 50% reduction in benefits.

How you're protected if your life or health insurance company fails

The Texas Life and Health Insurance Guaranty Association protects you by paying your covered claims if your life or health insurance company is insolvent (can't pay its debts). **This notice summarizes your protections.**

The Association will pay your claims, with some exceptions required by law, if your company is licensed in Texas and a court has declared it insolvent. You must live in Texas when your company fails. If you don't live in Texas, you may still have some protections.

For each insolvent company, the Association will pay a person's claims only up to these dollar limits set by law:

- **Accident, accident and health, or health insurance (including HMOs):**
 - Up to \$500,000 for health benefit plans, with some exceptions.
 - Up to \$300,000 for disability income benefits.
 - Up to \$300,000 for long-term care insurance benefits.
 - Up to \$200,000 for all other types of health insurance.
- **Life insurance:**
 - Up to \$100,000 in net cash surrender or withdrawal value.
 - Up to \$300,000 in death benefits.
- **Individual annuities:** Up to \$250,000 in the present value of benefits, including cash surrender and net cash withdrawal values.
- **Other policy types:** Limits for group policies, retirement plans and structured settlement annuities are in Chapter 463 of the Texas Insurance Code.
- **Individual aggregate limit:** Up to \$300,000 per person, regardless of the number of policies or contracts. A limit of \$500,000 may apply for people with health benefit plans.
- **Parts of some policies might not be protected:** For example, there is no protection for parts of a policy or contract that the insurance company doesn't guarantee, such as some additions to the value of variable life or annuity policies.

To learn more about the Association and your protections, contact:

Texas Life and Health Insurance Guaranty Association
1717 West 6th Street, Suite 230
Austin, TX 78703-4776

For questions about insurance, contact:

Texas Department of Insurance
P.O. Box 12030
Austin, TX 78711
1-800-252-3439 or www.tdi.texas.gov

Note: You're receiving this notice because Texas law requires your insurance company to send you a summary of your protections under the Texas Life and Health Insurance Guaranty Association Act (Insurance Code, Chapter 463). **There may be other exceptions that aren't included in this notice.** When choosing an insurance company, you should not rely on the Association's coverage. Texas law prohibits companies and agents from using the Association as an inducement to buy insurance or HMO coverage.

Chapter 463 controls if there are differences between the law and this summary.

Covered Prescription Drugs, Pharmaceuticals and Other Medications

The only Covered Prescription Drugs, pharmaceuticals, or other medications (referred to as "drug" or "drugs") covered under the Evidence of Coverage are those which, under Federal or State law, may be dispensed following a Prescription Order from a licensed Participating Health Professional with appropriate law enforcement agency registrations, which are prescribed by:

- A Participating Provider.
- In connection with Emergency Care Treatment, a Participating Provider or Participating Health Professional attending to a Member at an Emergency Care Facility.
- A Participating Health Professional to whom a Member has been referred to by a Participating Provider, which is used for the Treatment of an illness or injury covered under the Evidence of Coverage; or
- Filled through a Participating Pharmacy in accordance with the Evidence of Coverage.

As medically appropriate, the Medical Director may require the substitution of any Prescription Drug for another Prescription Drug or form of Treatment which, based upon the recommendations of the Pharmacy and Therapeutics Committee, and Our Medical Director's professional judgment, provides equal or better results at a lower cost.

Benefits for Medically Necessary Covered Prescription Drugs prescribed to treat a Member for an acute, chronic, disabling, or Life-Threatening Disease or Condition are available under the Evidence of Coverage if the Prescription Drug:

- has been approved by the Food and Drug Administration (FDA) for at least one indication; and
- is recognized for Treatment of the indication for which the drug is prescribed by the following:
 - o a standard reference compendium, or
 - o substantially accepted peer reviewed medical literature.

Refer to the Exclusions section of this Rider for details regarding pharmacy benefit exclusions.

Evidence Based Formulary

We provide coverage for Prescription Drugs in accordance with an evidence-based Formulary developed by Physicians and pharmacists comprising the Pharmacy and Therapeutics Committee. A Formulary is a list of Prescription Drugs for which We provide coverage. The Pharmacy and Therapeutics Committee meets at least quarterly to review the scientific evidence, economic data, and a wide range of other information about drugs for potential Formulary placement and coverage. Based upon that review, the committee selects the Prescription Drugs it believes to be the safest and most effective of those Prescription Drugs which meet the desired goals of providing appropriate therapy at the most reasonable cost. Once such determination is made, We may obtain or access contracts with the manufacturer of the Prescription Drugs for rebates. The committee will not select a Prescription Drug for the Formulary until enough clinical evidence is available to allow the committee to determine the drug's comparable safety and effectiveness. The committee defines this timeframe as at least one hundred eighty (180) days of availability. The committee determines which Prescription Drugs to add or delete, supply and dosage limitations, sequence of use, and all other aspects about Our Formulary. We will provide written notice of the modification to the Prescription Drug Formulary to the commissioner and each affected Member, not later than the 60th day before the date the modification is effective.

Request for Formulary Information

A Member may contact Us to find out if a specific Prescription Drug is on the Formulary. We must respond to the Member's request about the Prescription Drug Formulary no later than the third business day after the date of the request to disclose whether a specific Prescription Drug is on the Formulary. However, the presence of a Prescription Drug on a Formulary does not guarantee that the Member's Participating Provider will prescribe the drug for a medical condition or mental illness or that the Prescription Drug will be covered.

Formulary Lists

Copayments vary based upon the tier level a Prescription Drug has been placed on by Us. Prescription Drugs on Our Formulary, which are preferred generic Prescription Drugs, require the lowest Copayment. Prescription Drugs on Our Formulary, which are preferred Name Brand Prescription Drugs require an increased Copayment. If the negotiated cost or Usual and Customary Rate of a drug is less than the Copayment, the Member is only required to pay the lower cost. Name Brand Prescription Drugs with a generic equivalent may not be covered by Us and may require preauthorization. If a Member receives approval for a Name Brand Prescription Drug when a generic equivalent is available, the Member may pay the non-preferred copayment or the largest Copayment, depending on the Plan selected. Prescription Drugs, which are non-preferred, may not be covered by Us or may require the largest Copayment, depending on the Plan selected.

Prescription Drugs designated on the Formulary as Specialty Drugs that are dispensed at a Participating Pharmacy and self-administered or administered in the office of a Participating Provider may be covered under the Evidence of Coverage, subject to the Specialty Pharmacy Copayments, Cost Share, and Deductibles indicated in the Schedule of Benefits.

Prescription Drugs on Our Formulary may require Preauthorization by Our Medical Director or be subject to coverage requirements.

If a Prescription Drug appeared on Our Formulary at the beginning of the Member's Plan Year, We shall make such Prescription Drug available at the contracted benefit level until the end of the Plan Year, regardless of whether the Prescription Drug has been removed from Our Formulary.

Prescription Drugs not listed on Formulary may be covered if:

- The drug is not excluded from coverage.
- The drug is Medically Necessary.
- The Formulary alternatives have been tried but were insufficient to treat the Member's condition, or there are clinically significant reasons why the Formulary alternatives would not be appropriate.

To request coverage for a non-formulary medication, A Member, or the prescribing Participating Provider or Participating Health Professional must submit a request for Preauthorization to the Utilization Review Agent for consideration of coverage. If an Adverse Determination is issued, the Member has the right to appeal. Refer to **BSWHealthPlan.com** for details regarding the appeal submission process for pharmacy benefit drugs.

Specialty Drugs

Most Specialty Drugs obtained under the pharmacy benefit must be dispensed from one of the Participating Specialty Pharmacy Providers. Specialty Drugs dispensed by a Participating Specialty Pharmacy Provider will be subject to the Formulary Copayment for Specialty Drugs specified in the Schedule of Benefits. Failure to obtain Specialty Drugs from the Participating Specialty Pharmacy Provider may result in denial of coverage for the Specialty Drug. A Member may contact Us to obtain a copy of the Specialty Drugs which must be obtained from the Participating Specialty Pharmacy Providers. Specialty Drugs may require Preauthorization by a Medical Director or be subject to coverage requirements.

Authorization Requirements

Certain medications have restrictions in place to ensure they are being used appropriately and safely. Such restrictions may include:

- Quantity limits on the amount of a Prescription Drug the Member can receive over a period.
- Step therapy requiring trial of an alternative Prescription Drug(s) before a Prescription Drug is covered.
- Preauthorization requires the provider to submit documentation that the Prescription Drug is Medically Necessary before a Prescription Drug is covered.

Coverage of Prescription Drugs for stage-four advanced, metastatic cancer and associated conditions will not require that the Member fail to successfully respond to a different drug or prove a history of failure of a different drug. This applies only to a drug the use of which is:

- consistent with best practices for the treatment of stage-four advanced, metastatic cancer or an associated condition,
- supported by peer-reviewed, evidence-based literature, and
- approved by the United States Food and Drug Administration.

Coverage of Prescription Drugs for Serious Mental Illness will not require that the Member who is eighteen (18) years of age or older fail to respond to more than one (1) different drug for each drug prescribed, excluding generic or pharmaceutical equivalents for the prescribed drug. For continued coverage of a prescribed drug, once in a Calendar Year, a Plan may implement a step therapy protocol to require a trial of a generic or pharmaceutical equivalent of a prescribed Prescription Drug if the generic or pharmaceutical equivalent is added to the Plan's Formulary.

No more than one (1) preauthorization per Member annually per Prescription Drug is required to fulfill a Prescription Drug to treat an autoimmune disease, hemophilia, or Von Willebrand disease. This does not apply to:

- opioids, benzodiazepines, barbiturates, or carisoprodol,
- prescription drugs that have a typical treatment period of less than twelve (12) months,
- drugs that:
 - o have a boxed warning assigned by the United States Food and Drug Administration for use; and
 - o must have specific provider assessment; or
- the use of a drug approved for use by the United States Food and Drug Administration in a manner other than the approved use.

If an Adverse Determination is issued for coverage of a Prescription Drug or quantity of Prescription Drug, the Member and the Member's Participating Provider or Participating Health Professional may Appeal the denial. Refer to **BSWHealthPlan.com** for details regarding the appeal submission process for pharmacy benefit drugs. The Member's Participating Provider or Participating Health Professional may submit a request for an exception to step therapy protocol. If a step therapy exception request is not denied within seventy-two (72) hours of the request, the request will be considered granted. If the prescribing Participating Provider or Participating Health Professional feels that a denial of the step therapy exception request would result in death or serious harm, the request will be considered granted if not denied within twenty-four (24) hours of the request.

Prescription Drug Refill

Refills of a Prescription Drug will not be covered until the Member is reasonably due for a refill as calculated based upon the Prescription Drug being taken at the prescribed dosage and appropriate intervals.

Refills of prescription eye drops to treat chronic eye disease are allowed if:

- the original Prescription Order states that additional quantities of eye drops are needed.
- the refill does not exceed the total quantity of dosage units authorized by the prescribing

Participating Provider or Participating Health Professional on the original prescription, including refills; and

- the refill is dispensed on or before the last day of the prescribed dosage period; and
 - o not earlier than the 21st day after the date a prescription for a 30-day supply of eye drops is dispensed.
 - o not earlier than the 42nd day after the date a prescription for a 60-day supply of eye drops is dispensed.
 - o not earlier than the 63rd day after the date a prescription for a 90-day supply of eye drops is dispensed.

Maintenance Prescription Drugs

Prescription Drugs taken for chronic conditions as defined by Us are designated as maintenance Prescription Drugs and will be considered for Medical Synchronization as follows:

- Meet Preauthorization criteria.
- Used for Treatment and management of a chronic illness.
- May be prescribed with refills.
- A formulation that can be effectively dispensed in accordance with the Medication Synchronization Plan.
- Not a Schedule II or III controlled substance, and
- May qualify for synchronizing refills and pro-rated Cost Sharing amounts for partial supplies of certain medications.

Primary Benefit Limit, and Primary and Secondary Benefit Levels

The Primary Benefit Level is the benefit level at which the Primary Benefit Level Copayments for prescription drugs stated in the Schedule of Benefits apply once you have satisfied the Prescription Drug Rider Deductible, if applicable.

The Secondary Deductible is the dollar amount, if any, shown in the Schedule of Benefits that you must satisfy for Prescription Drugs after the Primary Benefit Level has been exceeded before the Secondary Benefit Level Copayment will apply.

The Secondary Benefit Level is the benefit level at which the Secondary Copayments for Prescription Drugs stated in the Schedule of Benefits apply once you have exceeded the Primary Benefit Level Limit and satisfied the Secondary Deductible, if applicable.

Once the amount of Prescription Drugs received by a Member exceeds the Primary Benefit Limit, and the Member satisfies the Secondary Deductible, then the Secondary Benefit Level Copayments stated in the Schedule of Benefits will apply.

Copayment and Deductible

A Member must pay the Copayment for each Prescription Drug based on the quantity and days' supply dispensed as stated in the Schedule of Benefits. Any Deductible, and/or Copayments for Prescription Drugs shall be considered Out of Pocket Expenses for purposes of meeting the Member's Maximum Out of Pocket. The amount a Member pays for a Prescription Drug will not be more than the Copayment, as stated in the Schedule of Benefits, the contracted rate for the Prescription Drug, or the actual price of the Prescription.

We will apply any third-party payment, financial assistance, discount, product voucher, or other reduction of Out-of-Pocket Expenses for a Covered Drug to the Member's Deductible, Copayment, Cost Share, or Maximum Out-of-Pocket.

This only applies when:

- A generic or interchangeable product does not exist; or
- A generic or interchangeable product exists but the Member was approved by the health plan to use the drug.

Direct Member Reimbursement

When prescriptions are processed through the Member's Plan, there is a maximum contracted rate that can be charged by the Participating Pharmacy. When requesting reimbursement for Medically Necessary and covered medications purchased out-of-pocket by the Member, reimbursement is calculated based on the Participating Pharmacy's contracted rate less the Copayment and Deductible amounts due. Medications for which reimbursement is requested must still adhere to any coverage restrictions.

Oral Anticancer Medications

Oral anticancer medications, covered on a basis no less favorable than intravenously or injected cancer medications, are covered under the Specialty Drug benefit and are subject to the Cost Sharing amounts applied to Specialty Drugs in the Schedule of Benefits.

Split-Fill Program

Prescription Drugs included in the Split-Fill Program will be restricted to a 14/15-day supply for the first two (2) months of therapy for a new prescription and does not apply to members who are currently treated on therapy. Note that for Members with a Copayment, drugs included in the Split-Fill Program will be subject to 50% of the applicable Copayment amount as listed in the Schedule of Benefits. Following the first four (4) fills of a drug in the Split-Fill Program, Members continuing therapy may fill their prescription for a maximum day supply allowed per the Schedule of Benefits.

Discontinuance of Prescription Drugs or Intravenous Infusions

We shall provide notice of an Adverse Determination for a review of the provision of Prescription Drugs or intravenous infusions for which the Member is receiving covered benefits under the Evidence of Coverage not later than the 30th day before the date on which the provision of Prescription Drugs or intravenous infusions will be discontinued.

Exclusions

Pharmacy benefit excludes the following:

- Covered drugs, devices, or other pharmacy services which a Member may properly obtain at no cost through a local, state, or federal government program, except if provided through Medicaid or this exclusion is specifically prohibited by law.
- "Over-the-counter" drugs which do not require a Participating Provider or Participating Health Professional's Prescription Order for dispensing. The exception is insulin and if the drug is listed on Our Formulary.
- Anything which is not specified as covered or not defined as a drug, such as therapeutic devices, appliances, support garments, glucometers, asthma spacers and machines, including syringes (except disposable syringes for insulin dependent Members) unless listed on Our Formulary.
- Experimental or Investigational drugs or other drugs which, in the opinion of the Pharmacy and Therapeutics Committee or Medical Director, have not been proven to be effective. NOTE: Denials based upon Experimental or Investigational use are considered Adverse Determinations and are subject to the Appeal of Adverse Determination and Independent Review provisions of the Evidence of Coverage.
- Drugs not approved by the Food and Drug Administration for use in humans.
- Drugs not recognized by the Food and Drug Administration, standard drug reference compendium, or substantially accepted peer-reviewed medical literature for the condition, dose, route, duration, or frequency prescribed.

- Drugs used for cosmetic purposes.
- Drugs used for Treatments or medical conditions not covered by the Evidence of Coverage.
- Drugs used primarily for the Treatment of Infertility.
- Vitamins except if drug is listed on Our Formulary.
- Any initial or refill prescription dispensed more than one (1) year after the date of the Participating Provider or Participating Health Professional's Prescription Order.
- Except for medical emergencies, drugs not obtained at a Participating Pharmacy.
- Drugs given or administered to a Member while at a Hospital, Skilled Nursing Facility, or other Facility.
- A prescription that has an over-the-counter alternative.
- Initial or refill prescriptions the supply of which would extend past the termination of the Evidence of Coverage, even if the Participating Provider or Participating Health Professional's Prescription Order was issued prior to termination.
- Drugs for the Treatment of sexual dysfunction, impotence, or inadequacy; or,
- High-cost drugs that are chemically similar drugs and share the same mechanism of action to an existing, approved chemical entity and offer no significant clinical benefit.
- Drugs used for the treatment of obesity or weight reduction.
